- Account Number: Case 16-915-EL-ESS

COMPLAINT DESCRIPTION:

Sir/Madam, My name is Philip Griggs I live in a Hamilton County property that Duke Energy has an easement to trim trees under the power lines. Recently it has come to my notice that they are clear cutting and spraying with herbicide in a violation of the current paragraph F of the Overhead Electric Line Vegetation Management and are requesting a change via 16-915-EL-ESS to do to my neighborhood what they have already done to others. The mess they have left in other neighborhoods is a disgrace to the county and the state. Please contact Duke to prevent

them from damaging my property poisoning the yard so my grandchildren cannot play in it and polluting the stream at the edge that runs into the Little Miami river. My property value will go down and your property taxes will be reduced. We want Duke to continue to trim trees as they have done for the 30 years I have lived here, eliminate spraying with herbicides and obtain my permission before the work is done. Please send an inspector to review my situation. Thank you for your attention
