Ms. Barcy F. McNeal  
Docketing Division  
The Public Utilities Commission of Ohio  
180 East Broad Street  
Columbus, OH 43215-3793

**PRE-APPLICATION NOTIFICATION LETTER**  
**Tangy Substation Expansion Project**  
**Case No. 18-0735-EL-BNR**

Dear Ms. McNeal:

In accordance with Ohio Administrative Code ("OAC") Rule 4906-6-03(A) and OAC Chapter 4906-6 generally, this letter will serve as the pre-application notice letter of applicant American Transmission Systems, Incorporated ("ATSI"), a FirstEnergy company, for the above referenced Project. Applicant expects to file a Construction Notice with the Ohio Power Siting Board shortly.

ATSI is proposing to expand the existing Tangy Substation by approximately 5,000 ft<sup>2</sup>. This additional area is needed to accommodate space for work trucks to maneuver safely around the new 69 kV ring bus. When this additional area is combined with the previously approved expansion area in the London-Tangy 138 kV Transmission Line Relocation and Tangy Substation Expansion Project, Case No. 17-1288-EL-BNR, the total expansion area will be approximately 18,000 ft<sup>2</sup>, which represents 8% of the existing fenced substation area. To accommodate the addition of this new expansion area, approximately 204 linear feet of additional fence will be installed, which, when combined with the previously approved expansion, will result in the expansion of the existing fence line by a total of 554 linear feet.

Construction of this Project is expected to begin as early as April 27, 2018 and be completed by December 31, 2018.

Please be advised that pursuant to Ohio Administrative Code 4906-6-04, ATSI is requesting expedited review of this Project.

Sincerely,

William R. Beutler  
Engineer III  
Energy Delivery Transmission and Substation Design  
FirstEnergy Service Company
