Case 18-1196-EL-ESS

Mr. James Lynn,  
Attorney Examiner  
PUCO

At this time, I choose to not continue with my claim with the PUCO. I feel it will not be worth my time to pursue this matter with the commission, because damages will not be awarded to me. I feel my claim was just a waste of time for all parties involved. I would have rather been advised to go right to a local court where there could be positive and just outcome. I feel it is very unfair and in just that my family and I must suffer this great financial burden, at the fault of a major utility company (Ohio Edison)

I appreciate all your attention and compassion in this matter. I just wish you could have done more. And hope you and the commission can help steer the utilities to do the right thing in the future.

Kind regards

Brian Menhorn
