My complaint is against Duke Energy of Cincinnati, OH.

Duke Energy is negatively impacting the property values of our homes in Symmes Township and the City of Montgomery (which includes 180 single family homes, 3 apartment buildings and 31 condos). They are doing this by clear cutting and obliterating (vs trimming) all trees located within a 100 foot right-of-way under the Transmission wires.

My complaint is that Duke is failing to adhere to what is permissible in the language of the Grant of Easement (written in 1951) that is associated with these properties. They are also surpassing requirements by PUCO as described in: Section F (Right of Way Vegetation Management) of its **Programs For Inspection, Maintenance, Repair and Replacement of Distribution and Transmission Lines 4901:1-10-27(E)(1)**

Citizens of Symmes Township and City of Montgomery would like PUCO to stop Duke from taking this excessive and unnecessary action to clear cut trees and we want PUCO to stop Duke Energy from using toxic herbicides on our properties.

Please see attached Grant of Easement.

Thank you,

Steve Kalin

PS I have been a resident of Terwilligers Run in Montgomery for 27 years. One of the maintain attractions was the beautiful wooded lots. Historically Duke has trimmed the trees maintaining the rich integrity of our wooded development. Now Duke wants to clear-cut in a large segment of our development and apply harsh herbicides. This would destroy the beauty of our development. I am requesting P.U.C.O. to communicate over ↓

with Duke and revert back to the trimming
practices of old. If the clear cut is allowed
it will degrade our development, significantly
reduce land values, and create conditions for
soil erosion.

Respectfully Yours,
Stuart Kalin
