**BEFORE
THE PUBLIC UTILITIES COMMISSION OF OHIO**

In the Matter of the Application of)	
Columbia Gas of Ohio, Inc. for an Adjustment)	Case No. 17-2374-GA-RDR

MEMORANDUM IN SUPPORT OF MOTION TO INTERVENE

Ohio Partners for Affordable Energy (“OPAE”) should be permitted to intervene in this matter pursuant to Section 4903.22.1, Revised Code, and the Commission’s Rules and Regulations contained in Rule 4901-1-11 of the Ohio Administrative Code. The above-referenced application made by Columbia Gas of Ohio, Inc. (“Columbia”) requests rate adjustments to Columbia’s Rider IRP (Infrastructure Replacement Program) and Rider DSM (Demand-Side Management).

In determining whether to permit intervention, the following criteria are to be considered: the nature of the person’s interest; the extent to which that interest is represented by existing parties; the person’s potential contribution to a just and expeditious resolution of the proceeding; and, whether granting the intervention will unduly delay or unjustly prejudice any existing party. OPAE meets all four criteria for intervention in this matter.

OPAE is an Ohio non-profit corporation with a stated purpose of advocating for affordable energy policies for low and moderate-income Ohioans; as such, OPAE has a real and substantial interest in this matter, which will adjust the rider rates paid by low and moderate-income residential customers of Columbia who take service under Columbia’s small general service (“SGS”) tariff. Additionally, OPAE includes as members non-profit organizations located in the service area that will be affected by the application.¹ OPAE members are also SGS customers of Columbia. Many

¹ A list of OPAE members can be found on the website: www.ohiopartners.org.

of OPAE's members are community action agencies. Under the federal legislation authorizing the creation and funding of these agencies, originally known as the Economic Opportunity Act of 1964, community action agencies are charged with advocating for low-income residents of their communities. OPAE also provides essential services in the form of bill payment assistance programs and weatherization and energy efficiency services to low-income customers of Columbia.

OPAE's primary interest in this case is to protect the interests of low and moderate-income customers and OPAE members whose rates and provision of service will be affected by this application. OPAE seeks to address any issues as may arise during consideration of this matter. Further, OPAE has been recognized by the Commission in the past as an advocate for consumers and particularly low-income consumers, all of whom will be affected by the outcome of this case.

For the above reasons, OPAE has a direct, real and substantial interest in this matter. The disposition of this matter may impair or impede the ability of OPAE to protect its interests. No other party to the matter will adequately represent the interests of OPAE. OPAE is a rare organization that serves as an advocate, service provider and nonprofit nonresidential customer group. No other party represents this group of interests. OPAE's participation in this matter will not cause undue delay, will not unjustly prejudice any existing party, and will contribute to the just and expeditious resolution of the issues raised by this application.

Therefore, OPAE is entitled to intervene in this matter with the full powers and rights granted by statute and by the provisions of the Commission's Code of Rules and Regulations to intervening parties.

Respectfully submitted,

/s/Colleen L. Mooney
