Re: Case No. 17-2300-EL-REN- DG AMP Solar Orrville 3 -Staff Interrogatories – Initial Set

Mark,

This letter is in response to staff inquiry received from the Public Utilities Commission of Ohio on December 14, 2017.

Question 1: In section H of the application you state that the facility is not yet online and the projected in-service date as 12/15/17. Is the facility online now? If so, what is the in-service date? If not, what is the new projected in-service date

Answer 1: The facility construction has had a slight delay and is not online to date. The DG AMP Solar, LLC Orrville 3 site will not become operational until January 2018.

Please contact me with any additional information needed. Thank you.
