RE: Construction Notice
Hyatt-Genoa 138 kV Structure Replacement Project
Case No.: 18-1386-EL-BNR

Dear «ADDRESSEE»:

AEP Ohio wants to let you know about a proposed transmission line project in your area.

The Hyatt-Genoa 138 kV Structure Replacement Project, Public Utilities Commission of Ohio Case No. 18-1386-EL-BNR, involves relocating two structures so the City of Columbus can make changes to an intersection in Orange Township, located in Delaware County.

Construction would take place on the east side of the intersection of Worthington Road/Orion Place and Olde Worthington Road. AEP Ohio Transmission Co. Inc. (AEP Ohio Transco), an affiliate of AEP Ohio is completing the approximately \$450,000 project at the request of the city. Construction begins this fall continues until next March.

We have prepared and filed a Construction Notice with the Ohio Power Siting Board (OPSB). This is required whenever we make certain changes to our transmission facilities, according to Rule 4906-6-01, et seq., of the Ohio Administrative Code. The Construction Notice to construct, operate and maintain this facility is pending before the OPSB. We also are communicating with landowners in the project area.

We ask that this Construction Notice be made available to the public. To obtain an electronic copy of the Construction Notice, or if you have any questions about this project, please contact me at (614) 552-1134 or ecmiller1@aep.com.

Sincerely,

Erin Miller
Project Outreach Specialist

RE: Construction Notice
Hyatt-Genoa 138 kV Structure Replacement Project
Case No: 18-1386-EL-BNR

Dear Neighbor,

You are receiving this letter because our records indicate you own property or live near a proposed transmission line project. The Hyatt-Genoa 138 kV Structure Replacement Project, Public Utilities Commission of Ohio Case No. 18-1386-EL-BNR, involves relocating two structures so the City of Columbus can make changes to an intersection in Orange Township, located in Delaware County.

Construction would take place on the east side of the intersection of Worthington Road/Orion Place and Olde Worthington Road. AEP Ohio Transmission Co. Inc. (AEP Ohio Transco), an affiliate of AEP Ohio, is completing the approximately \$450,000 project at the request of the city. Construction begins this fall and continues until next March.

We have prepared and filed a Construction Notice with the Ohio Power Siting Board (OPSB). This is required whenever we make certain changes to our transmission facilities, according to Rule 4906-6-01, et seq., of the Ohio Administrative Code. The Construction Notice to construct, operate and maintain this facility is pending before the OPSB.

The public is encouraged to comment on this project. You can contact me at (614) 552-1929 or ecmiller1@aep.com. You can also send your comments directly to the OPSB at contactopsb@puc.state.oh.us. Petitions to intervene in the OPSB process can be filed to the siting board up to 10 days following the announcement of the project.

The accompanying map shows the project area. This map should be used only as a general guide due to its reduced scale and limited detail. Copies of the actual Construction Notice, including specific details about the location and construction, are available for public inspection at the following locations:

Delaware County District Library, 84 E. Winter St., Delaware, Ohio, 43015
