

# THE PUBLIC UTILITIES COMMISSION OF OHIO

IN THE MATTER OF THE APPLICATION OF  
POOLE RESIDENCE - W. POOLE FOR  
CERTIFICATION AS AN OHIO  
RENEWABLE ENERGY RESOURCE  
GENERATING FACILITY.

CASE NO. 11-3808-EL-REN

## ENTRY

Entered into the Journal on April 11, 2018

### I. SUMMARY

{¶ 1} The Commission finds that the request to rescind the certification for Poole Solar - W. Poole facility is reasonable and should be granted.

### II. DISCUSSION

{¶ 2} On June 22, 2011, William Poole (Applicant) filed an application for certification of a rooftop solar photovoltaic system located on his residence in Garnet Valley, Pennsylvania, as an eligible Ohio renewable energy resource generating facility, as defined by R.C 4928.01(A)(37). On August 19, 2011, Certificate No. 11-SPV-PA-GATS-2027 was issued pursuant to the 60-day automatic approval process, with an effective date of August 22, 2011.

{¶ 3} On December 14, 2017, SRECTrade, Inc., on behalf of Applicant, filed a notification in the case that the residence had removed its solar system and requested that the facility's certificate be deactivated as it would no longer be generating electricity.

{¶ 4} The Commission finds the request to decertify the facility is reasonable and should be granted. Accordingly, we find that Certificate No. 11-SPV-PA-GATS-2027 should be rescinded and this case be dismissed and closed of record.

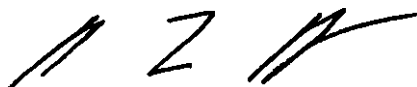

### III. ORDER

{¶ 5} It is, therefore,

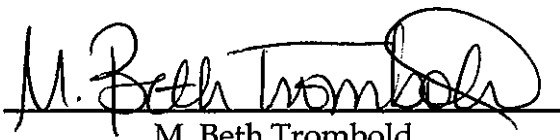

{¶ 6} ORDERED, That Certificate No. 11-SPV-PA-GATS-2027 be rescinded and this case be dismissed and closed of record, in accordance with Paragraph 4. It is, further,

{¶ 7} ORDERED, That a copy of this Entry be served upon all parties of record.
