I have a hearing scheduled for November 27, 2018 in Columbus, and I am writing to request a telephone hearing in its place. It is hard for me to travel, specifically drive at this point as I have boot on my leg from a recent surgery to my ankle. Driving long distance is difficult and painful at this point. If you need proof of my surgery and or disposition, please let me know, I can certainly provide it. I am in physical therapy and under a physician's care.

Jome M. But
