COMMENTS: I am completely against this project and believe it will not only harm our lake but ruin one of Cleveland's main attractions and unique offerings to residents and visitors alike. How Dr. Wagner was able sell a 50 year lease of Lake Erie to Fred Olsen is an abomination and clearly not in line with the Public Trust that forbids leasing it to a private developer. Please do not let this man ruin our lake! It is one of the most precious asset our state offers.
