We are pleased to announce that Batavia Township is providing its residents and businesses with an opportunity to save money on their electricity supply. **On November 7, 2017, Batavia Township voters authorized by majority vote the creation of an Electric Aggregation Program to seek lower electricity rates for eligible residential and small business customers and the Township approved a Plan of Operation and Governance as prescribed by Section 4928.20 of the Ohio Revised Code.** Under this arrangement, AEP Energy has been selected as Batavia Township's preferred electricity supply provider. This special offer is exclusive for eligible residents of the Township because through the power of volume buying, AEP Energy is able to secure electricity at competitive prices. AEP Energy is an Ohio-based company.

Through the Township Electric Aggregation Program, starting with the July 2018 meter-read date, eligible residents will receive a secure price of 5.360 cents per kWh for your electricity supply charges for a period of thirty-six (36) months.

If you do NOT wish to participate in this program, you must follow the “opt-out” instructions. If you do not "opt-out", the local utility will complete the enrollment process. As a part of the enrollment process, you will also receive a notice from your local utility, Duke Energy Ohio, confirming your decision to enroll with AEP Energy. Simply review the letter - if you are pleased with the Township Electric Aggregation Plan, then you are all set.

What is the Township Electric Aggregation Program?

Under the Township Electric Aggregation Program, the Township acted on behalf of its electricity consumers to select an electricity supply provider who, through the power of volume buying, is able to secure electricity at competitive prices. The Public Utilities Commission of Ohio (“PUCO”) has taken steps to ensure that Ohio’s competitive electricity environment is consumer-friendly. Voters in the Township approved this aggregation program and the Town Council passed a resolution adopting this Electric Aggregation program.

The Township has selected AEP Energy as their preferred electricity supply provider to serve their residents, beginning with the July 2018 meter-read date for a period of thirty-six (36) months.

Who is AEP Energy?

AEP Energy is a certified Competitive Retail Electric Service (CRES) provider and a subsidiary of American Electric Power (AEP). With an office located in Columbus, Ohio, AEP Energy sells electricity supply to customers at market-based prices rather than regulated rates offered by your local utility.

Why is this an “opt-out” program?

It enables AEP Energy to offer a lower group rate based on the community’s size.

How do I enroll?

You don’t have to do anything to enroll. All eligible customers will be automatically included in the program unless you choose to “opt-out.” If you “opt-out,” you will continue to be served by your local electric utility’s standard service offer or until you choose an alternative electric service provider. However, if you do not respond to this letter, the utility will complete the enrollment process. As a part of the enrollment process, you will also receive a notice from your local utility, Duke Energy Ohio, confirming your decision to enroll with AEP Energy. Simply review the letter - if you are pleased with the Township Electric Aggregation Plan, then you are all set. No deposits are required to enroll.

When will this program start?

The Township Electric Aggregation Program will begin with the July 2018 meter-read date for a period of thirty-six (36) months.

What is my price?

Batavia Township has ensured that, beginning with the July 2018 meter-read date, you will receive a secure price of 5.360 cents per kWh for the generation portion of your electricity bill for a period of thirty-six (36) months.

Where do I send payment?

You will continue to receive one bill each month from your local utility. The amount that you owe to AEP Energy will be stated separately on your bill and you will continue to send payments to your local utility only.

Can I remain on Budget Billing?

Yes, you can remain on budget billing with your local utility; the budget billing program will apply to your charges from AEP Energy and the charges from the local utility. If you are not currently on budget billing and would like to enroll, please contact your local utility.

Can I cancel at any time?

Yes, you may cancel without penalty and switch to another provider or revert back to Duke Energy Ohio, the local utility. Should you cancel your service with AEP Energy and return to standard service with your local utility, you may not be served under the same rates, terms and conditions that apply to other utility customers. You will also be provided the ability to opt out every three years without penalty.

What happens at the end of the program?

As the program draws to a close, the Township can choose to seek bids from electricity providers in order to negotiate a new contract on behalf of eligible households. If at that time, the program has not produced the savings originally anticipated for customers, the Township can also choose to end the program, at which time participants would be notified of their options for continuing in a different program with AEP Energy, switching to another provider, or reverting back to Duke Energy Ohio, the local utility.

Why did the Township select AEP Energy as its provider?

The Township selected AEP Energy because they were able to propose a program that represented the best overall value for eligible households.

If I opt-out initially, can I choose to join the program at a later date?

If you opt-out initially, unfortunately, you may not be able to join the program until you receive the next opt-out notice.

What happens if my family moves to another home?

If you move to another home within Batavia Township, you will be able to continue participating in the program. If you leave Batavia Township, you will no longer be eligible to participate.

What is AEP Energy Reward StoreSM?

You will earn \$10 Reward Dollars to use in AEP Energy Reward Store, our one-stop online marketplace where you can conveniently shop for energy-saving products for your home. Visit AEPenergy.com/rewardstore to learn more!

Unless you affirmatively “opt-out” by June 11, 2018, you will be automatically enrolled if you: a) have an eligible residence located in the specified township receiving electric service from Duke Energy Ohio or AEP Energy (and in the Duke Energy Ohio service territory) and b) are not enrolled in the PIPP program. Participation in the program is subject to the Terms & Conditions of the Agreement between the Township and AEP Energy. AEP Energy’s price excludes taxes, utility distribution and transmission charges and other utility charges and fees. There is no guarantee of any savings under the Aggregation Program. You may terminate your agreement early without penalty. For more information, call toll free 1-877-726-0214, write to: AEP Energy, PO Box 3489, Chicago, IL 60654, or visit AEPenergy.com.

If you have any additional questions, please contact the AEP Energy Customer Care Team toll free at **1-877-726-0214**, Monday – Friday from 8 am to 7 pm and Saturday from 9 am to 1 pm EST.

TERM	GENERATION SERVICE CHARGES	CANCELLATION FEE	CONTRACT RENEWAL
Up to the July 2021 meter read date ("Term").	Residential Customers: <u>5.360¢ per kWh</u> . Small Commercial Customers: <u>5.360¢ per kWh</u> . Price is for Generation Service. Price excludes taxes, utility Distribution Service charges, Transmission Services and other Non-bypassable utility charges and fees.	You may cancel at any time during the Term without penalty. See Section 6 for details.	Your Agreement will terminate after the initial term. See Section 8 for details.

TERMS AND CONDITIONS: These Terms and Conditions (this "Agreement") are your agreement for Generation Service with AEP Energy, Inc. ("AEP Energy"). Please keep a copy of this Agreement for your records. AEP Energy is certified by the Public Utilities Commission of Ohio ("PUCO") to offer and supply Generation Service in Ohio. As a Competitive Retail Electric Service ("CRES") provider, AEP Energy will supply the electric generation services to the interconnection (the "Delivery Point") of your electric distribution utility ("EDU") based on your usage. Your electric utility will continue to be your EDU. All of your retail electric energy service will be supplied and delivered under your community's electric aggregation program (the "Program"), which is governed by the Government Aggregation Master Retail Electric Supply Agreement between the relevant government aggregator and AEP Energy (the "Program Agreement"). You participate in the Program either by (1) not electing to opt out of the Program (i.e., by not returning a completed Program "opt-out" election form (as included in any informational letter provided with this Agreement) or by not otherwise contacting AEP Energy as prescribed) or (2) being an eligible customer residing in the relevant jurisdictional territory applicable under the Program Agreement (not otherwise included in the most recent "opt-out" process) that enters into this Agreement directly with AEP Energy, in each case, subject to any exercise of your rescission right (as described under "Right of Rescission"). Your EDU then distributes or delivers the electricity to you. Your Distribution Service will remain with your current EDU, which is regulated by the PUCO. Your EDU also will continue to read your meter, provide your monthly bill and respond to emergencies. The words "we", "us", and "our" refer to AEP Energy, and the words "you" and "your" refer to the customer.

CERTAIN DEFINITIONS: "Competitive Retail Electric Service Provider" or "CRES" provider means, as defined by Chapter 4901:1-21 of the Substantive Rules applicable to electric service providers, an entity that sells electric energy to retail customers in Ohio. "Generation Service" means the production of electricity. "Generation-Related Charges" means those charges or costs associated with the production, procurement and supply of electricity. "Non-bypassable utility charges and fees" means those EDU charges and fees payable by you regardless of whether the EDU or a

CRES provider provides Generation Service. "Transmission Service" means moving high voltage electricity from a generation facility to the distribution lines of an EDU, which is either bypassable or non-bypassable to you, as determined in accordance with your Distribution Service. "Distribution Service" means the physical delivery of electricity to customers by the EDU. "Billing Cycle" means, with respect to a customer account, the monthly period between meter read dates during the Term.

RIGHT OF RESCISSION: Once you have been enrolled to receive Generation Service from AEP Energy, your EDU will send you a confirmation letter. You have the right to rescind your enrollment without penalty within seven (7) calendar days following the postmark date of the confirmation letter by contacting your EDU orally at the designated toll-free or local number in such letter or in writing and following the instructions contained in the letter.

OTHER IMPORTANT DISCLOSURES: In the event a third party was involved in this Agreement, including, without limitation, a broker or a shopping website, or you are part of a municipal aggregation, the pricing contained herein may be inclusive of a broker fee. **Price Comparison Qualification:** Please be advised that the EDU's standard offer service rates generally change from time to time. AEP Energy therefore does not provide any guarantee of savings in comparison to the EDU's standard offer service rates during the Term of this Agreement. If you received any price comparison(s) in connection with your enrollment, by accepting this offer from AEP Energy, you understand and agree that AEP Energy has informed you, prior to entering into this Agreement, that no guarantee of savings during the Term is being provided.

1. Eligibility. Customers must reside within the relevant jurisdictional territory applicable under the Program Agreement. Residential customer accounts that are on residential utility rates and are not enrolled in the Percentage of Income Plan Program (PIPP) and non-national account small commercial customers with annual usage less than 700,000 kWh are eligible for this offer from AEP Energy. AEP Energy reserves the right to refuse enrollment to any customer that is not current on their Non-bypassable utility charges and fees.

2. Price. Starting with the first Billing Cycle of this Agreement through the last Billing Cycle of the "Term" (as listed in the table above), you agree to pay AEP Energy the price stated in the table above under "Generation Service Charges" for all kilowatt-hours ("kWh") of all applicable combined Generation Service and Generation-Related Charges metered by the EDU. You are responsible for, and your price does not include, applicable state and local taxes and/or Non-bypassable utility charges and fees, which will be billed by the EDU. In addition to AEP Energy's charges, you will be charged by your EDU for Distribution Service and other EDU charges and fees. An average residential customer, using 750 kWh of electricity on a monthly basis, would incur approximately \$35 to \$40 per month in such EDU charges and fees. In the event that any new, or any change in any existing, statute, rule, regulation, order, or other law, or procedure, tariff, rate class, or other process or charge, promulgated by any governmental authority or EDU, Independent System Operator, Regional Transmission Organization ("RTO"), such as PJM Interconnection, L.L.C. ("PJM"), or other regulated service provider, alters to the detriment of AEP Energy its costs to perform or its economic returns under this Agreement (a "Change in Law or Regulation"), then AEP Energy will provide written notice requesting your affirmative consent and agreement, describing the Change in Law or Regulation, the resulting price revisions, and the future date upon which such revised pricing is requested to be effective (a "Price Revision Request"). You then will be able to affirmatively consent and agree to such Price Revision Request, and if you agree, you will pay the revised price described in such Price Revision Request, and all other terms and conditions of this Agreement not modified by such Price Revision Request will remain in full force and effect. If, however, you do not affirmatively consent and agree to the Price Revision Request within thirty (30) calendar days, this Agreement will automatically terminate without penalty, Cancellation Fee or further obligation (but you will remain responsible to pay AEP Energy for any electricity supply used before this Agreement is terminated, as well as any late fees). Such termination will be effective on the next available drop date as established by the EDU. Note that if, due to a change in market conditions, we wish to lower the price per kilowatt hour charged to you under this Agreement, we may do so without your consent, provided there are no other changes to the terms and conditions of this Agreement.

3. Term (Length of Agreement). Your service from AEP Energy will begin on the start of service date determined by the EDU, and this Agreement shall be considered executed by AEP Energy, following: (a) the end of the seven (7) day rescission period and (b) acceptance of your enrollment by your EDU, and will continue for the Term (as listed in the table above), unless otherwise terminated, ending on the date your EDU effectuates your switch back to EDU standard offer service or to another CRES provider. Your meter read date and the date of initiation of service are determined by your EDU; therefore we are not liable for any resulting delay in commencement of your service. This contract does not automatically renew.

4. Billing. Unless AEP Energy notifies you otherwise, you will continue to receive a single bill, typically on a monthly basis, from your EDU that will contain both your EDU and AEP Energy charges (and you acknowledge that your billing and payment information may be provided to AEP Energy). AEP Energy offers budget billing for AEP Energy's charges to residential customers only. You will be responsible for payment of the utility consolidated bill in accordance with applicable EDU billing rules and procedures. Failure by you to pay your EDU bill or meet any agreed-upon payment arrangement could result in service termination in accordance with your EDU's tariff and the termination of your contract with AEP Energy. Upon termination you will be returned to your EDU's applicable tariff service or you may switch to another CRES provider. AEP Energy reserves the right to issue an invoice to you directly. Such invoice would contain AEP Energy's

charges for your retail electric energy service and may also contain applicable taxes and all of the EDU's applicable charges. If at any time AEP Energy must send you a bill directly for the supply service provided under this Agreement, and if you do not pay the full amount owed to AEP Energy by the due date of the bill, a late payment fee with respect to amounts owed to AEP Energy of one and one-half percent (1.5%) of the outstanding balance per month, or the maximum legally allowed interest rate, whichever is lower, until such payment is received by AEP Energy, will apply. If AEP Energy bills you directly for our services, AEP Energy may terminate this Agreement with fourteen (14) calendar days' written notice should you fail to pay the bill or meet any agreed-upon payment arrangements with respect to amounts owed to AEP Energy. Upon termination you will be returned to your EDU as a customer. You will remain responsible to pay AEP Energy for any electricity used before this Agreement is terminated as well as any late payment charges.

5. Switching Fees and Exceptions. Your EDU may charge you a switching fee. AEP Energy reserves the right to demand adequate assurances from you in the form of prepayment or other form of credit support in the event you fail to make payments in accordance with the terms herein. Customers requiring financial assurance will be required to post that assurance within three (3) business days of notice.

6. Cancellation/Termination Provisions/Failure to Pay. If this Agreement is not rescinded during the rescission period, your enrollment will be sent to your EDU. You may terminate this Agreement, without penalty, if you move outside AEP Energy's service area or into an area where AEP Energy charges a different price, by providing AEP Energy with a thirty (30) calendar day written notice prior to such move. You will remain responsible to pay AEP Energy for any electricity supply used before this Agreement is cancelled or terminated for any reason, as well as any late fees (if applicable as described in the "Billing" section above). Should you cancel service with AEP Energy and return to standard offer service with your EDU, you may not be served under the same rates, terms, and conditions that apply to other EDU customers.

7. Your Consent and Information Release Authorization. By accepting this offer from AEP Energy, you understand and agree to the terms and conditions of this Agreement with AEP Energy. You authorize AEP Energy to obtain information from the EDU that includes, but is not limited to: your billing history, payment history, historical and expected electricity usage, meter-readings, characteristics of electricity service, address, telephone number, and account number(s).

8. Contract Expiration. At the end of its Term, this Agreement will expire. As prescribed by the PUCO, at least every three (3) years, you will be given the opportunity to "opt-out" of the Program at no cost. You are responsible for arranging your electric supply upon the expiration of this Agreement.

9. Dispute Procedures. Contact AEP Energy with any questions concerning the terms of service, billing, disputes and complaints by phone at 1-866-258-3782 (toll-free) M-F 8AM – 7PM EST or in writing at AEP Energy, 1 Easton Oval, Suite 200, Columbus, OH 43219, Attn: Customer Care. 10. Warranty and Force Majeure. AEP Energy warrants title to all electricity sold hereunder. THE WARRANTY SET FORTH IN THE PRECEDING

SENTENCE IS EXCLUSIVE AND AEP ENERGY EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES, WHETHER STATUTORY, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR ARISING OUT OF ANY COURSE OF DEALING OR PURPOSE OR USAGE OF TRADE. AEP Energy will make commercially reasonable efforts to provide your electric service, but does not guarantee a continuous supply of electricity. AEP Energy will not be responsible for any failure to commence or terminate Generation Service on the relevant date described herein. Certain causes and events are out of the reasonable control of AEP Energy ("Force Majeure Events") and may result in interruptions in service. AEP Energy is not liable for damages caused by acts of God, changes in laws, rules or regulations or other acts of any governmental authority (including the PUCO or RTO), accidents, strikes, labor troubles, required maintenance work, inability to access the EDU's system, nonperformance by the EDU, or any other cause beyond AEP Energy's reasonable control. If a Force Majeure Event occurs which renders AEP Energy unable to perform in whole or in part under this Agreement, our performance under this Agreement shall be excused for the duration of such event.

11. LIMITATION OF LIABILITY AND REMEDIES. UNLESS OTHERWISE EXPRESSLY PROVIDED HEREIN, ANY LIABILITY UNDER THIS AGREEMENT WILL BE LIMITED TO DIRECT, ACTUAL DAMAGES AS THE SOLE AND EXCLUSIVE REMEDY, AND ALL OTHER REMEDIES OR DAMAGES AT LAW OR IN EQUITY ARE WAIVED. NEITHER PARTY WILL BE LIABLE TO THE OTHER PARTY FOR CONSEQUENTIAL, INCIDENTAL, SPECIAL, PUNITIVE, TREBLE, EXEMPLARY OR INDIRECT DAMAGES, WHETHER IN TORT OR CONTRACT, UNDER ANY INDEMNITY PROVISIONS OR OTHERWISE, IN CONNECTION WITH THIS AGREEMENT. THE LIMITATIONS IMPOSED ON REMEDIES AND DAMAGE MEASUREMENT WILL BE WITHOUT REGARD TO CAUSE, INCLUDING NEGLIGENCE OF ANY PARTY, WHETHER SOLE, JOINT, CONCURRENT, ACTIVE OR PASSIVE AND SHALL SURVIVE TERMINATION, CANCELLATION, SUSPENSION, COMPLETION OR EXPIRATION OF THIS AGREEMENT; PROVIDED NO SUCH LIMITATION SHALL APPLY TO DAMAGES RESULTING FROM THE WILLFUL MISCONDUCT OF ANY PARTY.

12. Your Liability and Indemnification of AEP Energy. You assume full responsibility for retail electricity supplied to you at and after the Delivery Point, and agree to and shall indemnify, defend, and hold harmless AEP Energy, its parent company and all of its affiliates, and all of their respective managers, members, officers, directors, shareholders, associates, employees, servants, and agents from and against all claims, losses, expenses, damages, demands, judgments, causes of action, and suits of any kind (hereinafter collectively referred to as "Claims"), including Claims for personal injury, death, or damages to property occurring at and after the Delivery Point, including upon your premises, arising out of or related to the Generation Service and/or your performance under this Agreement.

14. Choice of Law; Severability. This Agreement shall be construed and enforced in accordance with the laws of the State of Ohio, including applicable rules of the PUCO, without giving effect to any conflicts of law principles which otherwise might be applicable. 15. Miscellaneous. You have the right to request from AEP Energy up to twenty-four (24) months of payment history, without charge. Your social security number, account number(s), or any of your customer information will not be released without your express written consent except in accordance with rules 4901:1-21-06 and 4901:1-21-10 of the Ohio Administrative Code. What is the Township Electric Aggregation Program?

Under the Township Electric Aggregation Program, the Township acted on behalf of its electricity consumers to select an electricity supply provider who, through the power of volume buying, is able to secure electricity at competitive prices. The Public Utilities Commission of Ohio (“PUCO”) has taken steps to ensure that Ohio’s competitive electricity environment is consumer-friendly. Voters in the Township approved this aggregation program and the Town Council passed a resolution adopting this Electric Aggregation program.

The Township has selected AEP Energy as their preferred electricity supply provider to serve their businesses, beginning with the July 2018 meter-read date for a period of thirty-six (36) months.

Who is AEP Energy?

AEP Energy is a certified Competitive Retail Electric Service (CRES) provider and a subsidiary of American Electric Power (AEP). With an office located in Columbus, Ohio, AEP Energy sells electricity supply to customers at market-based prices rather than regulated rates offered by your local utility.

How do I enroll?

You don’t have to do anything to enroll. All eligible customers will be automatically included in the program unless you choose to “opt-out.” If you “opt-out,” you will continue to be served by your local electric utility’s standard service offer or until you choose an alternative electric service provider. However, if you do not respond to this letter, the utility will complete the enrollment process. As a part of the enrollment process, you will also receive a notice from your local utility, Duke Energy Ohio, confirming your decision to enroll with AEP Energy. Simply review the letter - if you are pleased with the Township Electric Aggregation Plan, then you are all set. No deposits are required to enroll.

When will this program start?

The Township Electric Aggregation Program will begin with the July 2018 meter-read date for a period of thirty-six (36) months.

What is my price?

Batavia Township has ensured that, beginning with the July 2018 meter-read date, you will receive a secure price of 5.360 cents per kWh for the generation portion of your electricity bill for a period of thirty-six (36) months.

Where do I send payment?

You will continue to receive one bill each month from your local utility. The amount that you owe to AEP Energy will be stated separately on your bill and you will continue to send payments to your local utility only.

Can I cancel at any time?

Yes, you may cancel without penalty and switch to another provider or revert back to Duke Energy Ohio, the local utility. Should you cancel your service with AEP Energy and return to standard service with your local utility, you may not be served under the same rates, terms and conditions that apply to other utility customers. You will also be provided the ability to opt out every three years without penalty.

What happens at the end of the program?

As the program draws to a close, the Township can choose to seek bids from electricity providers in order to negotiate a new contract on behalf of eligible households. If at that time, the program has not produced the savings originally anticipated for customers, the Township can also choose to end the program, at which time participants would be notified of their options for continuing in a different program with AEP Energy, switching to another provider, or reverting back to Duke Energy Ohio, the local utility.

Why is this an “opt-out” program?

It enables AEP Energy to offer a lower group rate based on the community’s size.

Why did the Township select AEP Energy as its provider?

The Township selected AEP Energy because they were able to propose a program that represented the best overall value for eligible households.

If I opt-out initially, can I choose to join the program at a later date?

If you opt-out initially, unfortunately, you may not be able to join the program until you receive the next opt-out notice.

What happens if I move my business location?

If you move to another business location within Batavia Township, you will be able to continue participating in the program. If you leave Batavia Township, you will no longer be eligible to participate.

What is considered a small commercial business?

A small commercial business has less than 700,000 kWh annual usage and must be a non-mercantile customer as defined by Ohio Administrative Code.

What is AEP Energy Reward StoreSM?

You will earn \$10 Reward Dollars to use in AEP Energy Reward Store, our one-stop online marketplace where you can conveniently shop for energy-saving products for your home. Visit AEPenergy.com/rewardstore to learn more!

Unless you affirmatively “opt-out” by June 11, 2018, you will be automatically enrolled if you: a) have an eligible business located in the specified township receiving electric service from Duke Energy Ohio or AEP Energy (and in the Duke Energy Ohio service territory) and b) are not enrolled in the PIPP program. Participation in the program is subject to the Terms & Conditions of the Agreement between the Township and AEP Energy. AEP Energy’s price excludes taxes, utility distribution and transmission charges and other utility charges and fees. There is no guarantee of any savings under the Aggregation Program. You may terminate your agreement early without penalty. For more information, call toll free 1-877-726-0214, write to: AEP Energy, PO Box 3489, Chicago, IL 60654, or visit AEPenergy.com.

If you have any additional questions, please contact the AEP Energy Customer Care Team toll free at **1-877-726-0214**, Monday – Friday from 8 am to 7 pm and Saturday from 9 am to 1 pm EST.

TERM	GENERATION SERVICE CHARGES	CANCELLATION FEE	CONTRACT RENEWAL
Up to the July 2021 meter read date ("Term").	Residential Customers: <u>5.360¢ per kWh</u> . Small Commercial Customers: <u>5.360¢ per kWh</u> . Price is for Generation Service. Price excludes taxes, utility Distribution Service charges, Transmission Services and other Non-bypassable utility charges and fees.	You may cancel at any time during the Term without penalty. See Section 6 for details.	Your Agreement will terminate after the initial term. See Section 8 for details.

TERMS AND CONDITIONS: These Terms and Conditions (this "Agreement") are your agreement for Generation Service with AEP Energy, Inc. ("AEP Energy"). Please keep a copy of this Agreement for your records. AEP Energy is certified by the Public Utilities Commission of Ohio ("PUCO") to offer and supply Generation Service in Ohio. As a Competitive Retail Electric Service ("CRES") provider, AEP Energy will supply the electric generation services to the interconnection (the "Delivery Point") of your electric distribution utility ("EDU") based on your usage. Your electric utility will continue to be your EDU. All of your retail electric energy service will be supplied and delivered under your community's electric aggregation program (the "Program"), which is governed by the Government Aggregation Master Retail Electric Supply Agreement between the relevant government aggregator and AEP Energy (the "Program Agreement"). You participate in the Program either by (1) not electing to opt out of the Program (i.e., by not returning a completed Program "opt-out" election form (as included in any informational letter provided with this Agreement) or by not otherwise contacting AEP Energy as prescribed) or (2) being an eligible customer residing in the relevant jurisdictional territory applicable under the Program Agreement (not otherwise included in the most recent "opt-out" process) that enters into this Agreement directly with AEP Energy, in each case, subject to any exercise of your rescission right (as described under "Right of Rescission"). Your EDU then distributes or delivers the electricity to you. Your Distribution Service will remain with your current EDU, which is regulated by the PUCO. Your EDU also will continue to read your meter, provide your monthly bill and respond to emergencies. The words "we", "us", and "our" refer to AEP Energy, and the words "you" and "your" refer to the customer.

CERTAIN DEFINITIONS: "Competitive Retail Electric Service Provider" or "CRES" provider means, as defined by Chapter 4901:1-21 of the Substantive Rules applicable to electric service providers, an entity that sells electric energy to retail customers in Ohio. "Generation Service" means the production of electricity. "Generation-Related Charges" means those charges or costs associated with the production, procurement and supply of electricity. "Non-bypassable utility charges and fees" means those EDU charges and fees payable by you regardless of whether the EDU or a

CRES provider provides Generation Service. "Transmission Service" means moving high voltage electricity from a generation facility to the distribution lines of an EDU, which is either bypassable or non-bypassable to you, as determined in accordance with your Distribution Service. "Distribution Service" means the physical delivery of electricity to customers by the EDU. "Billing Cycle" means, with respect to a customer account, the monthly period between meter read dates during the Term.

RIGHT OF RESCISSION: Once you have been enrolled to receive Generation Service from AEP Energy, your EDU will send you a confirmation letter. You have the right to rescind your enrollment without penalty within seven (7) calendar days following the postmark date of the confirmation letter by contacting your EDU orally at the designated toll-free or local number in such letter or in writing and following the instructions contained in the letter.

OTHER IMPORTANT DISCLOSURES: In the event a third party was involved in this Agreement, including, without limitation, a broker or a shopping website, or you are part of a municipal aggregation, the pricing contained herein may be inclusive of a broker fee. **Price Comparison Qualification:** Please be advised that the EDU's standard offer service rates generally change from time to time. AEP Energy therefore does not provide any guarantee of savings in comparison to the EDU's standard offer service rates during the Term of this Agreement. If you received any price comparison(s) in connection with your enrollment, by accepting this offer from AEP Energy, you understand and agree that AEP Energy has informed you, prior to entering into this Agreement, that no guarantee of savings during the Term is being provided.

1. Eligibility. Customers must reside within the relevant jurisdictional territory applicable under the Program Agreement. Residential customer accounts that are on residential utility rates and are not enrolled in the Percentage of Income Plan Program (PIPP) and non-national account small commercial customers with annual usage less than 700,000 kWh are eligible for this offer from AEP Energy. AEP Energy reserves the right to refuse enrollment to any customer that is not current on their Non-bypassable utility charges and fees.

2. Price. Starting with the first Billing Cycle of this Agreement through the last Billing Cycle of the "Term" (as listed in the table above), you agree to pay AEP Energy the price stated in the table above under "Generation Service Charges" for all kilowatt-hours ("kWh") of all applicable combined Generation Service and Generation-Related Charges metered by the EDU. You are responsible for, and your price does not include, applicable state and local taxes and/or Non-bypassable utility charges and fees, which will be billed by the EDU. In addition to AEP Energy's charges, you will be charged by your EDU for Distribution Service and other EDU charges and fees. An average residential customer, using 750 kWh of electricity on a monthly basis, would incur approximately \$35 to \$40 per month in such EDU charges and fees. In the event that any new, or any change in any existing, statute, rule, regulation, order, or other law, or procedure, tariff, rate class, or other process or charge, promulgated by any governmental authority or EDU, Independent System Operator, Regional Transmission Organization ("RTO"), such as PJM Interconnection, L.L.C. ("PJM"), or other regulated service provider, alters to the detriment of AEP Energy its costs to perform or its economic returns under this Agreement (a "Change in Law or Regulation"), then AEP Energy will provide written notice requesting your affirmative consent and agreement, describing the Change in Law or Regulation, the resulting price revisions, and the future date upon which such revised pricing is requested to be effective (a "Price Revision Request"). You then will be able to affirmatively consent and agree to such Price Revision Request, and if you agree, you will pay the revised price described in such Price Revision Request, and all other terms and conditions of this Agreement not modified by such Price Revision Request will remain in full force and effect. If, however, you do not affirmatively consent and agree to the Price Revision Request within thirty (30) calendar days, this Agreement will automatically terminate without penalty, Cancellation Fee or further obligation (but you will remain responsible to pay AEP Energy for any electricity supply used before this Agreement is terminated, as well as any late fees). Such termination will be effective on the next available drop date as established by the EDU. Note that if, due to a change in market conditions, we wish to lower the price per kilowatt hour charged to you under this Agreement, we may do so without your consent, provided there are no other changes to the terms and conditions of this Agreement.

3. Term (Length of Agreement). Your service from AEP Energy will begin on the start of service date determined by the EDU, and this Agreement shall be considered executed by AEP Energy, following: (a) the end of the seven (7) day rescission period and (b) acceptance of your enrollment by your EDU, and will continue for the Term (as listed in the table above), unless otherwise terminated, ending on the date your EDU effectuates your switch back to EDU standard offer service or to another CRES provider. Your meter read date and the date of initiation of service are determined by your EDU; therefore we are not liable for any resulting delay in commencement of your service. This contract does not automatically renew.

4. Billing. Unless AEP Energy notifies you otherwise, you will continue to receive a single bill, typically on a monthly basis, from your EDU that will contain both your EDU and AEP Energy charges (and you acknowledge that your billing and payment information may be provided to AEP Energy). AEP Energy offers budget billing for AEP Energy's charges to residential customers only. You will be responsible for payment of the utility consolidated bill in accordance with applicable EDU billing rules and procedures. Failure by you to pay your EDU bill or meet any agreed-upon payment arrangement could result in service termination in accordance with your EDU's tariff and the termination of your contract with AEP Energy. Upon termination you will be returned to your EDU's applicable tariff service or you may switch to another CRES provider. AEP Energy reserves the right to issue an invoice to you directly. Such invoice would contain AEP Energy's

charges for your retail electric energy service and may also contain applicable taxes and all of the EDU's applicable charges. If at any time AEP Energy must send you a bill directly for the supply service provided under this Agreement, and if you do not pay the full amount owed to AEP Energy by the due date of the bill, a late payment fee with respect to amounts owed to AEP Energy of one and one-half percent (1.5%) of the outstanding balance per month, or the maximum legally allowed interest rate, whichever is lower, until such payment is received by AEP Energy, will apply. If AEP Energy bills you directly for our services, AEP Energy may terminate this Agreement with fourteen (14) calendar days' written notice should you fail to pay the bill or meet any agreed-upon payment arrangements with respect to amounts owed to AEP Energy. Upon termination you will be returned to your EDU as a customer. You will remain responsible to pay AEP Energy for any electricity used before this Agreement is terminated as well as any late payment charges.

5. Switching Fees and Exceptions. Your EDU may charge you a switching fee. AEP Energy reserves the right to demand adequate assurances from you in the form of prepayment or other form of credit support in the event you fail to make payments in accordance with the terms herein. Customers requiring financial assurance will be required to post that assurance within three (3) business days of notice.

6. Cancellation/Termination Provisions/Failure to Pay. If this Agreement is not rescinded during the rescission period, your enrollment will be sent to your EDU. You may terminate this Agreement, without penalty, if you move outside AEP Energy's service area or into an area where AEP Energy charges a different price, by providing AEP Energy with a thirty (30) calendar day written notice prior to such move. You will remain responsible to pay AEP Energy for any electricity supply used before this Agreement is cancelled or terminated for any reason, as well as any late fees (if applicable as described in the "Billing" section above). Should you cancel service with AEP Energy and return to standard offer service with your EDU, you may not be served under the same rates, terms, and conditions that apply to other EDU customers.

7. Your Consent and Information Release Authorization. By accepting this offer from AEP Energy, you understand and agree to the terms and conditions of this Agreement with AEP Energy. You authorize AEP Energy to obtain information from the EDU that includes, but is not limited to: your billing history, payment history, historical and expected electricity usage, meter-readings, characteristics of electricity service, address, telephone number, and account number(s).

8. Contract Expiration. At the end of its Term, this Agreement will expire. As prescribed by the PUCO, at least every three (3) years, you will be given the opportunity to "opt-out" of the Program at no cost. You are responsible for arranging your electric supply upon the expiration of this Agreement.

9. Dispute Procedures. Contact AEP Energy with any questions concerning the terms of service, billing, disputes and complaints by phone at 1-866-258-3782 (toll-free) M-F 8AM – 7PM EST or in writing at AEP Energy, 1 Easton Oval, Suite 200, Columbus, OH 43219, Attn: Customer Care. 10. Warranty and Force Majeure. AEP Energy warrants title to all electricity sold hereunder. THE WARRANTY SET FORTH IN THE PRECEDING

SENTENCE IS EXCLUSIVE AND AEP ENERGY EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES, WHETHER STATUTORY, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR ARISING OUT OF ANY COURSE OF DEALING OR PURPOSE OR USAGE OF TRADE. AEP Energy will make commercially reasonable efforts to provide your electric service, but does not guarantee a continuous supply of electricity. AEP Energy will not be responsible for any failure to commence or terminate Generation Service on the relevant date described herein. Certain causes and events are out of the reasonable control of AEP Energy ("Force Majeure Events") and may result in interruptions in service. AEP Energy is not liable for damages caused by acts of God, changes in laws, rules or regulations or other acts of any governmental authority (including the PUCO or RTO), accidents, strikes, labor troubles, required maintenance work, inability to access the EDU's system, nonperformance by the EDU, or any other cause beyond AEP Energy's reasonable control. If a Force Majeure Event occurs which renders AEP Energy unable to perform in whole or in part under this Agreement, our performance under this Agreement shall be excused for the duration of such event.

11. LIMITATION OF LIABILITY AND REMEDIES. UNLESS OTHERWISE EXPRESSLY PROVIDED HEREIN, ANY LIABILITY UNDER THIS AGREEMENT WILL BE LIMITED TO DIRECT, ACTUAL DAMAGES AS THE SOLE AND EXCLUSIVE REMEDY, AND ALL OTHER REMEDIES OR DAMAGES AT LAW OR IN EQUITY ARE WAIVED. NEITHER PARTY WILL BE LIABLE TO THE OTHER PARTY FOR CONSEQUENTIAL, INCIDENTAL, SPECIAL, PUNITIVE, TREBLE, EXEMPLARY OR INDIRECT DAMAGES, WHETHER IN TORT OR CONTRACT, UNDER ANY INDEMNITY PROVISIONS OR OTHERWISE, IN CONNECTION WITH THIS AGREEMENT. THE LIMITATIONS IMPOSED ON REMEDIES AND DAMAGE MEASUREMENT WILL BE WITHOUT REGARD TO CAUSE, INCLUDING NEGLIGENCE OF ANY PARTY, WHETHER SOLE, JOINT, CONCURRENT, ACTIVE OR PASSIVE AND SHALL SURVIVE TERMINATION, CANCELLATION, SUSPENSION, COMPLETION OR EXPIRATION OF THIS AGREEMENT; PROVIDED NO SUCH LIMITATION SHALL APPLY TO DAMAGES RESULTING FROM THE WILLFUL MISCONDUCT OF ANY PARTY.

12. Your Liability and Indemnification of AEP Energy. You assume full responsibility for retail electricity supplied to you at and after the Delivery Point, and agree to and shall indemnify, defend, and hold harmless AEP Energy, its parent company and all of its affiliates, and all of their respective managers, members, officers, directors, shareholders, associates, employees, servants, and agents from and against all claims, losses, expenses, damages, demands, judgments, causes of action, and suits of any kind (hereinafter collectively referred to as "Claims"), including Claims for personal injury, death, or damages to property occurring at and after the Delivery Point, including upon your premises, arising out of or related to the Generation Service and/or your performance under this Agreement.

14. Choice of Law; Severability. This Agreement shall be construed and enforced in accordance with the laws of the State of Ohio, including applicable rules of the PUCO, without giving effect to any conflicts of law principles which otherwise might be applicable. Any provision or section of this Agreement declared or rendered void, unlawful, or otherwise unenforceable shall not otherwise affect the lawful obligations that arise under this Agreement.

15. Miscellaneous. You have the right to request from AEP Energy up to twenty-four (24) months of payment history, without charge. Your social security number, account number(s), or any of your customer information will not be released without your express written consent except in accordance with rules 4901:1-21-06 and 4901:1-21-10 of the Ohio Administrative Code.
