DOCKETING CASE #: 12-2050-EL-ORD

SUBJECT: PUCO - Net Metering

Please docket the attached in the case number above.

Please do not restrict net metering. Please do not remove capacity charges from net metering credits.
Here are four reasons:

1. Distributed generation via net metered installations provides grid stability
2. Net metered installations reduce demand on distribution lines
3. Net metering can eliminate the need for microturbines to meet peaks
4. Capitalism, as it currently functions in this country, does a very poor job of assigning value to human health, environment, and climate change. Net metered installations provide that value.

Thank you for your consideration

Tom Papini
