APPLICATION
OF
LYKINS OIL COMPANY DBA LYKINS ENERGY SOLUTIONS
TO
AMEND ITS ANNUAL REPORT FOR CALENDAR YEAR 2016

Lykins Oil Company dba Lykins Energy Solutions ("Lykins Energy") is authorized to provide electric marketer, power broker, and aggregation services in this state pursuant to Certificate No. 14-828E(2), which was issued by the Commission on June 27, 2016 in Case No. 09-14-0931-EL-CRS.

Pursuant to the Commission's February 1, 2017 entry in this docket, Lykins Energy filed its annual report for calendar year 2016 on May 24, 2017. However, as the result of a recent internal review, Lykins Energy has determined that it incorrectly reported its 2016 gross receipts. Accordingly, by this application, Lykins Energy requests leave to amend its 2016 annual report to correct this error.

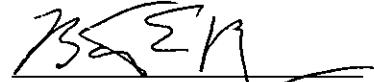

Upon approval of its application, Lykins will make arrangements with the Commission's Fiscal Office to submit the amended annual report electronically through via the Commission's web-based filing system for submitting annual reports.

Lykins Energy recognizes that the change in the reported 2016 gross receipts will affect the amount of the PUCO maintenance assessment due November 1, 2017. Lykins Energy will promptly remit the adjusted amount owed as determined by the Commission's Fiscal Office.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
