People need this service, and the only way they can get it is through you. How can you abandon them? Practically speaking, your reputation will be further damaged. Humanely speaking, please don't deny people in need this vital service. Financially speaking, don't let greed be your deciding factor.

Taking affordable phone service away from low-income Ohio residents is cruel and unnecessary. The fact that AT&T is trying to do so less than a year after the company reaped a multi-billion dollar windfall from the recent tax law change is unconscionable.

Please reject AT&T Ohio's application to discontinue its participation in the federal Lifeline program. This program saved my brother's life several years ago when he fell in the bathtub. It enabled him to have a telephone. This program helps many people. I am sure that AT & T has the funds to continue this program that they started.

"Reject AT&T Ohio's application to discontinue its participation in the federal Lifeline program."
When you have limited income you have to watch everything you spend.. Local service went up to \$35 so even with the Lifeline discount it's still too much. They need to lower the rate and the discount needs to be increased. They also need to change the policy of sending your application to a p.o. box because if it doesn't get there you will be disenrolled even if you call and answer prompts as another requirement to applying.

Sincerely,

There are rural and suburban areas where the ONLY effective cell phone provider is AT&T. Allowing them to drop the Lifeline program would either raise the cost of phone coverage astronomically, or alternatively, leave them without sufficient service.

It has come to my attention that AT&T has petitioned you to allow them to withdraw from the federal Lifeline program here in Ohio for poor and/or rural residents. Please reject AT&T Ohio's application to discontinue its participation in the federal Lifeline program. There is not a good enough reason for them to abandon Ohio's helpless residents after this lengthy time of AT&T's service here. As a native Ohioan, I can't think of why they would want the bad reputation this would bring to them. They must understand the value their service is to our people.

Sincerely,

Sara Beach

AT&T is trying to raise rates on more than 10,000 low-income Ohio residents who are served by the Lifeline program, which provides low-cost phone lines to families in poverty.¹ The company recently filed an application with the Public Utilities Commission of Ohio (PUCO) to end its participation in the program in most of its service territory in Ohio. The Lifeline program has helped low-income and rural household access phone service since 1985. Under President Obama, the FCC expanded Lifeline to include broadband internet and mobile phone service. By ending its participation in the Lifeline program in Ohio, AT&T would make it even harder for low-income families to get ahead. Taking affordable phone service away from low-income Ohio residents is cruel and unnecessary. The fact that AT&T is trying to do so less than a year after the company reaped a multi-billion dollar windfall from the Trump Tax Scam is unconscionable. Reject AT&T Ohio's application to discontinue its participation in the federal Lifeline program."

That Lifeline program is very important to many folks in the inner city. This can't happen that they leave the inner city residents paying a big bill. AT&T decided to have cable with Direct TV. Big mistake. Sloppy installations and they leave their dishes on the roofs, even when customers discontinue service with Direct TV. They never should have let Uverse taken out of the inner city.

Sincerely,

Marlene Dirksen

Lee's that year since receiving a huge tax break, now AT&T wants to dump the service helping seniors, rural & some of the lowest income folks by discontinuing the Lifeline program. This is unconscionable and outrageous! No one will be able to rise up from poverty without affordable communication means. Thank you.

Sincerely,

Robert Holland
Lakewood, OH 44107

Public Utilities Commission of Ohio
180 E Broad St
Columbus, OH 43215

Case # 17-1948-TP-UNC

"Reject AT&T Ohio's application to discontinue its participation in the federal Lifeline program." The Lifeline program has helped low-income and rural household access phone service since 1985. Under President Obama, the FCC expanded Lifeline to include broadband internet and mobile phone service. By ending its participation in the Lifeline program in Ohio, AT&T would make it even harder for low-income families to get ahead. Taking affordable phone service away from low-income Ohio residents is cruel and unnecessary. The fact that AT&T is trying to do so less than a year after the company reaped a multi-billion dollar windfall from the Trump Tax Scam is unconscionable.³

Sincerely,

Victoria J. Fisher

Case # 17-1948-TP-UNC

I believe that AT&T's request to drop it's participation in the Lifeline program should be disapproved. It is so difficult to find the money for everything when you're poor. There are no other alternatives for many of those people who are presently served and those that will be eligible in the future. For those that may have an alternative, they are not good.

Sincerely,

Robert Betz

Case # 17-1948-TP-UNC

"Reject AT&T Ohio's application to discontinue its participation in the federal Lifeline program." As a hardworking, taxpaying, AT&T customer AND citizen of Ohio, I find it appalling that you are trying to take this Lifeline away from people who are less fortunate than you. It is truly a shame that greed has become more important than human life.

Sincerely,

Elizabeth Daniel

Case # 17-1948-TP-UNC

"Reject AT&T Ohio's application to discontinue its participation in the federal Lifeline program." Its is a matter of fact that in our society, we need cell phones to function. If we don't have access to a cell phone, we could lose our job (not being able to call if late due to accident, not being able to quickly text a boss or coworker when needed, not being able to quickly answer work email, etc. by taking these phones away, you're crippling a lot of people who are already in need. You're isolating them. You're making them a less desirable hire.

Sincerely,

Amber McElreath

"Reject AT&T Ohio's application to discontinue its participation in the federal Lifeline program."
Most of my elderly clients benefited from the discount offered through the federal Lifeline program. Since they were on a fixed income, having to pay more for their telephone service would be a hardship for them since they have so many other bills to pay. The ability to call and connect with others, prevents isolation and is critical if/when emergency situations may occur.

Sincerely,

Sister Carol Pelegrin

"Reject AT&T Ohio's application to discontinue its participation in the federal Lifeline program."
There is no excuse for dropping continued support for such an important phone service. AT&T has already received tax benefits which will pay for this program many times over. AT&T has spent far too much on lobbying for more while we pay for this swampy expenditure. That lobbying money should have gone for common good and not to benefit the people at the top.

Case # 17-1948-TP-UNC

AT&T Ohio's application to discontinue its participation in the federal Lifeline program should be rejected. The program is literally a lifeline for many of those who benefit from it, and for many others it is the only way to maintain the kind of ready access to the internet that has become an essential part of modern American life. There is certainly no moral justification for abandoning these people, and there is equally certainly no financial justification after AT&T's windfall from the recent tax overhaul. The application is a product of greed pure and simple.

Sincerely,

Brian M. Scott

Dee I Bell
Marietta, GA 30064

Public Utilities Commission of Ohio
180 E Broad St
Columbus, OH 43215

Case # 17-1948-TP-UNC

"Reject AT&T Ohio's application to discontinue its participation in the federal Lifeline program." I have a low income and have relied on the lifeline program, to help pay for my telephone and internet bills. Internet is essential these days and my health does not always allow me to leave my home. This is a program for the elderly. Disabled and poor. It would be shameful to stop this relatively inexpensive program.

Sincerely,

Elizabeth Melzer
Lima, OH 45801

Public Utilities Commission of Ohio
180 E Broad St
Columbus, OH 43215

Case # 17-1948-TP-UNC

"Reject AT&T Ohio's application to discontinue its participation in the federal Lifeline program." This is nothing more than the evil greedy selfish rich monopolies continuing the war against the poor and elderly. They place no value on human life. The only thing they value is more of Lucifer's Silver.

"Reject AT&T Ohio's application to discontinue its participation in the federal Lifeline program."
Low-income depend on these services to look for work and to use public services, etc. AT&T needs to continue serving those who benefit from these things. Greed must be held in check by big business, they need to give back to the communities that makes them rich.

Columbus, OH 43215

Case # 17-1948-TP-UNC

"Reject AT&T Ohio's application to discontinue its participation in the federal Lifeline program. This program helps rural and low-income houses, allowing them to have decent service which is crucial in case of an emergency. It also helps low-income kids have wifi to do their homework, which is becoming more and more commonplace. Don't let AT&T raise rates."

"Reject AT&T Ohio's application to discontinue its participation in the federal Lifeline program."
Impoverished people will suffer if their Lifeline is discontinued, many of them are seniors and parents with small children. There maybe injuries and emergencies, if the Lifeline is not present they will not be able to call 911, police, etc. AT+T has billionsand got a huge tax break from Trump, give the poor a break and don't take Lifeline away from them.

Case # 17-1948-TP-UNC

Taking affordable phone service away from low-income Ohio residents is cruel, unnecessary, and ultimately counter-productive. The fact that AT&T is trying to do so less than one year after the company received a multi-billion dollar windfall from Trump's tax cuts is unconscionable. Reject AT&T Ohio's application to discontinue its participation in the federal Lifeline program.

Columbus, OH 43215

Case # 17-1948-TP-UNC

"Reject AT&T Ohio's application to discontinue its participation in the federal Lifeline program."
Why are giant corporations always given the green light to destroy people's hopes and dreams?
Despite the fact that AT&T has PLENTY of profits which would enable it to continue to provide the Lifeline program at the current cost, AT&T would instead gleefully force the low income individuals who need that Lifeline program to pay higher, unaffordable fees just so that AT&T can let those customers know that wealthy, white, old fart dudes will take every opportunity to destroy you whenever they have a chance to do so. That's the GOP/KKK/Fascist Party Liars Club and their ever-so-wealthy donors (you know, like AT&T) way of dealing with the general public. It is disgusting and heartless. All this for extra bucks for the already obscenely wealthy. Go figure.

Sincerely,

Patty Ridenour

Case # 17-1948-TP-UNC

"Reject AT&T Ohio's application to discontinue its participation in the federal Lifeline program." I have been part of the lifeline program since it began and only because ,at first, for emergencies. Eventually it has kept me in touch with my family and provided a way to call long distance to government agencies and other programs that help the disabled, which i would never be able to afford without Lifeline.Please don't allow AT&T to take this life saving protective tool away from the disabled who are the poorest of the poor. I have come to rely on Lifeline in order to access information pertaining to my disability and information and organizations that work with the disabled or help them by providing information pertinent to their disability, something they could not afford without Lifeline. Greed in this country is growing and will take us down if it isn't stopped. thank you
