**DOCKETING CASE #: 18-0298-GA-AIR**

**SUBJECT:** Vectren Energy Delivery of Ohio Inc - Rates & Tariffs

Please docket the following comments in the case number above.

I'm a Dayton, Ohio resident. Vectren has proposed increasing our monthly gas bill by more than \$35 per meter, "regardless of usage." (<https://www.daytondailynews.com/business/vectren-wants-charge-you-monthly-regardless-gas-usage/9wlmQy0prdrswD4fRPZJDJ/>) What amounts to a \$420 price increase annually is ludicrous and can't be borne by our community. As a single-income resident who struggles to make ends meet and doesn't have health insurance, I resent this gouging and ask that you deny Vectren's petition. Thank you

**SUBJECT:** Vectren Energy Delivery of Ohio Inc - Proposed Rate Case

Thank you for your response. I understand there are fixed charges. I just don't agree with it being raised to \$35 no matter the gas being used. That is excessive, particularly since the utilities industry is almost a monopoly. It's not like I can say, I don't like the charge and I am taking my business elsewhere. It's Vectren it nothing. They should have better management and planning and not just add a charge because of their poor financial planning.

Also, the fixed cost should only apply if I use the service. If I use no natural gas for a month, I didn't require their services, so no fee should apply.

**SUBJECT:** Vectren Energy Delivery of Ohio Inc - Protest Rate Case

Please docket the following comments in the case number above.

Please stop these criminals from abusing the working class. I'm already charged enough - gas, water/sewer, trash, electric, property tax, income tax, sales tax. This increase is excessive.

**DOCKETING CASE #:**18-0298-GA-AIR

**SUBJECT:** Vectren Energy Delivery of Ohio Inc - Protest Rate Case

Vectren's proposal to greatly increase the charge for natural gas customers to more than \$35 per month regardless of usage is outrageous. In particular, Vectren's desire for a monthly fixed charge will hurt low income households and fixed income households the most. Senior citizens and individuals that struggle to make ends meet are directly in Vectren's crosshairs with this proposal. In addition, young people with massive student loans and other budget constraints will be greatly impacted by this proposal. We should be helping the economy, seeking to encourage homeownership, and not further burdening individuals that are struggling the most in society. This proposal would have a negative impact on all of those goals. The proposal is extremely misguided and only about Vectren's bottom line.

**SUBJECT:** Vectren Energy Delivery of Ohio Inc - Protest Rate Case

I strongly oppose granting such a large increase on my gas bill. I am on a fixed income and already have to shop suppliers in order to keep costs affordable.
