COMPANY:

CUSTOMER: Citizen

ADDRESS:

SERVICE ADDRESS: Bokay Drive, Kettering, OH 45440

AIQ: Dayton Power and Light Co

SERVICE ACCOUNT NUMBER:

NIQ: (937) 000-0000

Docketing: Please file comments in case number 15-1830-EL-AIR.

DESCRIPTION OF ISSUE: I am writing this morning to address a concern I am noticing about Dayton Power & Light after the notice came out they want to raise a certain fee for its customer by about \$14 a month, and then your suggestion for it to be around \$7. I have noticed that they have had 3 big outages in its service area around Montgomery County. Numbers have been anywhere from around 3 to 7 thousand per outage. It seems to me they are doing this, to make it look like the rate hike amount is justified, and it is further unsettling that is occurring in the county where Dayton Power & Light has its main headquarters. I do not have any evidence to point to this, but I just find it odd that these outages are occurring now that is issue is being talked about. I am also not the only person who feels this way, I have other friends and family in and around the Dayton Power & Light service area that are finding these outages seem like they are planned. If this continues further, I feel the PUCO needs to investigate DP&L. Trying to force a rate hike should not be allowed and DP&L should be condemned for these actions. If it happens further, I will be contacting you again to address my concerns.
