Notice of Proposed Major Utility Facility (New Pipeline Construction)

Dominion Energy Ohio ("DEO") is planning to construct and replace an existing 8-inch diameter distribution pipeline with approximately 6,100 feet of a new 12-inch diameter natural gas pipeline. The new pipeline will be placed within the existing DEO easements to the north and re-routed along the public right-of-ways to the south. The pipeline project will run in a northwest to southeast direction between Rohrer Road and West High Street, in a west to east direction along West High Street until Smucker Street, and in a north to south direction along Smucker Street up to DEO's Smucker-Border Station in the City of Orrville and Green Township, Wayne County, Ohio. DEO plans to start the construction in April 2018 and to end the project in December 2018.

The location of the proposed new pipeline is shown on the map below:

A Letter of Notification ("LON") has been filed with the Ohio Power Siting Board ("Board") as Case No. 17-1957-GA-BLN in order to construct, operate and maintain the proposed pipeline described above.

The following public officials were served a complete copy of the Letter of Notification:

Ann Obrech, Sue Small, and Ron Amstutz, Wayne County Board of Commissioners; Bill Cietzer, Chairman of the Wayne County Planning Department; John Redick, Chairman of the Wayne Soil & Conservation District; Scott A. Miller, Wayne County Engineer; City of Orrville Mayor David T. Handwerk; Robert Snyder, Chairman of the Orrville Planning Commission; Steven M. Wheeler, Orrville Safety-Service Department; and Scott D. Imhoff, Homer Hostetler, and Donald Zimmerly, Green Township Trustees.

The LON is available for public inspection at the Orrville Public Library, located at 230 N Main Street, Orrville, Ohio 44667.

Dominion Energy Ohio, at its office 320 Springside Drive, Suite 320, Akron, OH 44333, also has a complete copy of the Letter of Notification for viewing by members of the public. A copy of the Letter of Notification can also be viewed on Dominion Energy Ohio's web page for Siting Board Filings at www.DominionEnergy.com/SitingBoard. Make sure that the location at the top of the page is "Ohio". If not, select Ohio as the location and search for the web-address again to open the Siting Board page. Once on that page click on the case number for this case. Copies of all filings in this case can be located at the Ohio Power Siting Board website at www.opsb.ohio.gov by clicking on "Letters of Notification" and selecting the case by name or docket number listed under open cases.

The Ohio Power Siting Board will review the Letter of Notification in accordance with Ohio Revised Code Section 4906.10(A) which states that the Board shall not grant a certificate for the construction, operation, and maintenance of a major utility facility, either as proposed or as modified by the Board, unless it finds and determines all of the following: (1) The basis of the need for the facility; (2) The nature of the probable environmental impact; (3) That the facility represents the minimum adverse environmental impact, considering the state of available technology and the nature and economics of the various alternatives, and other pertinent considerations; (4) In the case of an electric transmission line, that the facility is consistent with regional plans for expansion of the electric power grid of the electric systems serving this state and interconnected utility systems and that the facility will serve the interests of electric system economy and reliability; (5) That the facility will comply with Chapters 3704., 3734., and 6111. of the Revised Code and all rules and standards adopted under those chapters and under Sections 1501.33, 1501.34, and 4561.32 of the Revised Code. In determining whether the facility will comply with all rules and standards adopted under Section 4561.32 of the Revised Code, the board shall consult with the office of aviation of the division of multi-modal planning and programs of the department of transportation under Section 4561.341 of the Revised Code; (6) That the facility will serve the public interest, convenience, and necessity; (7) In addition to the provisions contained in divisions (A)(1) to (6) of this section and rules adopted under those divisions, what its impact will be on the viability as agricultural land of any land in an existing agricultural district established under Chapter 929 of the Revised Code that is located within the site and alternative site of the proposed major utility facility; rules adopted to evaluate impact under Division (A)(7) of this section shall not require the compilation, creation, submission, or production of any information, document, or other data pertaining to land not located within the site and alternative site; and (8) That the facility incorporates maximum feasible water conservation practices as determined by the board, considering available technology and the nature and economics of the various alternatives.

Affected persons may file comments or motions to intervene in accordance with Ohio Administrative Code Rule 4906-2-12 with the Board up to ten (10) days following the publication of this notice. Comments or motions should be addressed to the Ohio Power Siting Board, 180 East Broad Street, Columbus, Ohio 43215-3793 and cite Case No. 17-1957-GA-BLN. Persons may contact the Ohio Power Siting Board at 1-866-270-OPSB (6772) or contactOPSB@psc.state.oh.us.
