Dear Examiners:

On December 21, 2016, the Signatory Parties filed a Joint Stipulation and Recommendation involving all of the above-captioned cases (Global Settlement).

On February 23, 2017, the Commission issued an Order adopting the Global Settlement. Among other terms and conditions of the Global Settlement, the residential share of Retail Stability Rider (RSR) was limited to \$43.7 million for the RSR collection period. Since the time the Global Settlement became effective, the Company has collected approximately \$44.7 million and expired the residential RSR rate effective with cycle 1 August 2018. Thus, there is currently an over collection of \$1 million for residential RSR. The Company will maintain this regulatory liability pending further direction from the Commission as to where to apply it. Enclosed are redlined and clean updated tariffs that implement the residential RSR expiration.

Thank you for your attention to this matter.

Respectfully Submitted,

//s/ Steven T. Nourse
