

## THE PUBLIC UTILITIES COMMISSION OF OHIO

IN THE MATTER OF THE APPLICATION OF  
VECTREN ENERGY DELIVERY OF OHIO,  
INC. FOR APPROVAL OF AN ADJUSTMENT  
TO ITS ENERGY EFFICIENCY FUNDING  
RIDER RATE TO REFLECT THE COSTS  
INCURRED IN 2017.

CASE NO. 18-444-GA-RDR

### FINDING AND ORDER

Entered in the Journal on June 6, 2018

#### I. SUMMARY

{¶ 1} The Commission approves the application of Vectren Energy Delivery of Ohio, Inc. to adjust its energy efficiency funding rider.

#### II. DISCUSSION

{¶ 2} Vectren Energy Delivery of Ohio, Inc. (VEDO or Company) is a natural gas company as defined in R.C. 4905.03 and a public utility as defined in R.C. 4905.02 and, as such, is subject to the jurisdiction of this Commission.

{¶ 3} By Opinion and Order issued January 7, 2009, in *In re Vectren Energy Delivery of Ohio, Inc.*, Case No. 07-1080-GA-AIR, et al. (*VEDO Rate Case*), the Commission approved a stipulation, which, among other things, provided: for the creation of an energy efficiency funding rider (EEFR) that would be used to fund the energy efficiency programs provided by VEDO; that VEDO would submit an application to establish an EEFR charge to provide a minimum of \$1 million to be utilized to continue funding for VEDO's existing low-income weatherization program; that the EEFR charge would be calculated based on funding approved by VEDO's Demand-Side Management (DSM) Collaborative to be expended over the subsequent 12-month period, with any variation between actual recoveries and intended recoveries being included in a subsequent period; and that any application to establish or adjust the EEFR charge would be considered an application not for an increase in rates.

{¶ 4} The current EEFR rate of \$0.00558 per hundred cubic feet (Ccf) was approved in *In re Vectren Energy Delivery of Ohio, Inc.*, Case No. 17-782-GA-RDR, Finding and Order (June 7, 2017).

{¶ 5} On March 15, 2018, VEDO filed an application requesting an adjustment to its current EEFR rate, in accordance with the process approved in the *VEDO Rate Case*. In its application, VEDO proposes to decrease its EEFR rate to \$0.00518 per Ccf, as shown below.

Current Rate	Proposed Rate	Proposed Decrease
\$0.00558 per Ccf	\$0.00518 per Ccf	\$0.0004 per Ccf

According to VEDO, this proposed rate reconciles actual EEFR recoveries and intended recoveries. VEDO explains that, in accordance with the stipulation in the *VEDO Rate Case*, on October 30, 2017, VEDO's DSM Collaborative met to consider the portfolio of DSM programs and funding levels as proposed in VEDO's 2018 DSM Operating Plan, and a majority of the voting members of the collaborative approved VEDO's proposal to continue the EEFR.

{¶ 6} On May 10, 2018, the Ohio Consumers' Counsel (OCC) filed a motion to intervene in this case. No party opposed this motion, and the Commission finds that the motion to intervene is reasonable and should be granted.

{¶ 7} On May 14, 2018, Staff filed comments on VEDO's proposed EEFR adjustment. Staff states that VEDO appropriately calculated the rider; therefore, Staff recommends the proposed EEFR rate of \$0.00518 per Ccf be approved.

{¶ 8} On May 31, 2018, VEDO submitted a revised tariff sheet for Commission approval. VEDO notes that the revised sheet incorporates the following language in its EEFR tariff: "The EEFR is updated annually. The costs to be recovered and the costs actually recovered shall be reconciled annually, with any under or over collection being reflected as

a charge or credit in a subsequent update of the EEFR Rate. The charge or credit may include Customer refunds if the Commission or Supreme Court of Ohio determines, as a result of an audit of the annual period in which the Rider Rate was in effect, that the Company's charge was unlawful or unreasonable or included imprudent amounts." VEDO requests that the Commission approve the tariff sheet as revised by its May 31, 2018 filing.

{¶ 9} On June 1, 2018, Staff filed correspondence recommending that the Commission approve VEDO's proposed tariff language for its EEFR as shown in the Company's revised tariff sheet dated May 31, 2018.

{¶ 10} The Commission has reviewed the application, as well as Staff's comments, and finds that VEDO's application to adjust its EEFR rate to \$0.00518 per Ccf is reasonable, is in the public interest, and should be approved. Accordingly, the Commission finds that VEDO should be authorized to include the revised EEFR rate in its tariff, which contains the terms, conditions, and rates VEDO applies to the gas service it provides to customers. We also find that VEDO's revised tariff language, as submitted in its May 31, 2018 filing, should be approved.

### III. ORDER

{¶ 11} It is, therefore,

{¶ 12} ORDERED, That VEDO's application to adjust its EEFR to \$0.00518 per Ccf is approved. It is, further,

{¶ 13} ORDERED, That VEDO's revised tariff language, as submitted in its May 31, 2018 filing, is approved and that VEDO is authorized to file tariffs, in final form, consistent with this Finding and Order. VEDO shall file one copy in this case docket and one copy in its TRF docket. It is, further,

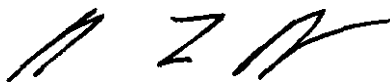

{¶ 14} ORDERED, That the effective date of the new tariffs shall be a date not earlier than the date upon which the final tariff pages are filed with the Commission. It is, further,

{¶ 15} ORDERED, That the motion to intervene filed by OCC be granted. It is, further,

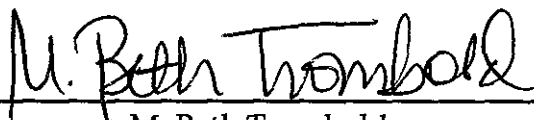

{¶ 16} ORDERED, That nothing in this Finding and Order shall be binding upon this Commission in any future proceeding or investigation involving the justness or reasonableness of any rate, charge, rule, or regulation. It is, further,

{¶ 17} ORDERED, That a copy of this Finding and Order be served upon all parties of record.
