JOINT MOTION TO DISMISS

Now comes Complainant, jointly with Respondent, and respectfully moves the Public Utilities Commission of Ohio (“Commission”) to dismiss the above-captioned matter, with prejudice, for the reasons stated below.

Complainant and Respondent have reached an agreement to resolve a complaint filed with the Public Utilities Commission of Ohio concerning alleging misconduct by door-to-door sales agents used by third party vendors to solicit sales on Respondent’s behalf.

Prior to the complaint’s filing, Respondent had voluntarily terminated its third party sales vendors and suspended third party sales channels in Ohio for violating its Code of Conduct. As a part of the settlement agreement, Respondent will:

- Continue its voluntary suspension of residential sales channels in Ohio for a total period of twenty-four (24) months and not recommence residential sales until the Commission Staff has reviewed Respondent’s compliance and quality assurance procedures;
- Compensate Complainant for any customers that may have been enrolled with Respondent by the sales agents responsible for violating Respondent’s Code of Conduct; and
- Waive termination fees for customers that may have been enrolled with Respondent by sales agents responsible for violating its Code of Conduct.

Complainant and Respondent have reached a total settlement of the matters raised in the Complaint, and as a result, there is no further controversy pending in this matter. Accordingly the parties move the Commission to dismiss this matter with prejudice.

Respectfully submitted,
