RE: Construction Notice
Hyatt Station 138-kV Transmission Line Extension Project
Case No: 18-1559-EL-BNR

Dear «ADDRESSEE»:

We want to notify you of a proposed transmission line project in your area. The Hyatt Station 138-kV Transmission Line Extension Project, Public Utilities Commission of Ohio Case No. 18-1559-EL-BNR, will involve installing three steel monopole structures inside of the Hyatt Substation. The substation is located in Liberty Township in Delaware County, Ohio. The purpose of the project is to raise existing transmission lines to allow clearance for future substation upgrades.

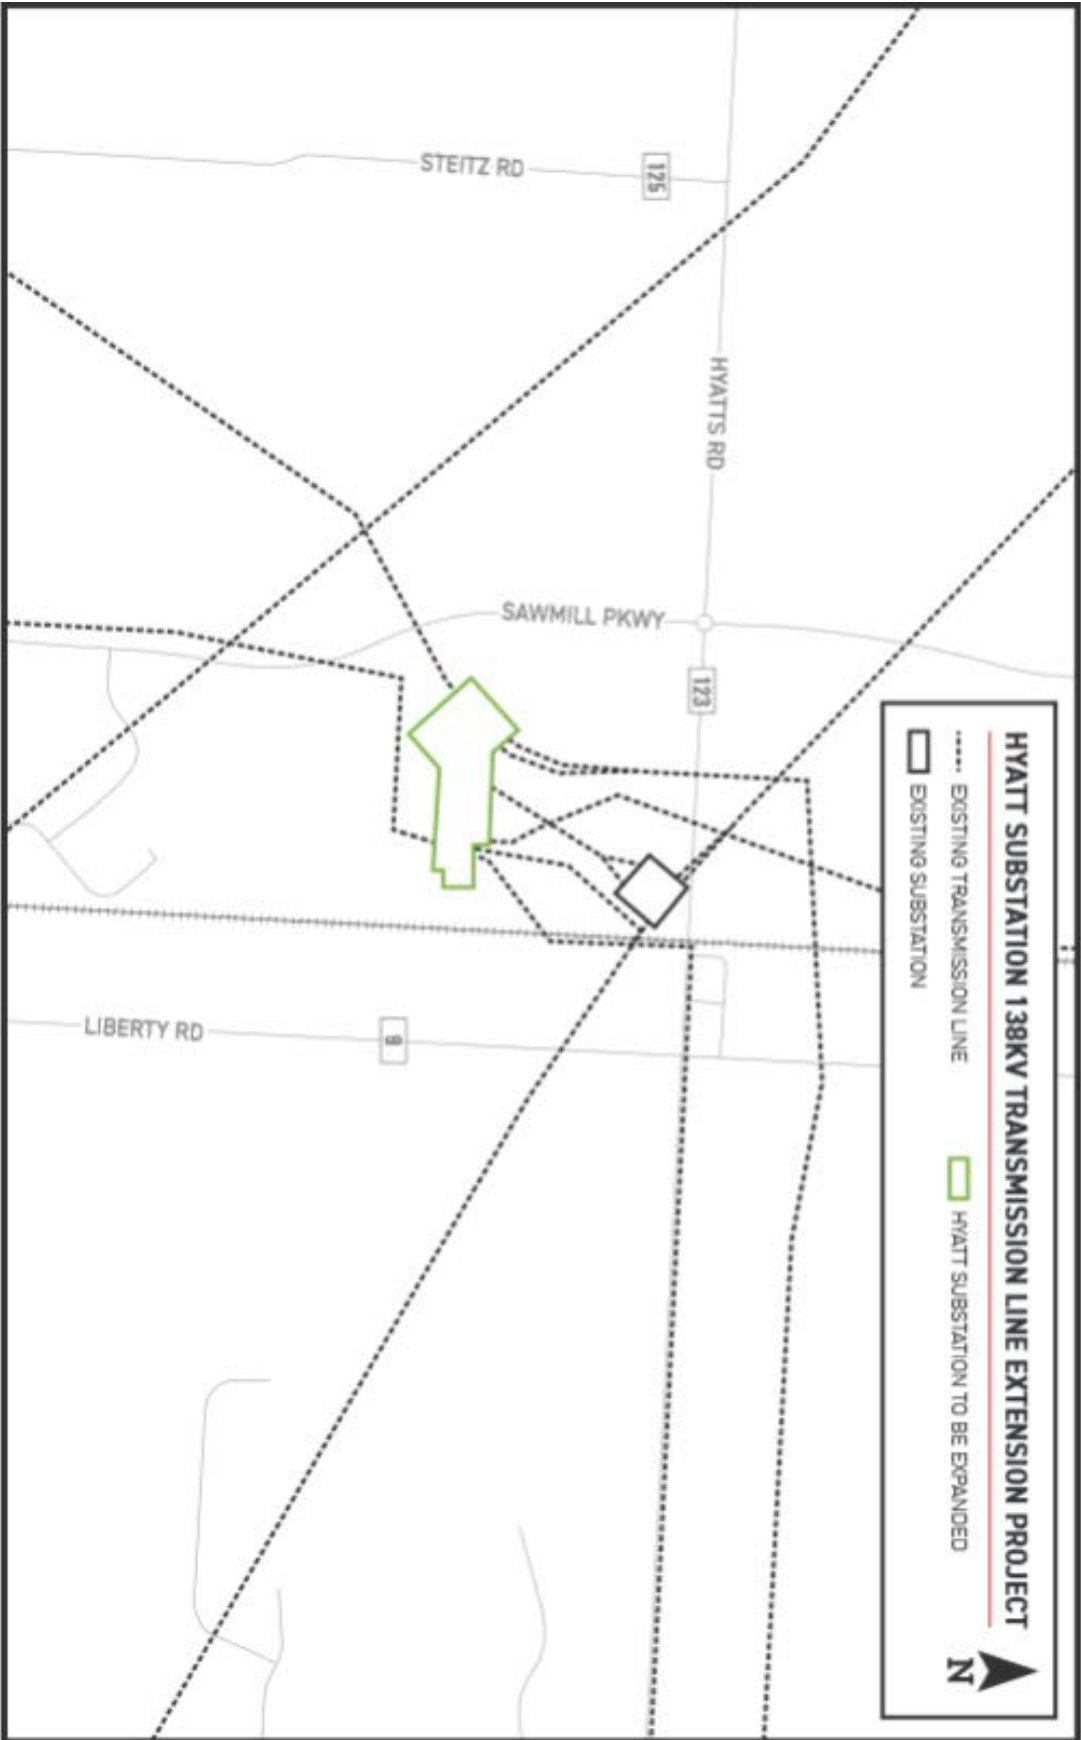

Construction would take place on property owned by AEP Ohio. AEP Ohio Transco is investing approximately \$300,000 in this project. Construction is scheduled to begin early next year and will be complete next spring.

We have prepared and filed a Construction Notice with the Ohio Power Siting Board (OPSB). This is required whenever we make certain changes to our transmission facilities, according to Rule 4906-6-01, et seq., of the Ohio Administrative Code. The Construction Notice to construct, operate and maintain this facility is pending before the OPSB.

We ask that this Construction Notice be made available to the public. To obtain an electronic copy of the Construction Notice, or if you have any questions about this project, please contact me at (614) 552-1134 or jkdemaree@aep.com.

Sincerely,
