**REPORT OF OHIO GAS COMPANY OF 2017 DEFERRED EXPENSES RELATED TO
ITS GEOGRAPHIC INFORMATION SYSTEM PROGRAM**

On January 28, 2015, Ohio Gas Company ("Ohio Gas") filed with the Public Utilities Commission of Ohio ("Commission") an Application seeking authority to establish a regulatory asset and to defer, for accounting and financial purposes, its expenditures for implementation of a geographic information system ("GIS") designed to support several of Ohio Gas's needs. As part of the Application, Ohio Gas indicated that it would make informational filings with the Commission that set forth the GIS expenses on an annual and cumulative basis, including monthly expenditures for each component of the GIS deferred expenses.

In a Finding and Order issued on July 29, 2015, the Commission approved the Application, with modifications proposed by the Commission's Staff. The Finding and Order directed Ohio Gas to separately identify and record in a subaccount of Account 182, Other Regulatory Assets, all operations and maintenance ("O&M") costs to be deferred by Ohio Gas for the first phase of the GIS project. Finding and Order at 6 (July 29, 2015). It also directed Ohio Gas to make annual informational filings prior to June 1 of each year of the first phase of the GIS project that set forth the GIS expenses

on an annual and cumulative basis, including monthly expenditures for each component of the GIS expenses deferred on an annual basis. *Id.*

In compliance with the Commission order to file an annual report, Ohio Gas submits the following report, Attachment A, detailing the GIS project expenses that Ohio Gas has deferred under the Finding and Order.

Respectfully submitted,

/s/ Frank P. Darr
