COMPLAINT DESCRIPTION:

Heard that Duke Energy wants to increase out rates by 300%!!! This is outrageous!! We need to get rid of Duke Energy. First, they want to run a high energy transmission gas line right through a heavily populated suburban area and now they are having to rethink that because the route they chose runs by a toxic waste dump!!!! This just shows how incompetant they are. Now because they can't raise our rates due to the gas line they want to go ahead and raise them anyway. This is out and out highway robbery. I, like so many other seniors, am on a fixed income and can't afford higher gas and electric rates. Please do not let Duke get away with this!
