Duke Energy

To whom it may concern:

My name is Jack C. Daugherty, address 8669 Totempole Drive. Cincinnati, Ohio 45249.

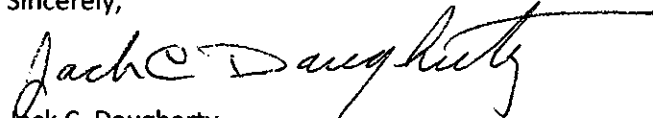

Phone # 513-235-8469

This letter is written in reference to your current project of clearing vegetation under power lines. My property will be affected by this, and I have raised concern that the crew from Michigan is being much more aggressive than any time in the past. They are cutting everything to the ground even when it is outside of the measurements. I have also been told that they will be using an industrial vegetation killer to apply to bushes etc., that have been cut down so they do not re grow.

I am very concerned about losing trees for an unnecessary reason but must protest loudly when it comes to applying the vegetation killer. I have a granddaughter who has been ill most of her 5 years with food allergies, allergies and asthma. I also have a wife who is suffering from multiple sclerosis. As there is no known cause of MS we avoid chemicals and anything that might cause a relapse and a worsening of her neurological condition.

I must insist that I be granted an exclusion from the final phase of the vegetation killer application. If it is necessary to get a letter from their physicians, I can do that. Please let me know as soon as possible that this product will not be used around my wife or granddaughter. It is a health hazard to certain individuals to spray this chemical in their yards. This product is airborne so Duke cannot guarantee it won't have an effect on my family

Sincerely,

A handwritten signature in black ink that reads "Jack C. Daugherty". The signature is written in a cursive style with a long horizontal flourish extending to the right.

Jack C. Daugherty
