Exhibit B-1 "Jurisdictions of Operations"

As of this filing, and outside of Ohio, Extriciti, LLC is not licensed as a brokerage firm in any other jurisdiction.

Exhibit B-2 "Experience & Plans"

Extricity is a web-based based platform that allows the small business and residential community to quickly identify multiple wholesale energy opportunities based on specific procurement identifiers. Extricity functions as an independent brokerage firm, and thus is supplier agnostic. This in turn means that Extricity is not taking title to any energy and therefore does not provide any energy related billing statements to customers. In addition, because the company does not take title to the electricity, it is not a party to any agreements between customer and supplier, merely a conduit.

The managing partners of Extricity are seasoned energy professions with over 43 years of experience in both energy trading and energy retail marketing. Their extensive knowledge of utility structures, tariffs, and wholesale modeling allows Extricity to deliver crucial and unbiased information to clients, which empowers them to make the best decisions regarding implementation of risk strategies that are in line with corporate goals.

Greg Bechert has been involved in the energy retail industry since 1995, beginning with Enron Capital and Trade, where his initial focus was natural gas end-use customers throughout the Midwest region, specifically in Indiana, Michigan, and Ohio. Over seven years, his role and responsibilities expanded to include marketing electricity in Massachusetts, Illinois and Texas. In 2003, Mr. Bechert joined Constellation NewEnergy (CNE) where his knowledge and background assisted CNE in its marketing campaigns under Cinergy's and FirstEnergy's Market Development Plans. He went on to manage CNE's Midwest sales team, and was instrumental in leading the company's sales efforts behind the Ameren footprint in Southern Illinois, and eventually expanded his responsibilities to include the ComEd market throughout Chicagoland. In 2009, he started Scioto Energy, Ohio's largest energy brokerage and consulting firm. Greg was recognized as a 2013 Who's Who in Energy, and in 2013 help found the Energy Professionals of Ohio association, where he currently serves on the board. In 2015, Greg was recognized as one of the Top 20 Energy Professionals by Business First.

Susanne Buckley began her energy career in 1992 when she joined American Electric Power as an environmental engineer, which provided the foundation for her extensive knowledge of utility rate structures developed over the years. Ms. Buckley moved to the deregulated side when she joined American Electric Power Energy Services in 1998 where she gained experience in operations, trading, structuring deals and marketing. In 2005, Ms. Buckley joined Integrys Energy Services where she led the residential mass markets efforts for deregulated natural gas and electricity sales and also directed the commercial and industrial sales efforts for the Midwest region. In 2009, Susanne joined Scioto Energy and assisted in its efforts to become a leading brokerage and consulting firm in the Midwest. In 2013, she was recognized as a Who's Who in Energy, and in 2014, she was recognized as one of the Top 20 Energy Professionals by Business First.
