Owners

Donald Cheesman and Stephen Eskrigge have a strong record of establishing and managing successful energy companies in deregulated markets. They have been major shareholders and the key managers of six successful energy companies in the deregulated energy markets in the United States, Australia and New Zealand: Kiwi Energy NY LLC, Frontier Utilities Inc., Energy Online, Victoria Electricity, Queensland Electricity, Direct Connect Australia Pty Ltd. The New Zealand market has been fully deregulated since 1998 while the Victorian market in Australia deregulated in 2003. In the past few years, Victoria has been one of the most competitive energy markets in the world. The Queensland market in Australia opened to competition in 2007 and now rivals Victoria for competitiveness.

Richard Booth and Kitty Bromhead bring 10 years of experience in overseeing operations and acquiring customers in the competitive energy markets in the United States, New Zealand and Australia. Richard is currently the President of Retail Operations at Kiwi Energy NY LLC and Kitty serves as the Vice President of Retail Operations. Both currently oversee the operations at Kiwi Energy NY LLC, an energy supplier in New York, which has a customer base of more than 75,000. Previously, Richard and Kitty were in similar roles at Frontier Utilities based in Texas. Prior to their roles at Frontier Utilities, Richard was the General Manager of Sales and Marketing and Kitty was the Internal Sales Manager at Victoria Electricity. Both were responsible for a team of 200 employees which consisted of 12 supply partners and 150 staff members. This team covered customer acquisition and retention, and marketing and electricity, gas and telecommunications markets in Victoria, New South Wales, Queensland and South Australia. Richard's team was also responsible for Ecogold, a loyalty program which included an environmental fund with ongoing communication of special offers to customers from various business partners. When Richard and Kitty left Victoria Electricity to set up Frontier Utilities in Texas, the company had more than 400,000 customers. Prior to joining Victoria Electricity, Richard managed the commercial sales team at Energy Online, where Kitty was also employed.

Previous Experience in the Industry***Kiwi Energy NY LLC***

Kiwi Energy NY LLC, an affiliate of Arrow Energy, was formed in December 2008, (originally incorporated as Frontier Utilities Inc. (NY)) with Donald Cheesman, Stephen Eskrigge and Richard Booth as shareholders. With the sale of their Texas based company Frontier Utilities Inc., Frontier Utilities Inc. (NY) was rebranded as Kiwi Energy and the operations were moved from Texas to New York. Kiwi Energy is currently an affiliate of Spring Energy and operates in the New York energy market. Kiwi Energy markets predominantly to residential with some small commercial customers and has contracted with more than 75,000 customers in New York. The current utility service areas include the following: National Grid, ConEd, New York State Electric & Gas, Rochester Gas & Electric, and Central Hudson.

Exhibit B-3**Previous Experience in the Industry: Continued***Frontier Utilities Inc.*

Frontier Utilities Inc. was formed in August 2008 with Donald Cheesman and Steve Eskrigge as shareholders. Frontier Utilities commenced trading in 2009. Frontier Utilities Inc. grew to more than 10,000 customers where it was acquired by the Quintana Group in 2011 which allowed the principles to concentrate on their Northeast energy business.

Victoria Electricity

Victoria Electricity was formed in 2002 with Donald Cheesman, Steve Cheesman and listed investment company Infratil (see www.infratil.com) as shareholders. Victoria Electricity commenced trading in 2004 and currently supplies in excess of 300,000 customers. In 2007, Infratil purchased Cheesman and Eskrigge's shares and now holds 100 percent of the company. Victoria Electricity has been responsible for approximately 30% of market churn in Victoria. Queensland Electricity Pty Ltd, NSW Electricity Pty Ltd, South Australia Electricity Pty Ltd, run a similar model to Victoria Electricity and were also purchased by Infratil in 2007. In 2010, they were consolidated into one company called Lumo Energy (see www.kumoenergy.com.au).

Direct Connect Australia Pty Ltd

Direct Connect was founded by Donald Cheesman and Steve Eskrigge in 2004 and is the dominant utility connection company in Australia providing energy, telecommunications, insurance and other products to individuals and customers who are moving locations. This company provides energy retailers with direct access to the large moving market and assists more than 300 people per day to move premises (see www.directconnect.com.au).

Energy Online Ltd

Energy Online (EOL) was established by Donald Cheesman and Steve Eskrigge in 1998 to seize the opportunity provided by the deregulating New Zealand energy market. After an initial growth period, Cheesman and Eskrigge sold their shares to a telecommunications company, Newcall Communications, but remained on the Board and operationally responsible for the company. In 2002, Energy Online was sold to Genesis Power, the largest integrated generator retailer in New Zealand. Genesis continues to operate Energy Online independently as a growth brand. EOL currently supplies more than 60,000 customers (refer to www.energyonline.co.nz)

Agility CIS Ltd

Agility CIS Ltd. (Agility) is a New Zealand-based company, providing billing and customer-management solutions to Australasia's retail energy companies. Since 1998 Agility has been developing, integrating and supporting its flagship product, Orion, a comprehensive system for customer management and utility service billing. Orion can be tailored for any specific requirement, and fully supports electricity, gas, internet/data and water products.
