IN THE MATTER OF THE APPLICATION OF
PAULDING WIND FARM IV LLC FOR A
CERTIFICATE OF ENVIRONMENTAL
COMPATIBILITY AND PUBLIC NEED TO
CONSTRUCT A WIND-POWERED
ELECTRIC GENERATION FACILITY IN
PAULDING COUNTY, OHIO.

CASE NO. 18-91-EL-BGN

ENTRY

Entered in the Journal on September 18, 2018

{¶ 1} Paulding Wind Farm IV LLC (Paulding or Applicant) is a person as defined in R.C. 4906.01.

{¶ 2} R.C. 4906.04 provides that no person shall construct a major utility facility in the state without obtaining a certificate for the facility from the Ohio Power Siting Board (Board).

{¶ 3} On March 19, 2018, Paulding filed a pre-application notification letter with the Board regarding its proposed windfarm with up to approximately 125 megawatt (MW) electric generating capacity in Paulding County, Ohio. The pre-application notice referenced a public informational meeting held on April 4, 2018.

{¶ 4} On July 2, 2018, as amended on July 27, 2018, and August 14, 2018, Paulding filed an application with the Board for a Certificate of Environmental Compatibility and Public Need to construct a wind-powered electric generation facility (Facility) consisting of 54 wind turbine generator locations, each with a nameplate capacity rating of up to 4.2 MW. The total output for the Facility will not exceed 125.1 MW. The total number of turbines will depend on the final turbine model selected and is not anticipated to exceed 37 locations. The Facility is anticipated to operate with an average annual capacity factor of between 34 and 38 percent, generating a total of approximately 370,000 to 420,000 megawatt-hours of electricity each year, depending on the final turbine models selected for the Facility. Construction is anticipated to begin in the second quarter of 2019, and is

expected to be completed within 7-9 months. It is anticipated that the Facility will be placed into service in the fourth quarter of 2019.

{¶ 5} Pursuant to Ohio Adm.Code 4906-3-06, within 60 days after receipt of an application for a major utility facility, the Chairman of the Board shall notify an applicant of the acceptance or rejection of the application as complete. By letter filed on August 31, 2018, the Board notified Applicant that its application was sufficiently complete to permit Staff to commence its review and investigation of the application. The letter directed Paulding, pursuant to Ohio Adm.Code 4906-3-07, to serve appropriate government officials and public agencies with copies of the complete, certified application and to file proof of service with the Board. Further, the letter directed Paulding, pursuant to R.C. 4906.06(F) and Ohio Adm.Code 4906-3-12, to submit the requisite application fee.

{¶ 6} On September 4, 2018, Paulding filed its certificate of service of its accepted and complete application, in accordance with the requirements of Ohio Adm.Code 4906-3-07. Applicant also submitted the application fee to the Board, pursuant to Ohio Adm.Code 4906-3-12. The effective date of the filing of the application shall be September 17, 2018.

{¶ 7} R.C. 4906.07(A) provides that, upon receipt of an application complying with R.C. 4906.06, the Board must promptly fix a date for a public hearing not less than 60 nor more than 90 days after such receipt, and shall conclude the proceeding as expeditiously as practicable.
