RENEWAL APPLICATION FOR ELECTRIC GOVERNMENTAL AGGREGATORS

Please print or type all required information. Identify all attachments with an exhibit label and title (Example: Exhibit A-4 Opt-Out Form). All attachments should bear the legal name of the Applicant and should be included on the electronic copy provided. Applicants should file completed applications and all related correspondence with: Public Utilities Commission of Ohio, Docketing Division, 180 East Broad Street, Columbus, OH 43215-3793.

This PDF form is designed so that you may input information directly onto the form. You may also download the form, by saving it to your local disk, for later use.

A. RENEWAL INFORMATION

A-1 Applicant's legal name, address, telephone number, PUCO certificate number, and web site address

Legal Name City of Sidney
 Address 201 W Poplar Street, Sidney, Ohio 45365
 PUCO Certificate # and Date Certified 16-1029E(1) - 1/4/2016
 Telephone # (937) 498-2335 Web site address (if any) http://www.sidneyoh.com/

A-2 Exhibit A-2 "Authorizing Ordinance" provide a copy of the ordinance or resolution authorizing the formation of a governmental aggregation program adopted pursuant to Section 4928.20(A) of the Revised Code.

A-3 Exhibit A-3 "Operation and Governance Plan" provide a copy of the applicant's current plan for operation and governance of its aggregation program adopted pursuant to Section 4928.20(C) of the Revised Code. The Operation and Governance Plan explained in Exhibit A-3 should include:

- Terms and conditions of enrollment including:
 - Rates
 - Charges
 - Switching fees, if any
- Policies associated with customers moving into/out of aggregation area
- Billing procedures
- Procedures for handling complaints and disputes including the toll-free telephone number and address for customer contacts

AFFIDAVIT

State of Missouri :

Chesterdals
(Town)

County of St Louis :

Ross Calliott, Affiant, being duly sworn/affirmed according to law, deposes and says that:

He/She is the Aggregation Consultant (Office of Affiant) of City of Sidney (Name of Applicant);

That he/she is authorized to and does make this affidavit for said Applicant,

1. The Applicant herein, attests under penalty of false statement that all statements made in the application for certification renewal are true and complete and that it will amend its application while the application is pending if any substantial changes occur regarding the information provided in the application.
2. The Applicant herein, attests it will timely file an annual report with the Public Utilities Commission of Ohio of its intrastate gross receipts, gross earnings, and sales of kilowatt-hours of electricity pursuant to Division (A) of Section 4905.10, Division (A) of Section 4911.18, and Division (F) of Section 4928.06 of the Revised Code.
3. The Applicant herein, attests that it will timely pay any assessments made pursuant to Sections 4905.10, 4911.18, or Division F of Section 4928.06 of the Revised Code.
4. The Applicant herein, attests that it will comply with all Public Utilities Commission of Ohio rules or orders as adopted pursuant to Chapter 4928 of the Revised Code.
5. The Applicant herein, attests that it will cooperate fully with the Public Utilities Commission of Ohio, and its Staff on any utility matter including the investigation of any consumer complaint regarding any service offered or provided by the Applicant.
6. The Applicant herein, attests that it will fully comply with Section 4928.09 of the Revised Code regarding consent to the jurisdiction of Ohio Courts and the service of process.
7. The Applicant herein, attests that it will comply with all state and/or federal rules and regulations concerning consumer protection, the environment, and advertising/promotions.
8. The Applicant herein, attests that it will use its best efforts to verify that any entity with whom it has a contractual relationship to purchase power is in compliance with all applicable licensing requirements of the Federal Energy Regulatory Commission and the Public Utilities Commission of Ohio.
9. The Applicant herein, attests that it will cooperate fully with the Public Utilities Commission of Ohio, the electric distribution companies, the regional transmission entities, and other electric suppliers in the event of an emergency condition that may jeopardize the safety and reliability of the electric service in accordance with the emergency plans and other procedures as may be determined appropriate by the Commission.
10. If applicable to the service(s) the Applicant will provide, the Applicant herein, attests that it will adhere to the reliability standards of (1) the North American Electric Reliability Council (NERC), (2) the appropriate regional reliability council(s), and (3) the Public Utilities Commission of Ohio. (Only applicable if pertains to the services the Applicant is offering)

11. The Applicant herein, attests that it will inform the Commission of any material change to the information supplied in the renewal application within 30 days of such material change, including any change in contact person for regulatory purposes or contact person for Staff use in investigating customer complaints.
12. The Applicant herein, attests that if the opt-out is in draft form, the Applicant will docket the final opt-out (including beginning and ending dates of the 21-day -out period and the selected CRES supplier) with the Commission within 10 days prior to providing or offering service.

That the facts above set forth are true and correct to the best of his/her knowledge, information, and belief and that he/she expects said Applicant to be able to prove the same at any hearing hereof.

HARVEY BRANTZ DAYTON, OHIO

Form 8220S

Ordinance No. _____

Passed _____

RECEIVED

JUN 25 2015

ORDINANCE NO. A-2826

SHELBY COUNTY
BO. OF ELECTIONS

**AN ORDINANCE AUTHORIZING ALL ACTIONS
NECESSARY TO EFFECTUATE AN OPT-OUT ELECTRIC
SERVICE AGGREGATION PROGRAM PURSUANT
TO OHIO REVISED CODE 4928.20; AND DIRECTING
THE SHELBY COUNTY BOARD OF ELECTIONS TO
SUBMIT THE BALLOT QUESTION TO THE ELECTORS;
AND AUTHORIZING AN AGREEMENT WITH
AN AGENT FOR SUCH PURPOSES**

WHEREAS, pursuant to ORC Section 4928.20, the City of Sidney, Ohio, is authorized to act as an aggregator by establishing an automatic opt-out governmental aggregation program for the provision of competitive retail electric service for the benefit of certain electricity customers within the City of Sidney, Ohio, so that consumers may realize lower cost electricity supplies and other benefits from the aggregation and combined purchasing of electric supplies that they would not otherwise be able to have individually; and,

WHEREAS, the City of Sidney, Ohio, may exercise such authority jointly with any other municipality; and,

WHEREAS, in the public interest, the City of Sidney, Ohio, desires to submit to the electors of the City of Sidney, Ohio, the question of whether the City of Sidney, Ohio, should create an Electric Aggregation program to facilitate competitive

Ordinance No. A-2826

Passed _____

retail electric service to promote electricity savings, lower electric supplies, and other benefits in accordance with ORC Section 4928.20; and,

WHEREAS, the City of Sidney, Ohio, has adopted this Ordinance pursuant to the authority conferred by Article XVIII Section 4 of the Ohio Constitution and ORC Section 4928.20.

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF SIDNEY, OHIO, AS FOLLOWS:

SECTION 1. That the City Council determines that it is in the best interest of the City of Sidney, Ohio, and certain electric service consumers located within the incorporated areas of the City of Sidney, Ohio, to establish an opt-out electric service aggregation program (the "Program").

SECTION 2. That, provided that the ballot measure regarding the Program is approved by the electors of the City of Sidney, Ohio, pursuant to Section 9 of this Ordinance, the City of Sidney, Ohio, is hereby authorized to aggregate, in accordance with Ohio Revised Code 4928.20, the retail electric service loads located within the boundaries of the City of Sidney, Ohio.

ARMUET BROTHERS - DAYTON, OHIO

Form 6220S

Ordinance No. 2826

Passed

SECTION 3. That, for the Program, the City Manager or a duly designated authority or consultant is hereby authorized, on behalf of the City, to enter into service agreements to facilitate the sale and purchase of service for electric loads.

SECTION 4. That the City Manager or a duly designated authority or consultant, on behalf of the City may exercise such authority jointly with any other political subdivision of the State of Ohio, to the full extent permitted by law, and for such purpose, the City Manager or a duly designated authority or consultant is hereby authorized to execute and deliver any necessary agreement(s) with such other political subdivisions, if any, in order to establish such Program.

SECTION 5. That the Program does not apply to persons meeting any of the following criteria:

1. A customer has opted out of the aggregation
2. A customer in contract with a certified electric service company
3. A customer that has a special contract with an electric distribution utility
4. A customer that is not located within the governmental aggregator's governmental boundaries
5. A customer is not eligible for the aggregation by utility or Public Utilities Commission of Ohio rules.

SECTION 6. That the Program authorized by this Ordinance shall not aggregate the retail electric loads of mercantile customers, as those customers are defined in ORC 4928.01, without prior, affirmative consent of each such customer within the boundaries of the City of Sidney, Ohio, subject to the Program.

Ordinance No. A-2826

Passed _____

SECTION 7. That the Board of Elections of Shelby County is hereby directed to submit the following question to the electors of the City of Sidney, Ohio, at the election to be held on November 3, 2015

Shall the City of Sidney, OH have the authority to aggregate retail electric loads located within the governmental boundaries of the City and enter into service agreements for the sale and purchase of electricity, such aggregation to occur automatically except where any person elects to opt out?

Yes _____ No _____

SECTION 8. That the City Clerk is hereby directed to file this authorizing Ordinance and other related matters with the appropriate election officials no later than ninety (90) days prior to the November 3, 2015 election as required by ORC 4928.20 (B). The Program shall not take effect unless approved by the majority of the electors voting upon the proposed ballot question at the election held pursuant to this section and ORC 4928.20.

SECTION 9. That, upon approval by a majority of electors voting at the election provided for in Section 8 of this Ordinance, the City Manager is hereby authorized to, individually or jointly, with any other political subdivisions in the State of Ohio, develop a plan of operation and governance for the Program.

Ordinance No. A-2826

Passed _____

SECTION 10. That at least two public hearings on the plan of operation and governance shall be held prior to taking a vote on adoption of the plan. Notice of the hearings shall be published once a week for two consecutive weeks in a newspaper of general circulation in the City of Sidney, Ohio. The notice shall summarize the plan and state the date, time, and location of each hearing.

SECTION 11. That no plan adopted by the City Council shall aggregate any retail customers in the City of Sidney, Ohio, unless it in advance clearly discloses to the person whose retail electric service is to be so aggregated that the person will be enrolled automatically in the Program and will remain so enrolled unless the person affirmatively elects by a stated procedure not to be so enrolled. The disclosure shall state prominently the rates, charges, and other terms and conditions of the enrollment. The stated procedure shall allow any person enrolled in the Program to opt out of the Program once every 36 months without paying a switching fee. Any such person that opts out of the Program pursuant to the stated procedure shall default to the electric distribution utility providing distribution service for the person's retail electric service load, until the person chooses an alternative supplier.

SECTION 12. That it is found and determined that all formal actions of this Council concerning and relating to the adoption of this legislation were adopted in an open meeting of this Council; and, that all deliberations of this Council and any of its committees that resulted in such formal action, were in meetings open to

1.) Background

The Law – Ohio Revised Code Section 4928.20 (A) states the following:

“The legislative authority of a municipal corporation may adopt an ordinance, or the board of township trustees of a township or the board of county commissioners of a county may adopt a resolution, under which, on or after the starting date of competitive retail electric service, it may aggregate in accordance with this section the retail electrical loads located, respectively, within the municipal corporation, township, or unincorporated area of the county and, for that purpose, may enter into service agreements to facilitate for those loads the sale and purchase of electricity.”

Source: <http://codes.ohio.gov/orc/4928.20>

ORC Section 4928.20 (B) requires that the corporate authorities or county board shall develop a plan of operation and governance for the aggregation program. Two public meetings shall be held for public input, questions and comments regarding the Plan of Operation and Governance. Notice of such meeting is required. Before the first hearing, notice shall be published once a week for two consecutive weeks in a newspaper of general circulation in the jurisdiction. The notice shall summarize the plan and state the date, time, and location of each hearing.

Any load aggregation plan established shall provide for the following:

- Universal access to all applicable residential and small business (non-mercantile; under 700,000 kWh annual load) customers and equitable treatment of applicable residential and small business customers.
- Describe demand management and energy efficiency services to be provided to each class of customers.
- Meet any requirements established by law concerning aggregated service.

If the program is approved as an opt-out program for residential and small commercial retail customers, then:

- Within 60 days after receiving the bids, the corporate authorities or county board shall allow residential and small business customers to commit to the terms and conditions of a bid that has been selected by the corporate authorities or county board.
- If (A) the corporate authorities or county board award proposed agreements for the purchase of electricity and other related services and (B) an agreement is reached between the corporate authorities or county board for those services, then customers committed to the terms and conditions, shall be committed to the agreement.
- If the corporate authorities or county board operate as an opt-out program for residential and small business retail customers, then it shall be the duty of the aggregated entity to fully inform those customers in advance that they have the right to opt out of the aggregation program.
- On 6/22/2015 and in accordance with the requirements of ORC 4928.20, the corporate authorities or county board approved a resolution allowing a referendum question to be placed on the November 3, 2015, ballot to operate an Aggregation Program as an “Opt-Out” program.

Under the Opt-Out program, all DP&L residential and small business retail electric customers in city/village/county's jurisdiction are automatically included as participants in the Program unless they Opt-Out of the Program by providing written notice of their intention not to participate in the Municipal Aggregation buying group. On November 3, 2015, the electorate will be asked to allow the corporate authority or county board to arrange for the supply of electricity on behalf of the residents and small businesses in the jurisdiction. Upon approval of the ballot question by the electorate, the corporate authority or county board will adopt the Plan of Operation and Governance as the rules for the implementation and operation of a municipal electric aggregation program. Upon approval of the Plan, the corporate authority or county board will file an application with the PUCO for certification as a Governmental Aggregator.

- The corporate authority or county board has retained Supernova Partners, LLC, Affordable Gas and Electric Company, LLC ("Consultant") to assist with administering the Program, the Opt-Out process, managing the competitive bidding process, writing the Request for Proposal ("RFP") to help the corporate authority or county board officials select the most suitable Retail Electric Supplier ("CRES") and commodity product for participating residents and small businesses wanting to participate in the Program. Additionally, Consultant shall assist the corporate authority or county board in completing and filing all reporting and documentation for government aggregators as required by the PUCO.

2.) Municipal Opt-Out Aggregation

The purpose of municipal opt-out aggregation is to reduce the electricity supply costs which the corporate authority or county board's residents and small businesses pay for electricity, taking advantage of certain economies of scale to negotiate favorable rates. The corporate authority or county board shall seek fixed electricity prices for each eligible class of customers that may be lower than the comparable price available from the Electric Distribution Utility ("EDU"), in this case DP&L. Individual residential and small business retail consumers are unable to obtain significant price discounts since they lack the bargaining power, expertise and the economies of scale enjoyed by larger industrial consumers. The Program will band together numerous electric accounts, providing the benefits of economies of scale that work to benefit the smaller consumer.

As a governmental aggregator ("GA"), the corporate authority or county board does not own electric generation assets and will not purchase and resell electricity, but represents consumer interests to set the terms for electricity supply and service from competing CRES licensed with the PUCO. Through a competitive bid process operated and managed by Consultant, the corporate authority or county board will enter into a contract with a CRES for full-requirements retail electricity supply service. The contract is expected to be for a fixed price for a specified term. The corporate authority or county board may contract with one or more CRES if necessary to meet the needs of participating residents and small businesses.

The corporate authority or county board will serve as governmental aggregator and in cooperation with Supernova Partners, LLC, Affordable Gas and Electric Company, LLC, will collect all residential and small

business electricity load within the corporate authority or county board's municipal boundaries and seek bids from qualified and PUCO licensed Competitive Retail Electric Service providers (CRES).

This Plan has been prepared by the corporate authority or county board officials in cooperation with *Supernova Partners, LLC, Affordable Gas and Electric Company, LLC, the "Consultant"*, to provide an understanding of structure, governance, operations, management, and policies of the Program to be utilized for residents and small businesses participating in the Program.

3.) Eligible Customers

Eligible customers under the municipal electricity aggregation program include EDU customers who are located within the municipality's geographical boundaries and are either:

- Residential customers receiving electric service from the EDU
- Non-mercantile small business retail customers consuming 700,000 kwh or less annually on a calendar basis, receiving electric service from the EDU.

The corporate authority or county board will work with the winning CRES to remove any customers determined to be ineligible due to one or more of the following:

- Customer is not located within the municipal territory limits;
- Customer appears on the PUCO's "do not aggregate" list.
- Customer has opted out of the aggregation.
- Customer is in an existing power supply agreement with a CRES other than the current supplier of the governmental aggregation;
- Customer has a special arrangement with the electric utility;
- A mercantile customer that has not provided affirmative consent (opted-in) to join the aggregation;
- Customer is enrolled in percentage of income payment plan (PIPP) pursuant to section 4928.52 of ORC.

Customers who are not eligible under the opt-out program, but may see a savings due to rates negotiated and secured, will be offered an opportunity to opt-in, if appropriate and allowed under ORC 4928.20.

The Retail Customer Identification information provided by the EDU will remain the property of the municipality, and the CRES will handle data in a manner consistent with the provisions of all relevant *Federal and Ohio Law, PUCO regulations, etc.*

The CRES shall treat all customers equally and shall not deny service to any customer in the Program, or alter rates for different classes of customers unless authorized by Ohio State Law or administrative code.

4.) Opt-Out Process

Customers who wish not to be “automatically included” in the program will be allowed to Opt-out in accordance with ORC 4928.20 and 4901:1-1-17. An initial opt-out period will be held and residential and small business customers who choose to opt-out will remain on the EDU’s standard service offer listed on the PUCO’s “Apples to Apples” website by utility as the “Price to Compare”

<http://www.puco.ohio.gov/puco/index.cfm/apples-to-apples/>

After a service agreement with the selected CRES has been finalized, the corporate authority or county board will provide the eligible customer list to the selected CRES. The list will include any eligible residential, and small commercial accounts that will realize savings through the accepted bid price. During the Opt-Out notification period, the selected CRES will operate an Opt-In program for customers who are currently not eligible to participate in an Opt-out program, but may otherwise provide affirmative consent to join the aggregation pursuant to. This will ensure the greatest amount of participation for all customers under the program.

Opt-Out Notices: A notice will be sent to all residential and small commercial accounts that are deemed eligible by the corporate authority or county board. See “Eligible Customer” section above. A sample of the notice is provided in Appendix A of this Plan. The contents of the notice will be printed on the corporate authority or county board’s municipal letterhead so as to avoid any confusion with other offers that may exist with other CRES in the state. The Opt-Out notice will clearly notify the Resident and Small Business of the rates to be charged for electricity and other terms of the contract with the selected supplier. The selected CRES will have thirty (30) days from the receipt of the eligible customer list to mail the opt-out notices to all eligible residences and small businesses included in the Program.

Distribution of Opt-Out Notices: The selected CRES will be required to pay for all production, printing, and mailing costs associated with the distribution of Opt-Out notices. The selected CRES and the corporate authority or county board will agree on the format of the Opt-Out notice prior to the mailing of any notices. The notices will be mailed from the selected CRES to the owner or occupant residing at the electric account mailing address shown on EDU’s customer list.

Opt-Out Period: After mailing the notices, there will be an Opt-Out Period of no fewer than 21 days. Customers not wishing to participate in the Program will have 21 days from the date postmarked on the notice to postmark and return the Opt-Out notice to the selected CRES in order to satisfy the Opt-Out requirement.

Customer support during Opt-Out Period: The selected CRES will maintain a toll-free phone number and website explaining the steps for Opting-Out of the Program. If necessary the selected CRES will provide bilingual or multilingual customer support to explain the Opt-Out procedure to non-English speaking residents. During this period and through the initial procurement term, the Consultant will provide supplemental customer support for any issues not satisfied by CRES customer support.

Enrollment: Once the Opt-Out Period has passed, the selected CRES will not enroll those EDU customers Opting-Out of the Program. In the event that an eligible residential or small commercial account is inadvertently omitted from the Program, the selected CRES shall enroll that customer at the Program rate for the remaining term.

Opt-Out After Enrollment: Once enrolled in the Program, customers may Opt Out or cancel their service with the selected CRES at any time by directly notifying the selected CRES via a toll-free phone number that will be provided on the Opt-Out notice. In all such cases, the customer may do so without incurring any charges, penalties, or fees.

Early Cancellation Charges: There will be no charges for customers leaving the program after enrollment with the selected CRES has occurred.

Opt-Out Steps Overview:

1. The selected CRES and the corporate authority or county board will agree upon the format of the Opt-Out notice prior to mailing residential and small business customers.
2. The selected CRES will mail Opt-Out notices to all eligible customer service classes.
3. Recipients will have at least **twenty one (21)** days from the postmark on the notice to return notice to selected CRES if they want to be removed from the Program.
4. Recipients will be able to Opt-Out by returning an Opt-Out card via U.S. Mail to the selected CRES.
5. The CRES will offer a toll-free phone number and website to aid recipients with the notice and the Opt-Out procedure. Further support will be provided by the Consultant through a link on the website <http://www.AffordableElectricRates.com>.
6. Additionally, residential and small businesses that do not Opt-Out, per step 4 above, will receive written notification, called a "Letter of Rescission" or a "Switch Letter", from the EDU stating that they are about to be switched.
7. The Letter of Rescission will inform the participant that they have **seven (7)** days to rescind the contract by contacting the EDU. The selected Supplier will not enroll those accounts Opting-Out of Program.

No opt-out disclosure notices will be sent to potential customers of an aggregation prior to the prospective governmental aggregator being certified by the PUCO as a governmental aggregator by submitting the following completed form:

<http://www.puc.state.oh.us/emplibrary/files/smed/CRES/3ERCRESFormsGovernmentalAggregator.pdf>

5.) Periodic Enrollment Updates

1. **Moving to the city, village or county from another municipality:** Residents and businesses that move into the city, village or county's jurisdiction will be automatically included in the Program. Consultant will periodically request updated account lists from the EDU and the winning CRES. Through a comparative scrubbing process, Consultant will then send a list of newly eligible, but currently not enrolled accounts to CRES, whereupon CRES will promptly send Opt-Out notices so that these account holders may be given the option to participate. These accounts will be given twenty-one (21) days from the postmark date on the notice to return the Opt-Out notice if they do not wish to participate in the Program.
2. **Moving within the city, village or county's jurisdiction:** Selected CRES shall continue service at the same rate and under the same terms and conditions for residents and small businesses that are in the Program, but move to a different premise within the city, village or county's jurisdiction prior to the expiration of the contract term. Customer will automatically receive a new opt-out notice. If such a notice is not received the customer will have the right to contact the selected CRES and or Consultant to obtain such a notice.

Any new accounts shall be able to enroll in the aggregation program under the same terms, conditions, and pricing as accounts that were initially enrolled during the initial opt-out period. However, newly enrolled accounts will only have the ability to participate in the ongoing aggregation program for the time remaining in the term of the agreement with the Supplier. Costs (for example for printing and mailing) associated with subsequent Opt-Out rounds will be paid in the same manner as for the initial Opt-Out round.

6.) Selected Supplier Responsibilities

The corporate authority or county board will use a competent entity as a CRES to perform and manage aggregation services for the Program. The selected CRES shall provide adequate, accurate, and understandable pricing, terms and conditions of service, including, but not limited to, no switching fees and the conditions under which Program participants may Opt-Out without penalty at any time.

The CRES must provide the corporate authority or county board and Consultant, upon request, an electronic file containing the Program participant's usage, charges for retail supply service and such other information reasonably requested by the corporate authority or county board or the Consultant.

The CRES shall create and maintain a secure database of all Program participants. The database will include the name, address, EDU account number or Service Delivery Identifier, and the CRES's account number of each active Program participant, and other pertinent information such as rate code, rider code (if applicable), most recent 12 months of usage and demand, and meter reading cycle. The database will be updated at least quarterly. Accordingly, the Supplier will develop and implement a program to accommodate participants who (i) leave the Program due to relocation, Opting-Out, etc.; (ii)

decide to join the program; (iii) relocate anywhere within the corporate limits of the municipality; (iv) move into the municipality and elect to join the Program. **(See Appendix A of this Plan)**

Education: The selected CRES shall work with Consultant to develop and implement an educational program that generally explains the Program to all residential and small business customers.

CRES will provide updates and disclosures mandated by Ohio law and applicable rules and regulations, and implement a process to allow any participant the opportunity to Opt-Out of the Program according to the terms of the Power Supply Agreement.

Customer Service: the selected CRES shall hire and maintain an adequate customer service staff and develop and administer a written customer service process that will accommodate participant inquiries and complaints about billing and answer questions regarding the Program in general. This process will include a description of how telephone inquiries will be handled, either internally or externally, how invoices will be prepared, how participants may remit payment, and how collection of delinquent accounts will be addressed. The CRES and the corporate authority or county board will enter into a separate customer service plan agreement or the terms shall be included in the Power Supply Agreement.

Any electric customer, including any participant in this Aggregation Program, may contact the Public Utilities Commission of Ohio (PUCO) for information, or to make a complaint against the Program, the CRES, or the EDU. The PUCO may be reached toll free at 1-800-686-7826 or for TTY (toll free) at 1-800-686-1570 from 8:00 a.m. to 5:00 p.m. weekdays, or at www.PUCO.ohio.gov .

Billing: EDU will provide a monthly billing statement to each Program participant which shall include CRES charges. The CRES will not charge any additional administrative fee(s).

Compliance Process: The CRES shall develop internal controls and processes to ensure that the corporate authority or county board remains in good standing as a Governmental Aggregator and ensure that the Program complies with ORC 4928.20 and all applicable laws, rules and regulations, as they may be periodically amended. It will be the CRES responsibility to deliver reports at the request of the municipality or Consultant in a timely manner that will include (i) the number of participants in the Program; (ii) a savings estimate or increase from the previous year's baseline; (iii) such other information reasonably requested by the municipality or Consultant; (iv) comparison of the participants charge for the supply of electricity from one designated period to another identified by the municipality. The CRES shall also develop a process to monitor, and shall promptly notify in writing, any changes or amendments to any laws, rules or regulations applicable to the Program.

Notification to EDU: The residential and small business customers in the corporate authority or county board that do not Opt-Out of the Aggregation Program will be enrolled automatically in the Program by the selected CRES. Eligible residents and small businesses included in the Program will not be asked to take affirmative steps to be included in the aggregation group. To the extent that EDU requires notification of participation, the selected CRES shall provide such notice to EDU. Periodically, the CRES

will inform EDU through electronic means, of any new members that it is enrolling into the Aggregation Group.

Customer Switching Fee: The selected CRES shall be responsible for payment of any customer switching fees imposed by the incumbent EDU.

7.) Supplier (CRES) Selection Criteria

CRES responding to the RFP will be measured on the basis of PUCO licensing and certification standards, price, program, marketing, experience, and quality of the response. The CRES will also hold the corporate authority or county board and Consultant harmless of any financial obligations or liability that may arise as a result of the Program.

CRES Selection Criteria

- Price per kWh and corresponding terms;
- Power Supply Contract flexibility;
- Proof of financial solvency and investment grade credit rating;
- Quality of response to Request for Proposal;
- Program Marketing Plan and informational outreach;
- Municipal Aggregation Experience;
- Municipal Opt-Out Experience;
- Certified as a Competitive Retail Electricity Service Provider in by the PUCO;
- Compliant to Purchase of Receivables/Utility Consolidated Billing ("POR-CB Program") facilitating EDU single billing to participants in the Program.
- Power Supply Contract meets the minimum requirements of the PUCO, and common commercial practice.
- Will provide assistance, if needed, by Consultant or corporate authority in filing the annual reports required by the PUCO and Section 4805.10(A), Section 4911.18(A) and Section 4928.06(F) of the Ohio Revised Code

8.) Consolidated Billing and Credit/Default Procedures

EDU offers a purchase of receivables program with consolidated billing (POR-CB) for the benefit of retail customers and CRES. This allows for a single bill, administered solely by EDU, wherein EDU will invoice the EDU regulated delivery charges and supply rate provided by the selected CRES contained in the Power Supply Agreement.

The corporate authority or county board will utilize the POR-CB Program with its Municipal Aggregation to streamline the billing process, and eliminate the confusion of separate bills from EDU and the selected CRES.

Credit policies and procedures continue to be the responsibility of EDU and/or CRES. The corporate authority or county board will not be responsible for late or non-payments on the parts of any of its residents or small businesses. EDU and/or CRES billing practices should be consistent with all applicable guidelines issued by the PUCO. If there is a delinquent account, EDU and/or CRES or their agent will send collection notices to the customer's mailing address of record for service charges rendered by EDU, following established collection policies regardless of whether the customer participates in the Program or not. In the case of a POR-CB Program, the billing method the Program will utilize, the CRES' receivable becomes EDU's receivable and EDU will be responsible for those collection efforts under EDU's policy and requirements.

Customers will continue to receive their electricity bill from EDU, will continue to call EDU for service-related issues, and will continue to pay EDU.

CUSTOMER INQUIRIES: EDU operates a call center to assist customers with inquiries and resolve billing issues. EDU has toll-free numbers to contact the call centers printed on electric account holders' bills.

9.) Request for Qualifications/Proposal-Summary

The Consultant will, on behalf of the corporate authority or county board governing body and residents, request qualifications from a number of licensed CRES in order to properly vet any potential bidders. To those CRES deemed most qualified, a Request for Proposals ("RFP") will be issued, utilizing predetermined criteria based on technical specifications, bidder requirements, bidding processes, and contract documents, to select a single Competitive Retail Electric Service provider (CRES). The Consultant will evaluate the bids received and will recommend a single CRES to serve as the electricity supplier to all eligible residents and small businesses within the municipal limits.

The corporate authority or county board may grant authority to a representative of the corporate authority or county board to approve the Power Supply Agreement with the selected CRES on behalf of the corporate authority or county board.

10.) Pricing Methodology

Pricing Methodology: The corporate authority or county board intends to establish a price for the purchase of electricity for the Program. This will be the Program Rate measured in price per kilowatt-hour (kWh). The rate may include traditionally bundled renewable power components in the form of Renewable Energy Certificates (RECs), and will reflect various lengths of terms, contractual benefits, and

possible hold premiums (CRES holds price offer to be bound in Power Supply Agreement open for a fixed period of time beyond the standard one day to allow for municipality to review before signing off on Power Supply Agreement).

If the daily market price quote is deemed acceptable by the Consultant, the Consultant will inform the corporate authority or county board of the price and pricing components and recommend acceptance. If accepted, the corporate authority or county board will affirm acceptance of the commodity price in writing to the selected CRES.

The CRES invited to bid will quote rates for the following energy mixes:

- **Lowest Traditional Fixed Power Price** – The lowest priced fixed electricity supply available from a CRES using, at minimum, a percentage of renewable energy consistent with Ohio law and/or PUCO regulation. Should the annually weighted EDU Standard Service Offer for the enrolled participants be less than the selected CRES' retail power price, CRES will reserve the right to terminate service and return the Program participants to the EDU, or continue service at a rate equal to the EDU Standard Service Offer, inclusive of Municipal and Consultant Fees.
- **Discount to tariff** – a variable rate guaranteed to be a certain percentage below the EDU's tariff rate for a specific term. CRES shall provide an understandable description of the factors that will cause the price to vary (including any associated indices) and disclose how frequently the rate will change.
- **100% Renewable** – Electricity where 100% of the energy used by the aggregated accounts will be offset by Renewable Energy Credits that meet the U.S. Environmental Protection Agency's Green Power Partnership's definition of eligible green power resources, vintage requirements, and "new" requirements as detailed here:
http://www.epa.gov/greenpower/documents/gpp_partnership_reqs.pdf.
Renewable Energy Credits shall also be Green-e certified and/or the RECs will be sourced through MISO-registered renewable sources.

If the CRES proposes to charge different rates to different rate classes within the aggregation (for example, a different price for residential and commercial customers), the CRES shall disclose the applicable rate(s) to customers within each rate class.

11.) Program Education Initiative

The CRES shall maintain an educational program for the purpose of explaining the Program to eligible residents and small businesses. The Education Program will include updates, offer customer support during the term of the agreement, and provide information of where to Opt-Out of the Program, if a customer so desires.

Each residential and small business customer of EDU within the jurisdiction of the corporate authority or county board will receive a notification by mail explaining the Program, the procedure which must be followed to Opt-Out of the Program, the fixed electricity rate the municipality contracted for on behalf of participants in the Program, termination policies, and the deadline to return the Opt-Out letter.

The corporate authority or county board in partnership with Consultant, along with the selected CRES, will develop an education initiative that will inform residents of the specifics of the program. The education initiative may contain, but is not limited to the following:

- Mailings
- Community Meetings
- Advertisements
- Program Website
- Toll-Free Information Line
- Informational Videos
- Calculators (web-based)

12.) Demand Management and Energy Efficiency Initiative

Reduced energy costs should in no way be considered a license for increased usage. For that reason, no energy plan is complete without balancing reduced supply cost for end-users with some method(s) for demand side management and reduction. PUCO offers a website which specifies each customer's price-to-compare ("PTC").

The Consultant may work with the selected CRES to develop an "Energy Efficiency Program". The program may include resources for residential consumers regarding energy efficiency for their home. The corporate authority or county board will work with EDU to provide specific information about utility rebate programs.

13.) Power Supply Agreement

The corporate authority or county board will be presented with and have the option to execute a Power Supply Agreement ("Agreement") with the selected CRES.

Bids may contain various lengths of term. Upon recommendation of the consultant and at the discretion of the corporate authority or county board, the duration of any subsequent contract term will be determined.

The agreement shall include:

- The approved rate and the power mix for the Program, and shall disclose all additional or ancillary fees.
- Requirements that all licenses and qualifications are maintained.
- Requirements that the CRES manage the program under the Plan of Operation and Governance as approved and amended if need be.
- Agreement not to solicit or contract directly with eligible residents or small businesses in the Program for service or rates outside the aggregation
- Agreement not to use the customer data and information for any other marketing purposes.
- Agreement to indemnify and hold the corporate authority or county board and consultant harmless from any claims, causes of action, damages, judgments, and financial obligations arising from the Program.
- Proof of insurance and performance security as the municipality deems necessary.
- Provision that the CRES will assist the corporate authority or county board in developing a Program Education Initiative.

Termination of Service

- End of Term: the Power Supply Agreement with the CRES will terminate upon its expiration.
- Early Termination: The corporate authority or county board will have the right to terminate the Power Supply Agreement prior to the expiration of the term in the event the CRES commits any act of default. Acts of default include, but are not limited to the following:
 - Breach of confidentiality regarding customer information;
 - The disqualification of the CRES to perform the services due to the lapse or revocation of any required license or certification;
 - The EDU's termination of its relationships with the CRES;
 - Any act or omission that constitutes deception by affirmative statement or practice, omission, fraud, misrepresentation, or bad faith practice;
 - Billing in excess of the approved rates and charges;
 - Billing or attempting to collect any charge other than the approved kWh rates and contractually approved charges;
 - Failure to perform at a minimum level of customer service required by the corporate authority or county board.
- Upon termination for any reason, the corporate authority or county board will notify the Utility to return the residents and small business accounts to the Default Tariff Service. Upon termination, the corporate authority or county board shall provide at least sixty (60) days written notice of termination to each account holder participating in the Program. If the agreement is not extended or renewed, participants will be notified as required by law and the CRES rules of the PUCO in advance of the end of service. Participants will also be notified of their rights to select an alternate generation supplier and of their ability to return to EDU's Standard Service Offer upon termination.

Changes, Extension or Renewal of Service

The initial term of the agreement for power supply service will provide service for the specified term beginning upon activation of services. If the Agreement is extended or renewed, Program participants will be notified as required by law and the rules of the PUCO as to any changes in rates or service conditions. At least every three years, all EDU customers in the municipal boundaries will be given an opportunity to opt into or out of the Program, and reasonable notice will be provided as required by law and PUCO rules. Participants will also be notified of their right to select an alternate generation supplier and of their ability to return to EDU's Standard Service Offer.

14.) Liability

The corporate authority or county board and Consultant shall not be liable, in any instance, to residents and small commercial retail customers for any claims arising from or due to provisions of municipal aggregation of electricity. Any such claims should be solely directed to the selected CRES, pursuant to the power supply agreement.

15.) Miscellaneous

The Plan of Operation and Governance may be impacted by forces outside the control of the corporate authority or county board. Those items may include the following:

- Amendments or changes to applicable Ohio law.
- Federal Energy Regulatory Commission (FERC) tariffs that may be enacted or amended;
- PUCO rules and regulations as may be enacted or amended;
- EDU tariffs as approved or amended periodically by the PUCO;
- Federal, state, and local laws;
- Rules, regulations, and orders approved or enacted by federal, state, or local regulatory agencies.

The Plan of Operation and Governance will be on file at the corporate authority or county board Administrative office.

Please call 937-498-2335 for a copy or to obtain additional information

Any electric customer, including any participant in the aforementioned Aggregation Program, may contact the Public Utilities Commission of Ohio (PUCO) for information, or to make a complaint against the Program, the CRES, or the EDU. The PUCO may be reached toll free at 1-800-686-7826 or for TTY (toll free) at 1-800-686-1570 from 8:00 a.m. to 5:00 p.m. weekdays, or at www.PUCO.ohio.gov.

City of Sidney

July 17, 2017

IMPORTANT INFORMATION FROM
The City of Sidney and AEP Energy
regarding your electricity service at
<S Address>

Dear <First> <Last>:

**THE CITY OF SIDNEY SETS A SECURE ELECTRIC PRICE OF
5.441 CENTS PER KWH FOR YOUR ELECTRICITY SUPPLY CHARGES.**

We are pleased to announce that the City of Sidney is providing its residents with an opportunity to save money on their electricity supply. **On November 3, 2015, City of Sidney voters authorized by majority vote the creation of an Electric Aggregation Program to seek lower electricity rates for eligible residential and small business customers and the City approved a Plan of Operation and Governance as prescribed by Section 4928.20 of the Ohio Revised Code.** Under this arrangement, AEP Energy has been selected as the City of Sidney's preferred electricity supply provider. This special offer is exclusive for eligible residents of the City because through the power of volume buying, AEP Energy is able to secure electricity at competitive prices. AEP Energy is an Ohio-based company and a subsidiary of American Electric Power (AEP).

Through the City Electric Aggregation Program, eligible residents, starting with the August 2017 billing cycle, depending on your meter-read date, will receive the price of 5.441 cents per kWh for a period of twenty-one (21) months.¹

You will be automatically enrolled in the program unless you choose NOT to participate by "opting-out" by August 7, 2017. If you do NOT wish to participate in this program, you must follow the "opt-out" instructions. If you do not respond to this letter, the local utility will complete the enrollment process. As a part of the enrollment process, you will also receive a notice from your local utility, DP&L, confirming your decision to enroll with AEP Energy. Simply review the letter - if you are pleased with the City Electric Aggregation Plan, then you are all set.

The City Electric Aggregation Program is a Smart Choice:

- **It's Easy to Participate.** You don't have to do anything to enroll. All eligible residents will be automatically enrolled in the program unless you choose to "opt-out."
- **Receive Protection with a Secure Price.** The City of Sidney has ensured that, beginning with the August 2017 billing cycle, you will receive a price of 5.441 cents per kWh for a period of twenty-one (21) months, for your electricity supply service. There is no cost to enroll in this exclusive program.
- **Continue to Receive One Bill.** Your local utility will continue to send you one monthly electricity bill. You can continue to remit one payment to your local utility for AEP Energy charges. Also, your local utility will continue to provide service for any emergency or maintenance issues.
- **Enroll in a Budget Billing Plan.** Simply call the number below to sign-up for AEP Energy's Budget Billing Plan.

If you do not wish to participate in this program, you must "opt-out." There are two ways to opt-out; by calling the AEP Energy Customer Care Team toll free at 1-877-726-0214, Monday – Friday from 8:00 am to 7:00 pm EST and Saturday from 9:00 am to 1:00 pm EST or by completing the Electric Aggregation "Opt-Out" Election Form below. Your "Opt-Out" Election Form must be returned by August 7, 2017.

You will find additional details of this program in the Frequently Asked Questions and Terms & Conditions on the back of this letter.

Respectfully,

Mike Barhorst
Mayor
City of Sidney

Scott D. Slisner
President, Residential Business
AEP Energy

AEP Energy is a competitive retail electric service provider. While it is an affiliate of AEP Ohio, AEP Energy is not soliciting on behalf of and is not an agent for AEP Ohio. DP&L customers do not need to purchase any competitive retail electric service from AEP Energy to receive or to continue to receive non-competitive retail electric service from the utility.

FREQUENTLY ASKED QUESTIONS

What is the City Electric Aggregation Program?

Under the City Electric Aggregation Program, the City acted on behalf of its electricity consumers to select an electricity supply provider who, through the power of volume buying, is able to secure electricity at competitive prices. The Public Utilities Commission of Ohio ("PUCO") has taken steps to ensure that Ohio's competitive electricity environment is consumer-friendly. Voters in the City approved this aggregation program and the City Council passed an ordinance adopting this Electric Aggregation program.

The City has selected AEP Energy as their preferred electricity supply provider to serve their residents beginning with the August 2017 billing cycle for a period of twenty-one (21) months.

Who is AEP Energy?

AEP Energy is a certified Competitive Retail Electric Service (CRES) provider and a subsidiary of American Electric Power Company, Inc. (AEP). With an office located in Columbus, Ohio, AEP Energy sells electricity supply to customers at market-based prices rather than regulated rates offered by your local utility.

How do I enroll?

You don't have to do anything to enroll. All eligible customers will be automatically included in the program unless you choose to "opt-out." If you "opt-out," you will continue to be served by your local electric utility's standard service offer or until you choose an alternative electric service provider. However, if you do not respond to this letter, the utility will complete the enrollment process. As a part of the enrollment process, you will also receive a notice from your local utility, DP&L, confirming your decision to enroll with AEP Energy. Simply review the letter - if you are pleased with the City Electric Aggregation Plan, then you are all set. No deposits are required to enroll.

When will this program start?

The City Electric Aggregation Program will begin with the August 2017 billing cycle.

What is my price?

The City of Sidney has ensured that, beginning with the August 2017 billing cycle, depending on your meterread date, you will receive an electricity generation price of 5.441 cents per kWh for a period of twenty-one (21) months.

How do I estimate my savings?

To estimate what your savings per kilowatt-hour (kWh) will be through this program, locate your "Price to Compare" on your electricity bill. This is the price you pay for electric generation service from the utility. Take your "Price to Compare" and subtract the offer price. This equates to your savings per kWh. Multiply your savings per kWh by your monthly usage (kWh) to determine your savings amount per month. The utility distribution and transmission charges and other utility charges and fees are not included in the savings calculation and will continue to be assessed by the local utility. (Any estimate of savings is not a guarantee of savings.)

Where do I send payment?

You will continue to receive one bill each month from your local utility. The amount that you owe to AEP Energy will be stated separately on your bill and you will continue to send payments to your local utility only.

Is budget billing available?

A Budget Billing Plan is now available for AEP Energy's charges (Generation charges). The Budget Billing Plan levels your monthly payments to even out the seasonal highs and lows of your monthly bills. You'll have more certainty and can better manage your electricity expenses. Please visit www.AEPenergy.com for more information.

Can I cancel at any time?

Yes, you may cancel without penalty and switch to another provider or revert back to DP&L, the local utility. Should you cancel your service with AEP Energy and return to standard offer service with your local utility, you may not be served under the same rates, terms, and conditions that apply to other utility customers. You will also be provided the ability to opt out every three years without penalty.

What happens at the end of the program?

As the program draws to a close, the City can choose to seek bids from electricity providers in order to negotiate a new contract on behalf of eligible households. If at that time, the program has not produced the savings originally anticipated for customers, the City can also choose to end the program, at which time participants would be notified of their options for continuing in a different program with AEP Energy, switching to another provider, or reverting back to the local utility.

Why is this an "opt-out" program?

It enables AEP Energy to offer a lower group rate based on the City's size.

Why did the City select AEP Energy as its provider?

The City selected AEP Energy because they were able to propose a program that represented the best overall value for eligible households.

If I opt-out initially, can I choose to join the program at a later date?

If you opt-out initially, unfortunately, you may not be able to join the program until you receive the next opt-out notice. By initially opting-out prior to the start of the aggregation program will result in you receiving service under the local utility's standard offer rate until you chooses an alternative supplier.

What happens if my family moves to another home?

If you move to another home location within the City of Sidney, you will be able to continue participating in the program. If you leave the City of Sidney, you will no longer be eligible to participate.

Unless you affirmatively "opt-out" by August 7, 2017, you will be automatically enrolled if you, a) have an eligible residence located in the specified city receiving electric service from DP&L or AEP Energy (in the DP&L service territory) and b) are not enrolled in the PIPP program. Participation in the program is subject to the Terms & Conditions of the Agreement between the City and AEP Energy. AEP Energy's price excludes utility distribution and transmission charges and other utility charges and fees. There is no guarantee of savings under the Aggregation Program. You may terminate your agreement early without penalty. For more information, call toll free 1-877-726-0214, write to: AEP Energy, PO Box 3489, Chicago, IL 60654, or visit AEPenergy.com

If you have any additional questions, please contact the AEP Energy Customer Care Team toll free at **1-877-726-0214**, Monday – Friday from 8 am to 7 pm and Saturday from 9 am to 1 pm EST.

IMPORTANT INFORMATION FROM
The Village of Fort Laramie and AEP Energy
regarding your electricity service at
<S Address>

Dear <First> <Last>:

**THE VILLAGE OF FORT LARAMIE SETS AN ELECTRIC PRICE OF 5.441 CENTS PER KWH
FOR A SAVINGS OF UP TO 27%¹ OFF THE DP&L UTILITY RATE.**

We are pleased to announce that the Village of Fort Laramie is providing its residents with an opportunity to save money on their electricity supply. Under this arrangement, AEP Energy has been selected as the Village of Fort Laramie's preferred electricity supply provider. This special offer is exclusive for eligible residents of the Village because through the power of volume buying, AEP Energy is able to secure electricity at competitive prices. AEP Energy is an Ohio-based company and a subsidiary of American Electric Power (AEP).

Through the Village Electric Aggregation Program, eligible residents, starting with the April 2016 billing cycle, depending on your meter-read date, will receive the price of 5.441 cents per kWh for a period of thirty-six (36) months.²

You will be automatically enrolled in the program unless you choose NOT to participate by "opting-out" by March 17, 2016. If you do NOT wish to participate in this program, you must follow the "opt-out" instructions. If you do not respond to this letter, the local utility will complete the enrollment process. As a part of the enrollment process, you will also receive a notice from your local utility, DP&L, confirming your decision to enroll with AEP Energy. Simply review the letter - if you are pleased with the Village Electric Aggregation Plan, then you are all set.

The Village Electric Aggregation Program is a Smart Choice:

The Village Electric Aggregation Program will begin with the April 2016 billing cycle.

What is my price?

The Village of Fort Loramie has ensured that, beginning with the April 2016 billing cycle, depending on your meter-read date, you will receive an electricity generation price of 5.441 cents per kWh for a period of thirty-six (36) months.

How do I estimate my savings?

To estimate what your savings per kilowatt-hour (kWh) will be through this program, locate your "Price to Compare" on your electricity bill. This is the price you pay for electric generation service from the utility. Take your "Price to Compare" and subtract the offer price. This equates to your savings per kWh. Multiply your savings per kWh by your monthly usage (kWh) to determine your savings amount per month. The utility distribution and transmission charges and other utility charges and fees are not included in the savings calculation and will continue to be assessed by the local utility. (Any estimate of savings is not a guarantee of savings.)

Where do I send payment?

You will continue to receive one bill each month from your local utility. The amount that you owe to AEP Energy will be stated separately on your bill and you will continue to send payments to your local utility only.

Is budget billing available?

A Budget Billing Plan is now available for AEP Energy's charges (Generation charges). The Budget Billing Plan levels your monthly payments to even out the seasonal highs and lows of your monthly bills. You'll have more certainty and can better manage your electricity expenses. Please visit www.AEPenergy.com for more information.

Can I cancel at any time?

Yes, you may cancel without penalty and switch to another provider or revert back to DP&L, the local utility. Should you cancel your service with AEP Energy and return to standard offer service with your local utility, you may not be served under the same rates, terms, and conditions that apply to other utility customers.

What happens at the end of the program?

As the program draws to a close, the Village can choose to seek bids from electricity providers in order to negotiate a new contract on behalf of eligible households. If at that time, the program has not produced the savings originally anticipated for customers, the Village can also choose to end the program, at which time participants would be notified of their options for continuing in a different program with AEP Energy, switching to another provider, or reverting back to the local utility.

Why is this an "opt-out" program?

It enables AEP Energy to offer a lower group rate based on the Village's size.

Why did the Village select AEP Energy as its provider?

The Village selected AEP Energy because they were able to propose a program that represented the best overall value for eligible households.

If I opt-out initially, can I choose to join the program at a later date?

If you opt-out initially, unfortunately, you will not be able to join the program at a later date.

What happens if my family moves to another home?

If you move to another home location within the Village of Fort Loramie, you will be able to continue participating in the program. If you leave the Village of Fort Loramie, you will no longer be eligible to participate.

Unless you affirmatively "opt-out" by March 17, 2016, you will be automatically enrolled if you: a) have an eligible residence located in the specified Village receiving electric service from DP&L or AEP Energy (in the DP&L service territory) and b) are not enrolled in the PIPP program. Participation in the program is subject to the Terms & Conditions of the Agreement between the Village and AEP Energy. Estimated savings apply to the generation service portion of your electricity bill and are based on an average residential customer, using 750 kWh of electricity on a monthly basis with a weighted average DP&L Price to Compare (PTC) rate of 7.49 as of February 2016 compared to our price of 5.441 cents per kWh. AEP Energy's price excludes utility distribution and transmission charges and other utility charges and fees. There is no guarantee of savings under the Aggregation Program. You may terminate your agreement early without penalty. For more information, call toll free 1-877-726-0214, write to: AEP Energy, PO Box 3489, Chicago, IL 60654, or visit AEPenergy.com.

If you have any additional questions, please contact the AEP Energy Customer Care Team toll free at **1-877-726-0214**, Monday – Friday from 8 am to 7 pm and Saturday from 9 am to 1 pm EST.

RESIDENTIAL & SMALL COMMERCIAL TERMS & CONDITIONS ("Agreement")

TERM	GENERATION SERVICE CHARGES	CANCELLATION FEE	CONTRACT RENEWAL
Through the April 2019 billing cycle ("Term").	Residential Customers: <u>5.441¢ per kWh</u> . Small Commercial Customers: <u>5.441¢ per kWh</u> . Price is for Generation Service. Price excludes taxes, utility Distribution Service charges, Transmission Services and other non-bypassable utility charges and fees.	You may cancel at any time during the Term without penalty. See Section 6 for details.	Your Agreement will terminate after the initial term. See Section 8 for details.

CONDITIONS. These Terms and Conditions (this "Agreement") are your agreement for Generation Service with AEP Energy, Inc. ("AEP Energy"). Please keep a copy of this Agreement for your records. AEP Energy is certified by the Public Utilities Commission of Ohio ("PUCO") to offer and supply Generation Service in Ohio. As a Competitive Retail Electric Service ("CRES") provider, AEP Energy will supply the electric generation services to your Electric Distribution Utility ("EDU") based on your usage. All electricity will be supplied and delivered under the aggregation program, which is governed by the Government Aggregation Master Retail Supply Agreement between the relevant government aggregator and AEP Energy (the "Program Agreement"). Your EDU then distributes or delivers the electricity to you. Your Distribution Service will remain with your current EDU, which is regulated by the PUCO. Your EDU also will continue to read your meter, provide your monthly bill and respond to emergencies.

DEFINITIONS. "Competitive Retail Electric Service Provider" or "CRES" provider means, as defined by Chapter 4901:1-21 of the Substantive Rules applicable to electric service providers, an entity that sells electric energy to retail customers in Ohio. "Generation Service" means the production of electricity. "Generation-Related Charges" means those charges or costs associated with the production, procurement and supply of electricity. "Non-bypassable utility charges and fees" means those EDU charges and fees payable by you regardless of whether the EDU or a CRES provider provides Generation Service. "Transmission Services" means moving high voltage electricity from a generation facility to the distribution lines of an EDU, which is either bypassable or non-bypassable to you, as determined in accordance with your Distribution Service. "Distribution Service" means the physical delivery of electricity to customers by the EDU.

RIGHT OF RESCISSION. Once you have been enrolled to receive Generation Service from AEP Energy, your EDU will send you a confirmation letter. You have the right to rescind your enrollment without penalty within seven (7) calendar days following the postmark date of the confirmation letter by contacting your EDU and following the instructions contained in the letter. In the event the EDU's retail electric choice program is terminated or materially

changed in any manner prior to the end of the Term, AEP Energy may terminate this Agreement, without penalty to either party.

OTHER IMPORTANT DISCLOSURES. In the event a third party was involved in this Agreement, including, without limitation, a broker or a shopping website, or you are part of a municipal aggregation, the pricing contained herein may be inclusive of a broker fee. **Price Comparison Qualification.** Please be advised that the EDU's standard offer rates generally change from time to time. AEP Energy therefore does not provide any guarantee of savings in comparison to the EDU's standard offer rates during the Term of this Agreement. If you received any price comparison(s) in connection with your enrollment, by accepting this offer from AEP Energy, you understand and agree that AEP Energy has informed you, prior to entering into this Agreement, that no guarantee of savings during the Term is being provided.

TERMS AND CONDITIONS OF SERVICE

1. Eligibility. Residential customer accounts that are on residential rates codes and are not enrolled in the Percentage of Income Plan Program (PIPP) and non-national account small commercial customers with annual usage less than 700,000 kWh are eligible for this offer from AEP Energy. AEP Energy reserves the right to refuse enrollment to any customer who is not current on their EDU charges.

2. Price. Starting with the first billing cycle of this Agreement through the last billing cycle of the Term, the price will be as stated above under the heading "Generation Service Charges." During the term of this Agreement, you agree to pay AEP Energy a price for all applicable combined Generation Service and Generation-Related Charges as specified in "Generation Service Charges" listed above. You are responsible for, and your price does not include, applicable state and local taxes and/or EDU charges, which will be billed by the EDU. For the "Term" listed above, all kilowatt-hours ("kWh") of electric energy metered by the EDU shall be billed at the rate per kWh specified above. In addition to AEP Energy's charges, you will be charged by your EDU for Distribution Service and other EDU charges and fees. An average residential customer, using 750 kWh of electricity on a monthly basis, would incur approximately \$35 to \$40 per month in such EDU charges and fees. In the event that any new, or any change in any existing, statute, rule, regulation, order,

or other law, or procedure, tariff, rate class, or other process or charge, promulgated by any governmental authority or EDU, Independent System Operator, Regional Transmission Organization ("RTO"), such as PJM Interconnection, L.L.C. ("PJM"), or other regulated service provider, alters to the detriment of AEP Energy its costs to perform or its economic returns under this Agreement (a "Change in Law or Regulation"), then AEP Energy will provide written notice requesting your affirmative consent and agreement, describing the Change in Law or Regulation, the resulting price revisions, and the future date upon which such revised pricing is requested to be effective (a "Price Revision Request"). You then will be able to affirmatively consent and agree to such Price Revision Request, and if you agree, you will pay the revised price described in such Price Revision Request, and all other terms and conditions of this Agreement not modified by such Price Revision Request will remain in full force and effect. If, however, you do not affirmatively consent and agree to the Price Revision Request within thirty (30) calendar days, then AEP Energy may terminate this Agreement without penalty, Cancellation Fee or further obligation (but you will remain responsible to pay AEP Energy for any electricity supply used before this Agreement is terminated, as well as any late fees). Such termination will be effective on the next available drop date as established by the EDU. Any such Change in Law or Regulation may include, but is not limited to, implementation of changes to or adjustments in the implementation of PJM settlements or new or changed PJM and EDU charges for transmission, capacity and ancillary services, or generation adequacy rules, regulations implementing installed capacity obligations, emission allowance requirements, obligations associated with environmental or energy law and regulations (including, without limitation, alternative energy requirements, carbon and greenhouse gas, or other similar controls) or otherwise. Note that if, due to a change in market conditions, we wish to lower the price per kilowatt hour charged to you under this Agreement, we may do so without your consent, provided there are no other changes to the terms and conditions of this Agreement.

3. Term (Length of Agreement). Your service from AEP Energy will begin with the next available meter-reading in the Term following: a) the seven (7) day rescission period and b) processing of the enrollment by your EDU, and will continue for the Term, unless otherwise terminated, ending on the meter read for the last month of service.

4. Billing. You will continue to receive a single bill, typically on a monthly basis, from your EDU that will contain both your EDU and AEP Energy charges. AEP Energy offers budget billing for AEP Energy's charges to residential customers only. If you do not pay your bill by the due date, AEP Energy may cancel this Agreement after giving you a minimum of fourteen (14) calendar days' written notice. Upon cancellation you will be returned to your EDU as a customer. You will remain responsible to pay AEP Energy for any electricity used before this Agreement is cancelled as well as any late payment charges. Further, your failure to pay EDU charges may result in your electric service being disconnected in accordance with the EDU tariff.

5. Penalties, Fees and Exceptions. Your EDU may charge you a switching fee. If you do not pay the full amount owed to AEP Energy by the due date of the bill, AEP Energy may charge a late payment fee up to one and one-half percent (1.5%) of the outstanding balance per month, or the maximum legally allowed interest rate, whichever is lower until such payment is received by AEP Energy. AEP Energy reserves the right to demand adequate assurances from you in the form of prepayment or other form of credit support in the event you fail to make payments in accordance with the terms herein. Customers requiring financial assurance will be required to post that assurance within three (3) business days of notice.

6. Cancellation/Termination Provisions/Failure to Pay. If this Agreement is not rescinded during the rescission period, enrollment will be sent to your EDU. You may terminate this Agreement, without penalty, if you move outside AEP Energy's service area or into an area where AEP Energy charges a different price, by providing AEP Energy with a thirty (30) calendar day written notice prior to such move. Any failure to pay your bill shall be deemed a breach of this Agreement permitting AEP Energy to terminate this Agreement upon fourteen (14) calendar days' advance written notice. If specified in the table above under "Cancellation Fee," there may be a charge if you terminate this Agreement for any other reason, except as expressly provided herein, or breach this Agreement in accordance with the preceding sentence. In addition to any applicable Cancellation Fee, you will remain responsible to pay AEP Energy for any electricity supply used before this Agreement is cancelled or terminated for any reason, as well as any late fees. Should you cancel service with AEP Energy and return to standard offer service with your EDU, you may not be served under the same rates, terms, and conditions that apply to other EDU customers.

7. Your Consent and Information Release Authorization. By accepting this offer from AEP Energy, you understand and agree to the terms and conditions of this Agreement with AEP Energy. You authorize AEP Energy to obtain information from the EDU that includes, but is not limited to: your billing history, payment history, historical and expected electricity usage, meter-readings, and characteristics of electricity service. This Agreement shall be considered executed by AEP Energy following: a) the end of the seven (7) day rescission period and b) acceptance of enrollment by your EDU.

8. Contract Expiration. At the end of its Term, this Agreement will expire. As prescribed by the PUCO, at least every three years, you will be given the opportunity to "opt-out" of your community program at no cost. You are responsible for arranging your electric supply upon the expiration of this Agreement.

9. Dispute Procedures. Contact AEP Energy with any questions concerning the terms of service by phone at 1-866-258-3782 (toll-free) M-F 8AM – 7PM EST or in writing at AEP Energy, PO Box 3489, Chicago, IL 60654. Our web address is AEPenergy.com. If your complaint is not resolved after you have called AEP Energy and/or your EDU, or for general utility information, residential and business customers may contact the Public Utilities Commission of Ohio for assistance at 1-800-686-7826 (toll free) or TTY at 1-800-686-1570 (toll free) from 8:00 AM - 5:00 PM EST

weekdays or at www.PUCO.ohio.gov. Hearing or speech impaired customers may contact the PUCO via 7-1-1 (Ohio relay service). Residential customers may also contact the Ohio Consumers' Counsel for assistance with complaints and utility issues at 1-877-742-5622 (toll free) from 8:00 AM - 5:00 PM EST weekdays, or www.pickocc.org.

10. Miscellaneous. You have the right to request from AEP Energy, twice within a twelve (12)-month period, up to twenty-four (24) months of payment history, without charge. AEP Energy is prohibited from disclosing your social security number and/or account number(s) without your affirmative written consent except for AEP Energy's collections and reporting, participating in programs funded by the universal service fund pursuant to section 4928.54 of the Ohio Revised Code, or assigning your contract to another CRES provider. AEP Energy assumes no responsibility or liability for the following items that are the responsibility of the EDU: operation and maintenance of the EDU's electrical system, any interruption of service, termination of service, or deterioration of the EDU's service. In the event of a power outage, you should contact your local EDU. AEP Energy reserves the right to re-price any account(s) or return you to the EDU if your rate code or meter type is changed and/or the account is no longer eligible for the aggregation program. Any notice, demand or other communication to be given hereunder, including, without limitation, any termination notice, shall be in writing and delivered to the address or email address maintained on file for you. AEP Energy's environmental disclosure statement is available for viewing on our website at AEPenergy.com. You agree that AEP Energy will make the required quarterly updates to the statement electronically on our website. We will also provide the information to you upon request.

11. Warranty and Force Majeure. AEP Energy warrants title and the right to all electricity sold hereunder. THE WARRANTIES SET FORTH IN THIS PARAGRAPH ARE EXCLUSIVE AND ARE IN LIEU OF ALL OTHER WARRANTIES, WHETHER STATUTORY, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR ARISING OUT OF ANY COURSE OF DEALING OR PURPOSE OR USAGE OF TRADE. AEP Energy will make commercially reasonable efforts to provide your electric service, but does not guarantee a continuous supply of electricity. Certain causes and events are out of the reasonable control of AEP Energy and may result in interruptions in service. AEP Energy is not liable for damages caused by acts of God, changes in laws, rules or regulations or other acts of any governmental authority (including the PUCO or RTO), accidents, strikes, labor troubles, required maintenance

work, inability to access the local distribution utility system, nonperformance by the EDU or any other cause beyond AEP Energy's reasonable control.

12. REMEDIES. UNLESS OTHERWISE EXPRESSLY PROVIDED HEREIN, ANY LIABILITY UNDER THIS AGREEMENT WILL BE LIMITED TO DIRECT, ACTUAL DAMAGES AS THE SOLE AND EXCLUSIVE REMEDY, AND ALL OTHER REMEDIES OR DAMAGES AT LAW OR IN EQUITY ARE WAIVED. NEITHER PARTY WILL BE LIABLE TO THE OTHER PARTY OR ITS AFFILIATES FOR CONSEQUENTIAL, INCIDENTAL, PUNITIVE, EXEMPLARY OR INDIRECT DAMAGES, INCLUDING LOST PROFITS OR OTHER BUSINESS INTERRUPTION DAMAGES, WHETHER IN TORT OR CONTRACT, UNDER ANY INDEMNITY PROVISIONS OR OTHERWISE IN CONNECTION WITH THIS AGREEMENT. THE LIMITATIONS IMPOSED ON REMEDIES AND DAMAGE MEASUREMENT WILL BE WITHOUT REGARD TO CAUSE, INCLUDING NEGLIGENCE OF ANY PARTY, WHETHER SOLE, JOINT, CONCURRENT, ACTIVE OR PASSIVE; PROVIDED NO SUCH LIMITATION SHALL APPLY TO DAMAGES RESULTING FROM THE WILLFUL MISCONDUCT OF ANY PARTY.

13. Your Liability and Indemnification of AEP Energy. You assume full responsibility for retail electricity furnished to you at the delivery point(s) and on your side of the delivery point(s), and agree to and shall indemnify, defend, and hold harmless AEP Energy, its parent company and all of its affiliates, and all of their respective managers, members, officers, directors, shareholders, associates, employees, servants, and agents from and against all claims, losses, expenses, damages, demands, judgments, causes of action, and suits of any kind (hereinafter collectively referred to as "Claims"), including Claims for personal injury, death, or damages to property occurring at the delivery point(s) or on your side of the delivery point and upon the premise(s), arising out of or related to the electricity and/or your performance under this Agreement.

14. Assignment. You shall not assign this Agreement or its rights hereunder without the prior written consent of AEP Energy. AEP Energy may, without your consent, assign this Agreement to another CRES provider, including any successor, in accordance with the rules and regulations of the PUCO.

15. Choice of Law. This Agreement shall be construed and enforced in accordance with the laws of the State of Ohio without giving effect to any conflicts of law principles which otherwise might be applicable.

16. Contact Information. AEP Energy, 155 W. Nationwide Blvd., Suite 500, Columbus, OH 43215. For more information call (866) 258-3782 or visit AEPenergy.com.

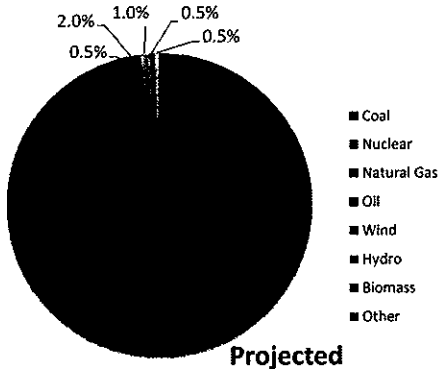

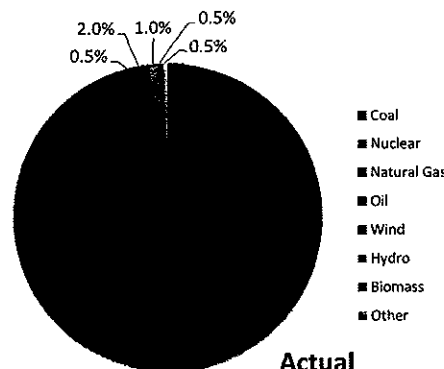

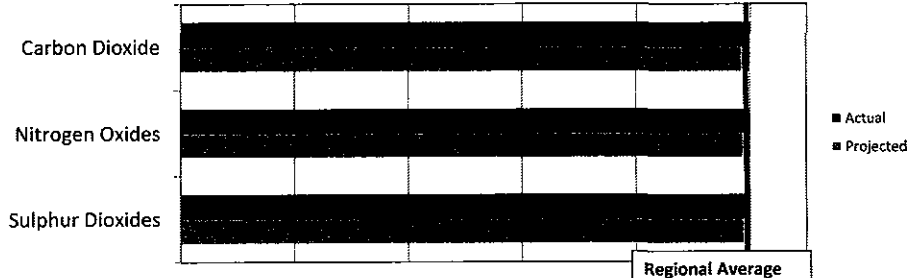

Environmental Disclosure - Quarterly Comparison

AEP Energy

Projected Data for the 2015 Calendar Year

Actual Data for the Period 01/01/15 to 09/30/15*

Generation Resource Mix - A comparison between the sources of generation projected to be used to generate this product and the actual resources used during the period.	 <p>Projected</p>	 <p>Actual</p>								
Environmental Characteristics - A description of the characteristics associated with each possible generation resource.	Biomass Power	Air Emissions and Solid Waste								
	Coal Power	Air Emissions and Solid Waste								
	Hydro Power	Wildlife Impacts								
	Natural Gas Power	Air Emissions and Solid Waste								
	Nuclear Power	Radioactive Waste								
	Oil Power	Air Emissions and Solid Waste								
	Other Sources	Unknown Impacts								
	Solar Power	No Significant Impacts								
	Unknown Purchased Resources	Unknown Impacts								
Wind Power	Wildlife Impacts									
Air Emissions – Product-specific projected and actual air emissions for this period compared to the regional average air emissions.										
	<table border="1"><thead><tr><th>Type:</th><th>Quantity:</th><th></th></tr></thead><tbody><tr><td>High-Level Radioactive Waste</td><td>Unknown</td><td>LBs./1,000 kWh</td></tr><tr><td>Low-Level Radioactive Waste</td><td>Unknown</td><td>Ft.³/1,000 kWh</td></tr></tbody></table> <p>AEP Energy purchases all of its electric energy from the wholesale market. The above generation resource mix is based on EIA reporting of regional generation sources. AEP Energy does not have access to information regarding the radioactive waste produced by nuclear generation in the region.</p>		Type:	Quantity:		High-Level Radioactive Waste	Unknown	LBs./1,000 kWh	Low-Level Radioactive Waste	Unknown
Type:	Quantity:
