Description Information

Description:

I have been a resident of Seneca County for 23 years. I am being forced without any control, the Republic Wind farm. I DO NOT support something that will negatively affect wildlife, climate change and residents well beings. The only people that are supporting the project are the ones getting a easy payday. It's not about green energy or efficiency because they are not. Ohio sitting board Please do not approve the application for the Republic Wind projec 17-2295 EL-BGNt. As other Ohio communities are speaking out how they are not working out.
