Re: 18-501-EL-FOR, 18-1392-EL-RDR, 18-1393-EL-ATA

I am an Ohio resident. I believe strongly that there is a need for the 900 MW of renewable energy as argued by AEP Ohio, with the support of many responsible pro-growth, pro-environment organizations.

The need is there because: 1) there is increasing demand for Ohio based clean energy, 2) it would serve as an important pathway to a clean energy economy, & 3) we need increased renewables to attract companies that have clean energy targets. I urge you to recognize the need for the 900 MW of renewable energy.
