Dear Mark,

This is regarding AEP OnSite Partners' Newark Solar Array, case number 18-0262-EL-REN, and the official in-service date.

PJM-GATS has our generation start as February 2018 from Ohio, however we placed this site in service in November 2017. Please update the Ohio PUCO generation start date to November 2017 as indicated on our corresponding Ohio Renewable Energy Resource Generating Facility application and certification.

Please contact me with any further questions.

Thank you,

Conor Long
