PUCO Docketing Division:

Patrick Engineering (Patrick), on behalf of the Indiana & Ohio Railway, is submitting the following update for the above-referenced projects:

Bids were received for both projects by 1/12/18, with TCR as the lowest bidder. Vendor agreements and PO's for TCR, flagging and power service have been secured. Regarding power coordination, contact for power was initiated on 11/27/17 with both DP&L and AEP. Curry Electric installed the service poles at both sites by 2/9/18 and connection by AEP was completed on 2/20/18 for Quarry Rd. We have contacted DP&L to confirm connection with the service pole at Pearl St. Both projects are scheduled for construction in May, 2018.

Please feel free to contact me at 614-354-4933 if you have any questions regarding this submission.

Sincerely,

PATRICK ENGINEERING INC.
