COMPLAINT DESCRIPTION:

Tell PUCO how paying another \$201 to Duke will affect you at these hearings. I cannot attend the hearings. I have an all electric home and am over 65. There is no justification for this kind of rate increase!!

COMMENT DESCRIPTION:

Duke Energy also charges a \$72 "customer fee" every year for each household regardless of electricity usage. Now they want to raise that fee to \$273.24 per year, even as they are lowering fees for business customers and making generous profits. This is unjustified and I oppose this proposed increase in fees with no basis on electricity usage.

How unfair to impose these financial restrictions on residential accounts and give a break to commercial accounts. Commercial accounts are not on restricted finances. This needs STOPPED!!!!

COMMENT DESCRIPTION:

I am strongly opposed to the more than threefold increase in fixed charges Duke Energy wants to add to my electric bill. I am an extremely frugal senior citizen with a below average income, and it is difficult for me to afford household necessities as it is. We should not be charged over two hundred dollars per year for electric service before we even turn a switch on! Please do not allow this increase in fixed charges. Thank you.

The custome is calling about 17-32-EL-AIR raising their customer charge from 6.00 to 24.00. The fixed prices are hurting people with a fixed income. He is not in agreement. He's been on social security for 14 yrs and has not gotten a raise at all.
