Trishe Wind Ohio, LLC
Notification of Compliance with Condition 6, Civil Site Plan Access Road**

Dear Ms. McNeal:

Trishe Wind Ohio, LLC ("Applicant") is certified to construct a wind-powered electric generation facility in Paulding County, Ohio, in accordance with the December 16, 2013 Opinion, Order, and Certificate ("Certificate") issued by the Ohio Power Siting Board ("OPSB").

The Applicant is providing this letter to notify the OPSB of the update to the civil plan for the access road to Turbine 45 in accordance with Condition 6 to the Certificate. As reflected in the attached, there is an unsubstantial change to the access road for Turbine 45, due to the landowner's construction of new barns. The change to the access road is within the surveyed corridor approved by the OPSB and there are no new property owners or impacts as a result of this update.

We are available, at your convenience, to answer any questions you may have.

Respectfully submitted,

/s/ Christine M.T. Pirik
