DOCKETING CASE #: 18-0298-GA-AIR

SUBJECT: Vectren Energy Delivery of Ohio Inc - Protest Rate Case

Please docket the following comments in the case number above.

I am opposed to Vectren's proposed \$35 minimum charge. I don't know how the utility arrived at that amount, but the rate seems excessive. For our household running a natural gas water heater and energy efficient gas furnace, the minimum charge amounts to a significant rate increase for four out of twelve months. We would have no incentive to conserve gas during those warmer months. I would approve a lesser minimum for the provided service convenience. I am aware that our water utility has a minimum charge, as well.

SUBJECT: Vectren Energy Delivery of Ohio Inc - Protest Rate Case

Please docket the following comments in the case number above.

Applying a fixed \$35 rate to every home will have a negative impact on the working poor and seniors living on tight budgets. Many are already choosing between food and medicine. This increase regardless of usage is unfair and prohibitive.
