Re: Hecate Solar 18-334-El-BGN

I am a retired teacher and concerned Ohio resident. I urge support for the Hecate Solar farm being proposed for Highland County. I urge the Ohio Power Siting Board to grant the necessary certificate, so this important project can go forward. This wind farm will produce important economic gains for the area including increased jobs, and desperately needed money for schools. There will also be improved health benefits, such as decreased asthma cases. I stand with local residents who enthusiastically support this project. Ohio needs renewable energy produced in Ohio, and this will be an important step in that direction. Thank you.
