DOCKETING CASE #: 18-1607

SUBJECT: Ohio Power Company - Regarding PUCO

We are residents of Norwich township in Huron county . We are very concerned that the Industrial turbines will disrupt our safety in our home .

#1 ice throws are possible as the proposed wind turbine is location is very close to our home .

#2 Noise , Apex admits there will be noise

#3 Flicker , which is a definitely is enter our home and property every sunrise .

#4 They will intrude on Doppler radar with misinformation as far as predicting hazard weather in our area .

It just happened in Illinois during tornado .

Frank and Sharon Bishop

Willard Ohio

Please docket the attached in the case number above.

The requirement for public notification was not met in publicizing the public meeting in the Sandusky Register and Norwalk Reflector. The majority of residents near the proposed Firelands Wind project area receive the Attica Hub. In order to properly notify the rural residents of the Bellevue, Monroeville and Attica areas, which will be impacted disproportionately from the industrial wind turbines, The Attica Hub should be the source of public notice.

Deb Hay
Bellevue, Ohio

700 land owners have accepted having turbines out there window .some support renewable energy,some are just striking in rich ,and mostly perty quiet.Quiet thay are when houses are built every .5 mile on land that is not theres to say .farmers are quiet when every 1"s septic goes to the lake and ag gets all the public blame .Please ask yourself and others (for me) --how do you want your power produced, .Mabe like Asian countries produce our goods cheaply at a horrible expence to there enviornment .somewhere else. QUISTION Did the coal companies fund the legislation to set ohio law on setbacks for turbines(I heard
