DOCKETING CASE #: 18-1205-GA-AIR

SUBJECT: Suburban Natural Gas Company - Protest Rate Case

Suburban keeps increasing their monthly minimum. Their prices are significantly higher than Columbia Gas who is right in the area. They are using the higher rates to build new pipelines, which should be paid for by the new customers or over time. I spoke with Tim McNamara, who is on the Delco water board about this. Delco Water charges a large tap fee (can be 6,000 or more). This way, new customers pay for new infrastructure. Suburban will hook up new customers for free, and is billing existing clients for this. If they want more revenue, they should be charging tap fees. Please stop their increases!!!

Please docket the customers comment in the case number above.
