Thank you for applying for an Employer Identification Number (EIN). We assigned you EIN 83-1922795. This EIN will identify you, your business accounts, tax returns, and documents, even if you have no employees. Please keep this notice in your permanent records.

When filing tax documents, payments, and related correspondence, it is very important that you use your EIN and complete name and address exactly as shown above. Any variation may cause a delay in processing, result in incorrect information in your account, or even cause you to be assigned more than one EIN. If the information is not correct as shown above, please make the correction using the attached tear off stub and return it to us.

A limited liability company (LLC) may file Form 8832, Entity Classification Election, and elect to be classified as an association taxable as a corporation. If the LLC is eligible to be treated as a corporation that meets certain tests and it will be electing S corporation status, it must timely file Form 2553, Election by a Small Business Corporation. The LLC will be treated as a corporation as of the effective date of the S corporation election and does not need to file Form 8832.

To obtain tax forms and publications, including those referenced in this notice, visit our Web site at www.irs.gov. If you do not have access to the Internet, call 1-800-829-3676 (TTY/TDD 1-800-829-4059) or visit your local IRS office.

IMPORTANT REMINDERS:

- * Keep a copy of this notice in your permanent records. This notice is issued only one time and the IRS will not be able to generate a duplicate copy for you. You may give a copy of this document to anyone asking for proof of your EIN.
- * Use this EIN and your name exactly as they appear at the top of this notice on all your federal tax forms.
- * Refer to this EIN on your tax-related correspondence and documents.

If you have questions about your EIN, you can call us at the phone number or write to us at the address shown at the top of this notice. If you write, please tear off the stub at the bottom of this notice and send it along with your letter. If you do not need to write us, do not complete and return the stub.

Your name control associated with this EIN is NEXU. You will need to provide this information, along with your EIN, if you file your returns electronically.

Thank you for your cooperation.

INITIAL CERTIFICATION FILING INSTRUCTIONS COMPETITIVE RETAIL NATURAL GAS SUPPLIERS

I. Where to File: Applications should be sent to: Public Utilities Commission of Ohio, Docketing Division, 180 East Broad Street, Columbus Ohio 43215-3793.

II. What to File: Applicant must submit one original notarized application signed by a principal officer and three copies including all exhibits, affidavits, and other attachments. All attachments, affidavits, and exhibits should be clearly identified. For example, Exhibit C-10 should be marked "Exhibit C-10 "Corporate Structure." All pages should be numbered and attached in a sequential order.

III. Which Forms to File: In order to supply competitive retail natural gas service (CRNGS), all suppliers are required to become certified by the Public Utilities Commission of Ohio. The information one must file, however, differs depending on the type of CRNGS that the applicant will provide. For example, a broker and/or aggregator will not file the same information as a competitive retail natural gas marketer applicant.

Because a qualifying marketer may also qualify as a broker and/or aggregator, the marketer applicant may, when applying for competitive retail natural gas marketer certification, use the form provided for competitive retail natural gas suppliers to also apply for broker and/or aggregator certification. Checkboxes are provided on the form to indicate desired status.

A summary of CRNGS definitions (from the Commission's certification rules) is provided below to help applicants determine which application form to use. Three separate application forms are provided, one each for the following services.

Competitive Retail Natural Gas Supplier (Marketer, Broker, Aggregator)
Competitive Retail Natural Gas Broker/Aggregator
Ohio Natural Gas Governmental Aggregator
88-84-04

IV. Certified Entity Service Definitions:

<u>Competitive Retail Natural Gas Service</u> - any retail natural gas service that may be competitively offered to consumers in this state.

Competitive Retail Natural Gas Supplier - a person that is engaged in a for-profit or not for- profit basis in the business of supplying or arranging for the supply of a CRNGS to consumers in this state that are not mercantile customers. "Retail natural gas supplier" includes a marketer, broker, or aggregator, but excludes a natural gas company, a governmental aggregator, a billing or collection agent, and a producer or gatherer of gas that is not a natural gas company.

<u>Competitive Retail Natural Gas Marketing Service</u> – assuming the contractual and legal responsibility for the sale and provision of CRNGS to a retail natural gas customer in this state and having title to natural gas at some point during the transaction.

<u>Competitive Retail Natural Gas Brokerage Service</u> – assuming the contractual and legal responsibility for the sale and/or arrangement for the supply of CRNGS to a retail customer in this state without taking title to the natural gas.

<u>Competitive Retail Natural Gas Broker</u> - a person who provides retail natural gas brokerage service.

<u>Competitive Retail Natural Gas Aggregation Service</u> - combining the natural gas load of multiple retail residential customers or small commercial customers via an agreement with the customers for the purpose of purchasing retail natural gas service on an aggregated basis.

Competitive Retail Natural Gas Aggregator - a person who contracts with customers to combine the customers' natural gas load for the purposes of purchasing CRNGS on an aggregated basis.

<u>Natural Gas Governmental Aggregator</u> - The legislative authority of a municipal corporation, the board of township trustees, or a board of county commissioners acting exclusively under Section 4929.26 or 4929.27 of the Revised Code as an aggregator for the provision of CRNGS. For the purposes of this definition, "governmental aggregator" specifically excludes a municipal corporation acting exclusively under Section 4 of Article XVIII, Ohio Constitution, as an aggregator for the provision of CRNGS.

V. Application Form: The application is available on the Commission's web site, www.puco.ohio.gov or directly from the Commission at: Public Utilities Commission of Ohio, Docketing Division, 180 East Broad Street, Columbus Ohio 43215-3793.

VI. Confidentiality: An applicant may file financial statements, financial arrangements, and forecasted financial statements under seal. If these exhibits are filed under seal, they will be afforded protective treatment for a period of six years from the date of the certificate for which the information is being provided.

An applicant may file a motion for a protective order for other information not filed under seal per the previous paragraph. If the motion is filed in conformance with rule 4901:1-27-07 of the Administrative Code, it shall be automatically approved on the thirty-first day after the date of filing and the information shall be afforded protective treatment for a period of six years from the date of the certificate for which the information is being provided, unless the commission or an attorney examiner appointed by the commission rules otherwise.

At the expiration of the six-year period provided for in the previous paragraphs, the information will be automatically released into the open record. An applicant wishing to extend a protective order beyond the six-year time period must comply with paragraph (F) of rule 4901-1-24 of the Administrative Code.

VII. Commission Process for Approval: An application for certification shall be made on forms approved and supplied by the Commission. The applicant shall complete the appropriate application form in its entirety and supply all required attachments, affidavits, and evidence of capability specified by the form at the time an application is filed. The Commission certification process begins when the Commission's Docketing Division receives and time/date stamps the application. An incomplete application may be suspended or rejected. An application that has been suspended as incomplete may cause delay in certification.

The Commission may approve, suspend, or deny an application within 30 days. If the Commission does not act within 30 days, the application is deemed automatically approved on the 31st day after the official filing date. If the Commission suspends the application, the Commission shall notify the applicant of the reasons for such suspension and may direct the applicant to furnish additional information. The Commission shall act to approve or deny a suspended application within 90 days of the date that the application was suspended. Upon Commission approval, the applicant shall receive notification of approval and a numbered certificate that specifies the service(s) for which the applicant is certified and the dates for which the certificate is valid.

Unless otherwise specified by the Commission, a competitive retail electric service provider's certificate is valid for a period of two years, beginning and ending on the dates specified on the certificate. The applicant may renew its certificate in accordance with Rule 4901:1-27-09 of the Ohio Administrative Code.

CRNGS (competitive retail electric service) providers shall inform the Commission of any material change to the information supplied in a certification application within thirty days of such material change in accordance with Rule 4901:1-27-11 of the Ohio Administrative Code.

VIII. Contractual Arrangements for Capability Standards: If the applicant is relying upon contractual arrangements with a third-party, to meet any of the certification requirements, the applicant must provide with its application all of the following:
