**RE: PUCO Case No. 14-0469-EL-BTX
West Milton-Eldean 138 kV Transmission Line Project
Request to Close the Existing Case**

Dear Mr. McNeal,

This letter provides notice and requests that The Dayton Power and Light Company (DP&L) withdraws Case Number 14-0469-EL-BTX. This docket was opened and a Pre-Application Notification Letter was filed with the board on March 24, 2014. Since that time, the project was delayed and OPSB Staff recently informed DP&L that, in Staff's view, the project would have to be re-filed with a new case number. DP&L is willing to proceed forward on this basis and, thus, DP&L is not anticipating any further filings of docket 14-0469-EL-BTX and requests that this docket be closed.

In the near future, DP&L will be filing a new application for the same project.

If you have any questions or require further information, please contact me.

Respectfully submitted,

A handwritten signature in blue ink, reading "Randall V. Griffin".

Randall V. Griffin
Chief Regulatory Counsel
The Dayton Power and Light
Company

cc: Jon Whitis, OPSB Staff
