

FILE Re: Proposed Wood Co.
138KV Project Lemoyne-Midway-Brim

Sept. 22, 2018

Dear First Energy,

We are unable to attend the meeting on Sept. 26 at Middleton Township Building due to vacation plans. We live at 19442 N. Dixie between Cross Creek + Sugar Ridge Rd. (Permanent Parcel #: C11-611-310000025000, C11-611-310000024000)

The Alternative 2 route would be right in our back yard or very close to it. It's bad enough with St. 25 highway in the front yard, with the increased traffic, but with big ugly poles in the back yard too it would definately decrease our property value!

Please understand the farm land is a precious commodity to us and it would look horrible.

We definately oppose the proposed Alternate 2 plan currently under consideration.

Sincerely,
Connie Thomas
