Re: Rob Porter  
3639 Wilshire Ave

Cincinnati, OH 45208

Docketing Case No.: 17-32-EL-AIR

Notes:

case #: 17-32 Duke Energy's proposed increase to its base customer fee would represent a hardship to lower income and fixed income individuals. It is also not fair to penalize those that have invested in environmentally conscious technology and hence use less electricity. Why should they pay more when they have went through the time and expense to use less electricity. Every other industry that does not enjoy a monopoly has to become more efficient and bring costs down to survive. We should make sure Duke Energy has some of the same spirit instead of looking for additional "costs" to pass on to their captive audience. Rob Porter Cincinnati, OH 10/30/17
