

Public comment for 17-2516 and 17-2517

Cassie Weir cassweir@live.com (937) 414-1140

"I am upset that the OPSB went behind the backs of Champaign County residents and approved the revised wind turbine project without the knowledge and consent of the people it will actually affect. The sneaky way of how it went about is sickening! I moved to the country to get away from congestion and to enjoy the outdoors... I would rather be in the middle of a big city then have to look out my door/windows and see some of the largests wind turbines in the country! I do not want to raise my family around wind turbines due to the frightening health effects from living so close to them, not to mention what it will do to my property value! OPSB thinks if they cut the number by half we wont notice the turbines are way larger than in the first plan! We as tax payers deserve the right to vote on such a life changing decision. Not the people who benefit financially from it! "
