

**BEFORE  
THE OHIO POWER SITING BOARD**

In the Matter of the Letter of Notification    )  
Application of Dominion Energy Ohio for the    ) Case No. 18-113-GA-BLN  
Chippewa Station Replacement Project         )

---

**DOMINION EAST OHIO'S  
SUPPLEMENT TO LETTER OF NOTIFICATION**

---

On February 23, 2018, the Ohio Power Siting Board Staff issued its Staff Report, which contains the four conditions listed below:

1. Prior to the commencement of construction activities in areas that require permits or authorizations by federal or state laws and regulations, the Applicant shall obtain and comply with such permits or authorizations. The Applicant shall provide copies of permits and authorizations, including all supporting documentation, to Staff within seven days of issuance or receipt by the Applicant.
2. Prior to construction, the Applicant shall submit to Staff, for review and confirmation that it complies with this condition, a project construction plan that provides the specific locations of its laydown areas and is responsive to the Ohio Department of Natural Resources (ODNR) concerns about state listed species and ecological areas of significance. If the specific laydown locations chosen appear to have additional adverse impacts, the Applicant shall either propose different specific locations without such impacts, or refile its application.
3. The Applicant shall provide a copy of any floodplain permit required for construction of this project, or a copy of correspondence with the floodplain administrator showing that no permit is required, to Staff within seven days of issuance or receipt by the Applicant.
4. Prior to the commencement of construction, the Applicant shall obtain a coordination letter from the ODNR in regards to impacts to state and federal listed species and/or their suitable habitat and shall coordinate with the ODNR and Staff regarding compliance with the letter.

By this submission, Dominion Energy Ohio (“DEO”) incorporates the above conditions as a supplement to its Letter of Notification filed February 1, 2018, and requests that this supplement be considered part of DEO’s application.

Respectfully submitted on behalf of,  
DOMINION ENERGY OHIO
