Dear Ms. Hunter:

2018 MAR 26 PM 3: 22
PUCO

Thank you very much for speaking with me about the complaint that I am filing against Duke Energy of Cincinnati, Ohio. You were friendly and knowledgeable. I appreciate it.

. This is a new complaint. The individual case # that was assigned to me is 18-0493-EL-CSS.

Duke Energy is negatively impacting the property values of our homes in Anderson Township. Duke is doing this by clear cutting (vs. trimming as they have done in the past) all trees located within a 100 foot right—of-way under the transmission wires.

Our complaint is that Duke Energy is failing to adhere to what is permissible in the language of the Grant of Easement (written in 1948) that is associated with my property. They are also surpassing requirements by PUCO as described in: Section F (Right of Way Vegetation Management) of its *Programs for Inspection, Maintenance, Repair and Replacement of Distribution and Transmission Lines* 4901:1-10-27 (E)(1).

I would like PUCO to stop Duke from taking this excessive and unnecessary action to clear cut trees.

I am also filing an Emergency Stop Cut Order for Duke Energy which is following this letter.

Sincerely,

Barry V. Corrado 7970 Kimbee Drive

## Attention PUCO:

I request an <u>emergency stop cut order</u> for clear-cutting all trees in the 100 ft. utility easement that Duke Energy has on my property until my complaint can be acted on by PUCO.

Please understand, I have no objection to trimming of trees, as previously practiced by Duke Energy, however I object to the total destruction of all trees located within the easement.

Because Clear cutting could commence immediately, this may be sooner than my complaint can be acted on by PUCO.

My case # is

Sincerely,
