Re: In the Matter of the Application of Duke Energy Ohio, Inc. for an Increase in Electric Distribution Rates. Case No. 17-0032-EL-AIR, et al.

LEGAL NOTICE

The Public Utilities Commission of Ohio has scheduled local hearings and an evidentiary hearing in Case Nos. 17-32-EL-AIR, 17-33-EL-ATA, and 17-34-EL-AAM, *In the* Matter of the Application of Duke Energy Ohio, Inc., for an Increase in its Electric Distribution Rates; for Tariff Ap-proval; and for Approval to Change Accounting Methods. The local hearings are scheduled for the purpose of pro-viding an opportunity for interested members of the public to testify in these proceedings. The local hearings will be held as follows:

- (a) Monday, October 30, 2017, at 6:00 p.m., at Butter Technology and Career Development Schools, 3603 Hamilton-Middletown Road, Hamilton, Ohio 45011.
 (b) Thursday, November 2, 2017, at 12:30 p.m., Cincinnati City Hall, Council Chambers, 801 Plum Street, Cincinnati, Ohio 45202

at

The evidentiary hearing in this proceeding will commence on December 11, 2017, at 10:00 a.m., in Hearing Room 11A at the offices of the Commission, 180 East Broad Street, Columbus, Ohio 43215.

Duke seeks a rate increase that would generate approx-imately \$15,400,000 of additional revenue, or an increase of 3 percent over current revenue. After its review of Duke's records and application, the Staff of the Commis-sion recommended a revenue decrease in the range of \$18,357,786 to \$28,932,684, or a decrease of -3.77 per-cent to -5.94 percent over current revenue. The major issues raised in this case are:

- (a) Revenue requirements as impacted by rate base, operating income, and rate of return;
 (b) Incorporation of the SmartGrid revenue
- requirement into base rates; (c) Proposals regarding distribution grid
- modernization
- (d) Continuation of the capital investment rider; and
- (e) Establishment of a straight fixed variable rate de sign.

Further information may be obtained by contacting the Public Utilities Commission of Ohio, 180 East Broad Street, Columbus, Ohio 43215-3793, viewing the Com-mission's web page at <u>http://www.puco.ohio.gov</u> or con-tacting the Commission's hotline at 1-800-686-7826.

Survey: Problem gamblers in Ohio doubled after casinos

By Andrew We Huggins Associated Press

COLUMBUS, Ohio - The percentage of Ohioans deemed problem gamblers has doubled since the imple mentation of racinos and mentation of racinos and casinos five years ago, according to a survey released Wednesday whose results state lead-ers say they expected. The Obio Gambling Survey said 0.9 percent of residents or about 76.400 people are probof residents or about 76,400 people are prob-lem gamblers, up from 0.4 percent or about 46,200 in 2012. Overall, about one in 10 Ohioans is considered an at-risk erambler gambler. The \$1.3 million sur-The \$1.3 million sur-vey was a follow-up to one conducted in 2012 ahead of the implemen-tation of casinos and racinos, or horse tracks outfitted with video slot machines

gambling rate remains below the national aver-age of 2.2 percent, offi-cials say. Ohio's rate has grown

slowly and there's no reason to think it will reach the national aver age because of programs the state put in place carly dealing with education, treatment and prevention, said, Matt Schuler, Ohio Casino Control Commission executive director. "That has in many ways diven people "That has in many ways given people the tools they need to be able to determine whether they're having a gambling problem or at risk for a gambling prob-lem before it turns into a fall-blown gambling disorder," he said. Bet ting at eachore disorder," he saud. Betting at casinos and racinos and taking sports hets topped the list of problem gam-bling, followed by the Ohio lottery and the stock market, the surve said.

LEGAL NOTICE

LEGAL NOTICE The Public Utilities Commission of Ohio has scheduled Local hearings and an evidentiary hearing in case Nas. 17.32ELAR, 17.33ELATA, and 17.34ELAM, In the Matter of the Application of Duke Energy Ohio, Inc., for an Increase in its Electric Distribution Rates; for Tariff Approval; and for Approval to Change Accounting Methods. The local hearings are scheduled for the purpose of providing an apportunity for the interested members of the public to testify in these proceedings. The local hearings will be held as follows:

- (a) Monday, October 30, 2017, at 6:00 p.m., at Builer Technology and Career Development Schools, 3603 Hamilton-Middletown Road, Hamilton, Ohio 45011.
- (b) Thursday, November 2, 2017, at 12:30 p.m., at Cincinnati City Hall, Council Chambers, 801 Plum Street, Cincinnati, Ohio 45202

The evidentiary hearing in this proceeding will commence on December 11, 2017, at 10:00 a.m., in Hearing Room 11A at the offices of the Commission, 180 East Broad Street, Columbus, other 49316 Commission, Ohio 43215.

Duke seeks a rate increase that would generate approximately \$15,400,000 of additional revenue, approximately \$15,400,000 of additional revenue, or an increase of 3 percent over current revenue. After its review of Dute's records and application, the Staff of the Commission recommended a revenue decrease in the range of \$18,337,786 to \$28,932,684, or a decrease of 3.77 percent to 5.54 percent over current revenue. The major issues raised in the case are:

(a) Revenue requirements as impacted by rate (a) Revenue requirements as impostances by rates base, operating income, and rate return;
 (b) Incorporation of the SmartGrid revenue requirement into base rates;
 (c) Proposals regarding distribution grid modernization;

LEGAL NOTICE

The Public Utilities Commission of Ohio has scheduled local hearings and an evidentiary hearing in Case Nos. 17-32-EL-AIR, 17-33-EL-ATA, and 17-34-EL-AAM, In the Matter of the Application of Duke Energy Ohio, Inc., for an Increase in its Electric Distribution Rates; for Tariff Approval; and for Approval to Change Accounting Methods. The local hearings are scheduled for the purpose of providing an opportunity for interested members of the public to testify in these proceedings. The local hearings will be held as follows:

- (a) Monday, October 30, 2017, at 6:00 p.m., at Butler Technology and Career Development Schools, 3603 Hamilton-Middletown Road, Hamilton, Ohio 45011.
- (b) Thursday, November 2, 2017, at 12:30 p.m., at Cincinnati City Hall, Council Chambers, 801 Plum Street, Cincinnati, Ohio 45202

The evidentiary hearing in this proceeding will commence on December 11, 2017, at 10:00 a.m., in Hearing Room 11A at the offices of the Commission, 180 East Broad Street, Columbus, Ohio 43215.

Duke seeks a rate increase that would generate approximately \$15,400,000 of additional revenue, or an increase of 3 percent over current revenue. After its review of Duke's records and application, the Staff of the Commission recommended a revenue decrease in the range of \$18,357,786 to \$28,932,684, or a decrease of -3.77 percent to -5.94 percent over current revenue. The major issues raised in this case are:

- (a) Revenue requirements as impacted by rate base, operating income, and rate of return;
- (b) Incorporation of the SmartGrid revenue requirement into base rates;
- (c) Proposals regarding distribution grid modernization;
- (d) Continuation of the capital investment rider; and
- (e) Establishment of a straight fixed variable rate design.

Further information may be obtained by contacting the Public Utilities Commission of Ohio, 180 East Broad Street, Columbus, Ohio 43215-3793, viewing the Commission's web page at <u>http://www.puco.ohio.gov</u> or contacting the Commission's hotline at 1-800-686-7826. **A8**

HEALTHCARE

New doctors get training right where they're needed the most

California clinics aim to boost staff in underserved areas.

By Ana B. Ibarra and Heidi de Marco Tritaine News Service

BAKERSFIELD, CALIF. - Dr. Olga Meave didn't mind the dry, 105-degree heat that scorched this Central Valley

city on a recent afternoon. The sweltering summer days remind her of home in Sonora, Mexico. So do the people of the Valley - espe-cially the Latino first-generation immigrants pres-ent here in large numbers, toiling in the fields or pilot-ing big rigs laden with fruits and vegetables. Meave's sense of familiar-te active the section and it was

ity with the region and its res-idents drew her to an ambitious program in Balo whose goal is to train and retain doctors in medically underserved areas. She is now in her third and

final year of the Rio Bravo Family Medicine Residency Program, operated by Clin-ica Sterra Vista, a chain of more than 30 clinics, mostly in the Central Valley. Meave, 34, graduated from medical school in Mexico and has

pursued additional educa-tion and training in the U.S. She plans to practice in Bakersheid after she completes her residency next

The goal is for (doctors in training) to come for three years and stay for 20," said Carol Stewart, director of

Carol stewart, alrector of the program. Rio Bravo is one of eight teaching health centers in California and 57 nation-wide that were created by the Affordable Care Act in 2000 compared to be

the Affordable Care Act in 2010 to serve areas with large unmet medical needs. This academic year, there are 732 residents in teach-ing health centers across 24 states. Unlike the Affordable Care Act itself, these teaching cen-

Act itself, these teaching cen-ters enjoy bipartisan sup-port among federal lawmak-ers, who say such hubs will alleviate the primary care doctor shortnge. Bui long-term funding is still in ques-tion. Last week, Congress seved to temporarbiting. tion. Last week, Congress agreed to temporarily finance the teaching health centers through the end of the year while debating whether to extend funding beyond that. President Donald Trump later signed the temporary extension.

extension. A residency is a stage of graduate medical training that's required after medical school and before doctors can set up their own prac-

encited that someone from the same background is pro-viding them care." Teaching health centers are financed by federal grants administered by the Health Resources & Services Administration, part of the U.S. Department of Health

third-wear make

a pot of money adminis-tered by the Office of State-wide Health Planning and Development to pay for the remainder of the current methods to play for the residents' training.

Programs in other states may not have the same

safety net. "If (federal funding) went away, our residency pro-gram would have to close," said Dr. Darrick Nelson, director of the teaching

director of the teaching health center at Hidalgo Medical Services in Lords-burg, N.M. Lordsburg, with a popu-lation of roughly 2,500, is a "small railroad town, " Nel-son said, and like many rural

towns desperately needs ver-satile primary care doctors. "What you're getting is three doctors for the price of one," he said. "You get someone who can do p atrics, someone who can do obstetrical care and some-one who can do internal medicine.

In California's Central Valley, there is no medical school, and new doc-tors often avoid the area in favor of richer urban centers, where they can make

more money. Earlier this year, lawmakers earmarked \$465 million es the amount from the state's new tobacco tax to boost payments for some Medi-Cal providers, which could help make poor areas like the Central Valley more attractive to doctors

At Clinica Stera Vista's location in east Bakersfield, where Meave's residency is based, 75 percent of patients are covered by Medi-Cal_the state's version of the federal Medicaid program for low-in-come residents and 15 per-cent are uninsured, Stewart said. Asthma, diabetes and other chronic conditions are major health problems.

are major health problems. Veronica Ayon, a for-mer farmworker, is one of Meave's patients. Like her doctor, she is a native of Sonora. Ayon, 48, was treated for cervical cancer in 2010 and last year under-went surgery to remove a malignant brain tumor. She feels comfortable with Meave because of their sim-ilar backgrounds and lan-guage, she said. "She is very per resident. Lawmakers will debate the funding measure, and it is still subject to change. "I'm glad we moved for-ward with a short-term ward with a short-term extension of the ... program, but we also must advance a long-term solution to pro-vide certainty for our teach-ing health centers, their res-idents, and their patients," McMorris Rodgers said in a prepared statement. "With-out a sustainable funding level ... the program will unravel." guage, she said. "She is very special to me," Avon said, speaking in Spanish inside her home in the town of Shafter, about 20 miles north of Balter, about 20 miles north of Balte unravel." Should that happen, Cal-ifornia's teaching health centers could draw from

'They've never had a physical exam, never had their eyes checked. ... I think they feel happy that I can understand them and excited that someone from the same background is providing them care.' Dr. Olga Meave

state news in brief

OHIO

Chlorine leak at preschool's pool sends children to hospital

TOLEDO - Two children have been admitted to a hospital after a chlorine leak at a child care center's swimming pool. Fire officials in Toledo say five

preschool students were in the water when the leak was discovered Thursday morning at a swimming pool at the Catholic Club, a child care and family center run by the Catholic church.

A hospital spokeswoman says three of the five children and two adults were treated and released while the two other children will remain at the hospital. Their conditions weren't released.

Seven other children were treated at the child care and family center.

Toledo's fire chief says the leak came from a tank used to treat the swimming pool.

Grad student raising money to buy Annie Glenn childhood home

COLUMBUS - A New York graduate student interested in preserving the legacy of astronaut John Glenn and his wife, Annie, says he's working to raise enough private donations to purchase Annie Glenn's childhood home

Adam Sackowitz, 25, of Long Island, envisions maintaining the New Concord home as a museum.

Online property records show the 1,342-square-foot structure went into foreclosure and was offered for sale by a bank for \$60,000. Records say the house "has a lot of character" but needs "extensive repair."

An offer approaching \$99,000 is pending. Sackowitz says he's con-

cerned the deal won't preserve the home to honor Annie Glenn, who was widowed last year. A message was left with the listing agent. An image of the house from the

1940s appears in Ohio State University's John Glenn Archives.

Police: No signs of trauma on body of 17-year-oldi boy

CHILLICOTHE - Authorities say

the body of a 17-year-old high school senior has been found. The Chillicothe Gazette reports that Chillicothe police say no signs of trauma were found on Jason Bartley's body of the is une found Wide adver body after it was found Wednesday morning lying between a fence and garage. He was found by a school homeless coordinator searching for a different student who had run away and was thought to be living in the neighborhood.

Grief counselors were made available Thursday for students at Chillicothe High School and at the middle school Bartley's brother attends.

The Montgomery County Coro-ner's Office will conduct an autopsy to determine how the teen died.

Police: Gun discovered on elementary school 3rd-grader

MIDDLETOWN - Police say a gun has been found on a third-grader who told authorities he'd been bullied at school

Middletown police say the gun was found Monday on a 9-year-old boy after a teacher noticed a bulge in his pocket. Police say the boy grabbed at the teacher's arm when she reached for the gun.

The boy was taken to a juvenile justice center by police. It's unclear if
