COMPLAINT DESCRIPTION:

Duke Energy is seeking a base fee increase that will undercut energy conscious users ability to control their utility bills. Senior citizens on social security will be unusually affected by such a scheme. I implore the P U C O to NOT ALLOW this to happen. Today I received my annual announcement of Social Security benefits (for 2018). It's \$8.00 per month. That's before any Medicare increase which will surely happen. That makes 3 or 4 consecutive years with no increase for Seniors. Doesn't anyone care ?

Notes:

I don't feel utility commission needs to put in a place a fix rate when I have high efficiency furnace. You should be charged based on what you use.

Please docket the attached in the case number above.

The customer fees Duke Energy is seeking is too much , especially for the residents on fixed income and the elderly. No one should be forced to pay such a high increase . Thank you for your attention and consideration .
