DOCKETING CASE #: 17-1948-TP-UNC

SUBJECT: AT&T Ohio - Assistance Programs

I am completely opposed to the request by AT&T to discontinue its participation in the Lifeline program. Despite their application, I would argue that granting their release from the Lifeline program will financially negatively impact senior citizens using their services. These are just the citizens who need this service the most, and who in many cases are living on a low fixed income. Even a few dollars increase in their monthly bills could mean the difference between them affording needed medications and foregoing them. Please do not grant their request.
