**APPLICATION OF COLUMBIA GAS OF OHIO, INC.  
FOR AUTHORITY TO ABANDON SERVICE  
TO TWELVE PREMISES IN  
HOCKING AND VINTON COUNTIES, OHIO**

---

Now comes Columbia Gas of Ohio, Inc. (hereinafter "Columbia") and files its application, pursuant to R.C. §§ 4905.20 and 4905.21, for authority to abandon retail natural gas service to twelve premises in Hocking and Vinton Counties, Ohio. In support of its application, Columbia states that:

1. Columbia is a natural gas company and a public utility within the meaning of R.C. §§ 4905.02 and 4905.03, and is therefore subject to the jurisdiction of the Commission.

2. Columbia and its corporate predecessor have provided retail natural gas service via farm taps to premises through a direct tap on Columbia Gas Transmission, LLC's (hereinafter "Columbia Transmission") Line R-501, which is a high pressure, interstate transmission pipeline. Such service has been provided as partial consideration for a right-of-way, which permitted the pipeline to cross said premises.

3. Columbia Transmission has informed Columbia that a portion of Line R-501 has been abandoned and replaced with new coated steel pipeline. This replacement prompted Columbia Transmission to abandon the farm taps on the lines to be abandoned in Hocking and Vinton Counties.

4. Columbia has determined that it is not economically feasible to maintain natural gas service to the farm tap customers by extending Columbia's distribution system to serve the twelve premises in question. Therefore, Columbia seeks authority to abandon service to twelve premises.

5. The names of the affected property owners and the addresses of the subject premises are as follows:
