Notice of Proposed Major Utility Facility (New Pipeline Construction)

Dominion Energy Ohio ("DEO") is planning to replace in Canton Township, Stark County, Ohio approximately 5,084 feet of existing 10-inch diameter pipeline located in DEO easements, with 6,250 feet of 12-inch diameter natural gas pipeline in public right of way (ROW) and DEO easements. The new pipeline will be installed on the west side of Waynesburg Drive from 1,800 feet south of 17th Street to 17th Street, on the south side of 17th Street from Waynesburg Drive to Marietta Avenue, and on the west side of Marietta Avenue from 17th Street 1,400 feet north of 17th Street where it will cross the road, head north another 300 feet and tie into the existing pipe. Construction has been scheduled to begin March 2018 and to end September 2018.

The location of the proposed new pipeline is shown on the map below:

A Letter of Notification (LON) has been filed with the Ohio Power Siting Board (Board) as Case No. 17-2502-GA-BLN in order to construct, operate and maintain the proposed pipeline described above.

The following public officials were served a complete copy of the LON:

Stark County Commissioners in c/o Brant Luther; Stark County Engineers Randy L. Smith; Stark County Regional Planning Authority President Robert Fonte; Stark County Utility Coordinator Donald Bendetta; Christopher Nichols, William Mittas, and Mark Shaffer, Canton Township Trustees; and Jonathan Smith, Canton Township Road Superintendent.

The LON is available for public inspection at the Stark County District Main Library located at 715 Market Avenue N., Canton, Ohio 44702.

Dominion East Ohio at its office 320 Springside Drive, Suite 320, Akron, OH 44333 also has a complete copy of the Letter of Notification for viewing by members of the public. A copy of the accelerated application is located on DEO's web page at on <https://www.dom.com/home-and-small-business/rates-and-regulation/siting-board-filings>. Choose the case number of this case and double click to view the filings made by DEO. Copies of all filings in this case can be located at the Ohio Power Siting Board website at <http://www.opsb.ohio.gov> by scrolling down to "Pending Cases" and selecting the case by name or docket number.

The Ohio Power Siting Board will review the Letter of Notification in accordance with Ohio Revised Code Section 4906.10(A) which states that the Board shall not grant a certificate for the construction, operation, and maintenance of a major utility facility, either as proposed or as modified by the Board, unless it finds and determines all of the following: (1) The basis of the need for the facility; (2) The nature of the probable environmental impact; (3) That the facility represents the minimum adverse environmental impact, considering the state of available technology and the nature and economics of the various alternatives, and other pertinent considerations; (4) In the case of an electric transmission line, that the facility is consistent with regional plans for expansion of the electric power grid of the electric systems serving this state and interconnected utility systems and that the facility will serve the interests of electric system economy and reliability; (5) That the facility will comply with Chapters 3704, 3734, and 6111 of the Revised Code and all rules and standards adopted under those chapters and under Sections 1501.33, 1501.34, and 4561.32 of the Revised Code. In determining whether the facility will comply with all rules and standards adopted under Section 4561.32 of the Revised Code, the board shall consult with the office of aviation of the division of multi-modal planning and programs of the department of transportation under Section 4561.341 of the Revised Code; (6) That the facility will serve the public interest, convenience, and necessity; (7) In addition to the provisions contained in divisions (A)(1) to (6) of this section and rules adopted under those divisions, what its impact will be on the viability as agricultural land of any land in an existing agricultural district established under Chapter 929 of the Revised Code that is located within the site and alternative site of the proposed major utility facility, rules adopted to evaluate impact under Division (A)(7) of this section shall not require the compilation, creation, submission, or production of any information, document, or other data pertaining to land not located within the site and alternative site; and (8) That the facility incorporates maximum feasible water conservation practices as determined by the board, considering available technology and the nature and economics of the various alternatives.

Affected persons may file comments or motions to intervene in accordance with Ohio Administrative Code Rule 4906-2-12 with the Board up to ten (10) days following the publication of this notice. Comments or motions should be addressed to the Ohio Power Siting Board, 180 East Broad Street, Columbus, Ohio 43215-3793 and cite Case No. 17-2502-GA-BLN. Persons may contact the Ohio Power Siting Board at 1-866-270-OPSB (6772) or contactopsb@psc.state.oh.us
